JOB OF NUMBERING HIGHWAYS IS DONE

(Associated Press Leased Wire.)

WASHINGTON, Sept. 26.—Numbering of the highways of the United States was completed by a sub-committee of the joint board of the American Association of State highways officials and United States officers of the public road here late yesterday. The joint board was appointed by Secretary of Agriculture Jardine. The numbers include:

10—Chicago, Seattle.

20—Boston, Chicago, Yellowstone, Portland.

99—Blaine, Wash., Seattle, Olympia, Portland, Salem, Ashland, Redding, Sacramento, Fresno, Bakersfield, Los Angeles, El Centro to Mexican border.

101—Port Angeles-Astoria, etc., along Pacific coast to San Francisco, Santa Barbara—Los Angeles-San Diego to Mexican line at Tia Juana.

Men's suits cleaned and pressed, $1.50. Roseburg Cleaners, phone 472.

EXCESS RESERVE CLIMBS.

(Associated Press Leased Wire.)

NEW YORK, Sept. 26.—The actual condition of clearing house banks and trust companies, week shows excess reserve of $19,228,740, this is an increase of $34,903,370 compared with last week when a deficit in reserve of $15,674,630 was reported.

WEAK, RUN-DOWN NERVOUS, DIZZY

Mrs. Lee Suffered From All These Troubles, but Lydia E. Pinkham's Vegetable Compound Made Her Well

Terre Haute, Indiana.—"I was weak and run-down and in such a nervous condition that I could hardly do my work. I was tired all the time and dizzy, had no appetite and could not sleep. I tried different medicines for a year but they did not help me. Then my husband saw the ad. for Lydia E. Pinkham's Vegetable Compound in the newspapers and had me take it. I regained my strength and never felt better in my life. It completely restored me to health. I had practically no suffering when my baby boy was born and he is very strong and healthy. I know that the Vegetable Compound is the best medicine a woman can take before and after child birth for health and strength. I would be willing to answer letters from women asking about the Vegetable Compound."—Mrs. WM. J. LEE, Route E, Box 648, Terre Haute, Indiana.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for all these troubles.

For sale by druggists everywhere.

SMITH RIVER RESIDENTS TO FORM DISTRICT

Will Join Umpqua Highway Super District if Given Guarantee for Fixed Amount of Work.

Residents of Smith River, some 35 strong, Wednesday afternoon at a meeting of the Smith River Road association, voted in favor of organization of a road improvement district including all area in the Umpqua watershed, says the Port Umpqua Courier. For the purpose of financing such a proposition, the sum of $150 was subscribed at the meeting and turned over to Emmet Smith, who was elected treasurer.

As an alternative to formation of a road district including the entire Smith River watershed, the association, represented by a committee of not less than five, voted to meet with the prime-movers on the Umpqua Highway Improvement district project, for the purpose of arriving at some agreement as to steps toward construction of a road up Smith river. It was the sense of the meeting that cooperation with the Umpqua highway improvement district whereby bona fide assurance of road construction on Smith river within a reasonable length of time could be received, would be preferable to direct opposition to the Umpqua highway improvement program. However, it was the sense of the meeting if such cooperation of a dependable nature is not forthcoming, that the only alternative in order to protect the community interests would be to form an improvement district including the entire Smith river watershed.

Exception is taken by the residents of Smith river to the fact that the proposed Umpqua highway improvement district takes in 72 sections of the Smith river watershed, all timbered land, and leaves off but 15 sections. The residents there claim that such procedure is not fair inasmuch as it will take all money raised by a millage tax in the district for three years.

Possibility of having market road money diverted to the Smith river route in the event the district joins in the Umpqua highway improvement association, similar to the basis of cooperation at Loon Lake, was brought up by Karl R. Stone. This proposal did not appeal to the Smith river roads boosters, in view of the fact that apparently, as explained they only would get the amount of money voted in millage taxes and no aid of any sort.

