AMERICAN TOURISTS TAME INDIANS AND MAKE JAZZ JIGGERS OF BEARS

GLACIER PARK, Mont., Sept. 23.—In its invasion of the West, the American tourist army not only has tamed the Indian into a friendly curio purveyor, but gradually brain is showing signs of susceptibility to its modern influences.

Up in the Granite Park region of Glacier National Park there is a black bear that waltzes to jazz music hummed in her ear. It is true the boys and girls give her sweets, too. But then a banjo or two even would stimulate the symphonic movements of the queen of the ball.

They satisfy—clean, pure and wholesome. Eat our chocolates. Lloyd Crocker.

BUDDHIST SCHOOL FOR WOMEN

TOKYO, Sept. 23.—Officials of the Sojoi, head temple of the Sojoi sect of Buddhism, have decided to establish a Buddhist women's university in Tokyo at a cost of 1,500,000 yen. Work will be started early next year, and completed within two years.

the process can be worked out successfully. The discovery would be a boon to Pacific Coast oyster beds, most of which are in Puget Sound and other inland waters of the state, local oyster growers say. So far it has been necessary to import the seed of the bigger oysters from the Atlantic and Japan beds, as the cold water here would kill the spawn at once.

INDIANS FIGHT IN COURTS FOR RIGHT TO USE MESCAL

HELENA, Sept. 23.—Whether the Bible is sufficient authority for the use of mescal in religious ceremonies by the Crow Indians is a question to be determined by the Montana Supreme Court this fall.

Big Sheep, a Crow Indian, was arrested and convicted in the district court for Big Horn county, charged with possession of narcotics. Federal agents found in his possession a sack containing 55 mescal buttons.

Big Sheep explained that he is a leader of the congregation of the Native American church and that the decoction from the buttons is a necessary part of the ritual of the church. State and federal laws say it is a prohibited narcotic. The Indian appealed from the decision of the district court, citing three scriptural references which he alleged as his authority for possession of the buttons and use of the liquor made from them.

These include the second verse of Romans XIV, the seventeenth verse of Revelations II, and the entire chapter of Isaiah LIII.

Big Sheep declares that he owned the 55 mescal buttons before 1923, when the Montana law became effective and that the liquor prepared by steeping and boiling the buttons was taken only in accordance with teachings and doctrines of the Bible and for no other purpose.

FREE STATE TO DEVELOP POWER ON RIVER SHANNON

DUBLIN, Sept. 23.—The electrical project about to be inaugurated by the Free State on the River Shannon will cost in the partial form adopted for its inception approximately \$26,000,000. This includes an additional 15 per cent of the actual cost as interest on the capture during the construction period and the first five years of the working of the scheme. The extension of the supply of electricity continues will bring the total cost to more than \$25,000,000.

While the project was approved in both houses of parliament it was criticized principally because the contract was given to the German firm, Siemens-Schuckert, without competitive bidding.

The government will finance the work out of loans, but no large one is as yet contemplated. The expenditure involved in the scheme will be met as it arises and for the first two years it will

UNITARIANS TO MERGE AT COMING BIENNIAL MEETING

CLEVELAND, Sept. 22.—A call by Chief Justice William H. Taft to the Unitarians of the United States and Canada "to give a demonstration of the devotion of the liberal forces of Christianity to their great cause" is sounded in the announcement of the 21st biennial session of the General Unitarian Conference, to be held in this city October 13-15. Chief Justice Taft has been president of the General Conference since 1915.

On the program for the three days' meeting are Dr. S. Parkes Calman of Brooklyn, N. Y., president of the Federal Council of the Churches of Christ in America; Rev. John Haynes Holmes of the Community Church, New York City; Dr. Samuel P. Capen, Chancellor of the University of Buffalo; Karl de Schweinitz, social worker of Philadelphia; Prof. W. T. Waugh of McGill University, Montreal; and Rev. Charles Francis Potter of the West Side Unitarian church of New York City.