L. A. Blackwell, president of the Smith River road association, which was organized several months ago, presided at the Wednesday meeting. H. T. Lewis reported for a committee consisting of J. R. Dailey, Squire Lane and himself. He referred to the map of the projected Umpqua highway improvement district and showed where according to the scheme, 72 sections on the Smith river watershed on which are heavy timber holdings, would be included in the district. He pointed out that 15 sections, property of ranchers, were left off. In substance, he reported that if the Umpqua highway improvement plan goes through Smith river, so far as a road along its shores is concerned, would be "high and dry" without prospects of such development for several years. He proposed formation of a Smith river improvement district including the entire watershed of that river.

As an alternative, he proposed that Smith river join in the Umpqua Improvement District if guaranteed a set program of road work by the county court or the highway commission.

Karl R. Stone informed the members present that he had done his best to bring Reedsport men, especially Jos. Lyons, one of the leaders, to the meeting. He advised that Mr. Lyons had recommended appointment of a committee to meet with himself and Mr. Hubbard at which he felt sure something of mutual benefit could be worked out.

A motion to the effect that Smith river form its own improvement district was made by Burt Roberts and seconded by Oscar Hanson.

A motion was passed providing that members willing to sign up for that purpose be assessed $5.00 each for the purpose of raising funds to finance the road project. Emmet Smith was elected treasurer, after $120 had been taken in.

After that organization work, the meeting decided to authorize the chair to appoint a committee of five to meet with the prime-movers on the Umpqua highway improvement district project. Karl Stone was to arrange for the meeting, planned for Thursday, if possible. Members of that committee are Dave Roberts, Jim Smith, H. T. Lewis, J. R. Dailey and Harry Marks.

It was decided that a committee of between 5 and 10 meet with the county court at the October session to get underway preliminary work for organization of an improvement district in the Smith river watershed. Those appointed to represent the organization are H. T. Lewis, Ralph Westenhiser, J. R. Dailey, Dave Roberts and L. A. Blackwell. Five others may also attend. They are Ray Dailey, Emmet Smith, Squire Lane, Wm. Dailey and Peter Cowan.

After the road matter had been discussed from all angles, the members present heard a few remarks from Karl Stone relative to the proposed inauguration of a Mellowest cheese factory branch here.

Dinner at the Smith river road association road meeting was served by the following ladies: Mrs. Dave Roberts, Mrs. Ernest Koepke, Mrs. Grover Andrews, Mrs. Ralph Pyritz, Mrs. Glen Noel, Mrs. A. E. Jones, Mrs. Duane Peck, Mrs. Ed Haskell, Mrs. Wm. Wroe, Mrs. L. A. Blackwell, Mrs. Henry Marks and Mrs. Harold T. Lewis.

SUTHERLIN WILL HAVE GOOD WATER SUPPLY SYSTEM

After milling along for fifteen years on a "now you have it and now you don't water supply, Sutherlin is to have a real water system, says the Sutherlin Sun. Not only this, but the water will come from a pure mountain stream and there'll be plenty of it.

This was assured last Saturday evening when the city council awarded to A. D. Kern, of Portland, a contract for installing seven and a half miles of eight-inch steel pipe between the concrete dam on the Calapooia river east of town, to connect with the water main at the city limits. Work on this system will probably be started during the coming week, and Mr. Kern promises to have it completed within one hundred days, and he assured the council Saturday evening that so far as possible, local labor would be employed on the work. It is probable that the necessary headworks at the dam will first be installed in order to avoid interference by flood waters during the rainy season now approaching.

In order to install this system, citizens of Sutherlin last spring voted a bond issue of $60,000. After the bonds were voted, complications arose regarding the city's right to appropriate one hundred thousand gallons of water daily from the Calapooia river at the dam. The concrete dam and land abutting were more or less tied up in litigation inherited from the J. F. Luse Co., and in order to establish a water right it was necessary for William Mitcham, city superintendent of water, to pay five years' delinquent taxes on the property and bring suit to establish his title to the land and improvements. Legal complications were adjusted three weeks ago, when Mr. Mitcham received a certificate of title to the property, which a few days later was purchased from Mr. Mitcham by the City of Sutherlin.