At this meeting the General Conference will be merged with the American Unitarian Association, which gave it birth in 1865 and now absorbs it in a reorganization of denominational machinery. Referring to this merger with the association which began last May's second century of work, Chief Justice Taft says that it embodies the best features of both organizations. He adds:

"One of the principal features which the association is taking over from the conference is the biennial fall session held at points distant from Boston, and devoted to discussion of the spiritual aims of our denominational effort. The biennial conference is increased in importance by the merging of the two bodies. The gathering retains the completely free representative character that has marked its history of more than 60 years, and its self-direction by the right to appoint its own committees of arrangements. Its actions, however, have a greater significance than before, in that they are binding in everything except appropriation of funds, on the reorganized American Unitarian Association, of which it now becomes an official part."

I call upon Unitarians of the United States and Canada to make the first biennial conference of the new and wider fellowship of churches notable in their history, and to give a demonstration of the devotion of the liberal forces of Christianity to their great cause."

The three evening sessions will be devoted to such subjects as the future of Christian liberalism; religion in society and the world of nations. A variety of topics will be discussed under the general subject, "Unitarian Opportunities in the New Century."

All settled ministers and two lay delegates from each Unitarian church in the United States and Canada are entitled to voting privileges at the business session. The Unitarian Ministerial Union, Alliance of Unitarian Women and Unitarian Laymen's League are cooperating.

NEARLY THREE SCORE AND TEN PITTSBURGH TUTOR STILL STUDIES

PITTSBURGH, Sept. 23.—Mrs. Grace C. Haworth, 69, is a firm believer in the adage, "It's never too late to learn." She attended the recent session of the Harvard Summer school, being the oldest of the 2,500 students enrolled. Having completed the course in secondary education she now feels better equipped to perform her duties as teacher in public school here, a position she has filled acceptably 49 years.

Summing up her views of the college life she saw, Mrs. Haworth said:

"It's a fine school, but I don't approve of the young women smoking on the campus. These modern students have too much money to spend and not enough work to keep them busy."

Mrs. Haworth plans to retire from classroom work next year. She thinks she will turn to welfare work, she said.

KANSAS FINDS TWO STATES FULLY REGULATING HOTELS

TOPEKA, Kan., Sept. 23.—Hotel regulation by commissions created solely for that purpose is performed in only two states, Kansas and Florida, Phil E. Zimmerman, hotel commissioner in Kansas, has determined after making a survey of the entire country. The hotel commissions of Kansas and Florida were created by legislative enactment the same year, 1913.

Twenty other states have hotel regulations in some degree, Mr. Zimmerman learned.

"But inspection and supervision of hotels in those states are side-shows for bigger circuses," he said. "Such functions of the state are performed by boards of health, fire marshals, public utilities commissions, welfare boards or other bodies."

Those twenty states are Minnesota, Washington, Wisconsin, Alabama, South Dakota, Kentucky, Idaho, Nebraska, Arkansas, New Mexico, Utah, Oklahoma, Iowa, North Dakota, Tennessee, South Carolina, Montana, California, Vermont and Ohio.

SOUTH MAIN ST. RESIDENCE BURNED THIS MORNING

A frame dwelling, located at 813 South Main street, was destroyed by fire early this morning. The cause for the fire is unexplained, as the building has been vacant for several days, and neighbors had heard no one in the structure. The fuse plugs had been removed from the switch block, so that electrical wiring could not have been responsible, it is stated. The fire apparently started on the roof or in the attic, and burned down. The fire was discovered shortly after 1 a. m., when a dog belonging to a neighbor, began barking and howling and aroused his owners. The fire department found the blaze to be a stubborn one, and three lines of hose were run from the pumper under high pressure before the fire was extinguished. The home belongs to the estate of Mary E. Wilson, deceased. Her son, Archie Llewellyn, is the administrator of the estate and has not yet been located. The balance was insured for \$800 according to James Goodman, of the firm of Quine and Goodman.

The building had been standing vacant for much of the time in recent months, and had been unoccupied for more than a week. A small amount of furniture had been left in the house, but nothing of any great value. The structure is a total loss.