This legal procedure, which required some time, was conducted in a most satisfactory manner by Rice & Orcutt, well known Roseburg attorneys, and during its progress all preparations looking to installing the water pipe line were temporarily held up. All obstacles effecting the city's right to divert the water at the dam now being removed, it is necessary that the work will proceed without further delay.

NOTICE TO HUNTERS

SANDE'S SISTER TO CROWN THE WINNER

(Associated Press Leased Wire.)

SALEM, Ore., Sept. 26.—Miss Eva Sande of this place, a sister of Earle Sande, world's premier jockey, has been selected by the Oregon State Fair board to place the floral wreath on the winning horse in the Governor Pierce derby at the state fair races next Wednesday. Miss Sande is a daughter of Mr. and Mrs. John C. Sande of Salem.

NOTICE TO GAS CONSUMERS

Gas will be shut off Sunday, Sept. 27, between the hours of 2 and 4 p. m., because of necessary repairs.

SOUTHERN OREGON GAS Co.

NEW HIGHWAY GUIDES PLACED ON SIDE STREETS

Some time ago Mayor George E. Houck met with the state highway commission, and made a request that Roseburg be furnished with a number of signs directing motorists to the Pacific highway. Although the highway is plainly routed through town, yet many people stray off onto side streets and are unable to find their way back to the highway without going to the trouble of asking for directions. The mayor advocated the placing of signs on a number of the side streets so that motorists would have no trouble in locating the main thoroughfare. His plan met with a hearty approval and the commission agreed to furnish the signs. The city had agreed to install them, but the highway department was so well pleased that they not only furnished the signs but placed them as well, following a conference with the mayor regarding proper locations. Roseburg is now the only city in the state where such signs are in use, but the plan has met with so much favor that it is expected that markers will be put in other cities at once.

Cook with gas.

NEW LOCATION TO BE ESTABLISHED FOR THE REEDSPORT GAP ROAD

Arrival in Reedsport the first of the week of two additional government engineers developed the fact that a survey of a water-edge route for the Umpqua highway from the dyke to Reedsport has been ordered, says the Port Umpqua Courier. The purpose of the survey is to determine whether the alignment of the road can be straightened out at the same or less cost of construction, says the Port Umpqua Courier.

Engineer Jackson, recently from the U. S. reclamation service, and Engineer Zimmermann, recently employed by the Ladd estate of Portland, are the new government men here.

One of the engineers is supervising the work of graveling the highway. This work, being done by the Umpqua Gravel company of Reedsport. Fine progress is being made. An average of 100 yards of material is distributed daily and it expected within a short time to double that production.

When work starts on the section from the dyke to the slaughter house, engineers pointed out travel will necessarily be stopped on the road. They have made the suggestion that provisions be made for ferrying from Reedsport to the dyke. It is desirable to have winter travel on the newly graveled road, they explained.

School supplies—tablets, pencils, pens, ink, pen points, Palmer and note book paper, Lloyd Crocker.

AMERICAN RESCUED.

(Associated Press Leased Wire.)

PEKING, Sept. 26.—Dr. Harvey J. Howard of the Rockefeller hospital, Peking, kidnaped by bandits in July, has been rescued.

Dr. Howard, a specialist in eye diseases, was captured by Chinese brigands while visiting the ranch of Morgan Palmer, another American, on the Sungari river, in Manchuria. Mr. Palmer was killed in the fight with the brigands.

Mr. Palmer's mother, Dr. Howard's son, and Herald Baldwin, formerly of Derby, Conn., and his wife and child escaped.

Dr. Howard is a native of Churchville, N. Y., and studied medicine in the University of Michigan. His mother resides in Los Angeles, as does a brother, Horace.

All parties knowing themselves indebted to S. B. Crouch, are asked to come in and make settlement of their accounts as I close my books on October 1st.

S. B. CROUCH.