MAN WANTED IN COQUILLE ARRESTED IN THIS CITY

Douglas Cotton, wanted in Coquille on a charge of jumping a board bill, was arrested in this city last night by Deputy Sheriff Hodgson. Information was received from Coquille, where it is claimed Cotton defrauded an innkeeper, and his arrest was requested. He was found employed in a local garage and was taken into custody. A Coos county officer came to the city last night and took him back to that county to answer to the charge.

PIRATES WITHIN ONE VICTORY OF LEAGUE PENNANT

(Associated Press Special Wire.) NEW YORK, Sept. 23.—Clutching of the national league pennant over Philadelphia was possible for the Pittsburgh Pirates today as a result of triumph over Fletcher's Club yesterday 14 to 4.

While the senior league leaders were gaining a half game on the running up Giants, the champion Senators in the American league were moving up a full game on the Athletics as a result of a 3 to 2 triumph over the Indians. Defeat for the Mackmen 1 to 0 at the hands of the St. Louis Browns increased Washington's lead to eight and one-half games and necessitates the Senators winning only three of their 11 remaining games to clinch the flag.

The Pirates boosted their advantage by throwing out a barrage of 19 hits off three Quaker hurlers, two of which were home runs by Hazen Cuyler.

Stanley Coveleskie's twentieth pitching victory of the season, was attended by an incident which may cripple Washington in the world's series.

Stanley Harris, manager and second baseman of the champion, suffered an injury to his throwing hand when he was spiked on the middle finger in sliding to third base. He had to retire from the game.

Clark Griffith, president of the Washington club, was doubtful about his chances of starting the post-season classic.

DOMESTIC TROUBLES ARE BLAMED FOR THE STABBING OF GIBBS

Domestic troubles in the family of Hyman Huntley, former resident of Willard, now in Medford on charges of manslaughter in connection with the death of his brother-in-law, J. J. Gibbs, have been of long standing, according to County Judge George K. Quine, a personal friend of the former resident of this county. Judge Quine is taking a personal interest in the case, and has written Mr. Huntley, promising him such aid as he is able to give. The county judge has been acquainted with Mr. Huntley for a number of years and speaks very highly of him. The trouble which led up to the stabbing affray in which Gibbs was killed, was told to the judge several weeks ago by Mr. Huntley, who came to Judge Quine with a request for advice regarding property interests.

At that time Huntley and his wife were engaged in domestic troubles for which the former billed man blamed his brother-in-law. With a separation pending Huntley sought advice on property settlements, expressing a desire to safeguard the money which he has saved up by years of hard labor.

He was advised by Judge Quine to have a straight talk with his wife, and to endeavor to effect a reconciliation with her, and falling in that to procure a divorce and have property rights adjusted in court.

Huntley, however, is alleged to have become angered at Gibbs' attentions to Mrs. Huntley, and a stabbing affray resulted in which Gibbs' life was taken. The county jury returned a charge of manslaughter.

JAPANESE RADICAL RETURNS TO TOKYO TO FACE CHARGE

TOKYO, Sept. 23.—(A.P.)—After fleeing from Japan to Russia two years ago, at the time the police of Tokyo were arresting large numbers of so-called radicals, Gaku Sano, former Waseda University professor and one of the leading socialists of the country, has returned and surrendered to the authorities for trial.

Mr. Sano made the long journey from Moscow to Tokyo by way of Peking and Shanghai, unaccompanied by the police, who had sought him since May, 1923. As soon as he entered Tokyo he went at once to the office of his lawyer and friend, Keesaya Yamasaki, at Shin-akuradacho, Shiba, and later to the Tokyo District Court where he met Procurator Kuroda, in charge of his case, to offer an apology for his escape.

He asked the procurator to include him among the Socialists whose trials are to come up soon. Upon examination at the office of the procurator Mr. Sano gave some of the details of his escape. He went from Tokyo to Peking, he said, and stayed there a week during which time he obtained permission and credentials for entering Russia. From Peking he proceeded directly to Moscow, without trouble, and there became a
