

WHAT 1800 FAMILIES KNOW ABOUT ELECTRIC COOKING

THEY will tell you it is a new kind of luxury—one that doesn't cost more to enjoy.

Of course you have always appreciated the advantages of cooking by electricity. You know that it means no more fuel to carry; no more ashes to lug. You know that electricity is the ideal cooking heat; economical because it is turned on when you need it—not before; turned off when you're through—not later.

But perhaps you would like to know exactly what it costs—in dollars and cents. The 1800 satisfied families who now use electric ranges served with electricity by this company would gladly show you their bills, if you could.

We have made an average of these bills, so that we may give you the facts. The average cost of electric lights alone in all homes served by this company in California is \$2.00 a month. The average cost of their electric lights and electric cooking together is \$6.74 a month.

For the difference, could you buy ordinary fuel for cooking? And if you could, would you want to? Whenever you decide to investigate this question of electric cooking closely, your nearest dealer will tell you many interesting things. And he is prepared to install your new electric range at once, on convenient terms.

THE CALIFORNIA OREGON POWER COMPANY

REPORT MADE ON BOY SCOUT CAMP AT WOLF CREEK

The boy scout camp committee met Saturday night and heard the reports of the summer outing at Wolf Creek. Executive Britton made a complete summary of the camp in all its various phases, dealing particularly with the methods of handling the camp. A deficit was shown in the financial accounting, and methods of handling next year's camp were suggested. The report was as follows:

The summer camping season just closed was most successful from every angle. The first camp July 21st to August 4th was attended by 51 scouts and the second from August 4th to August 18th by 24 scouts. During the first camp we had 149 registered visitors. The records of visitors for the second camp were lost but it is estimated that there were about fifty. It was very pleasing to note the appearance of our scout officials in camp.

Program
The following is a copy of the daily program: 6:30, first call; 6:45, calisthenics; 7:00, colors; 7:30, breakfast; 8:30, inspection; 9:00, scoutcraft; 11:00, swim; 12:00, lunch; 1:00, rest hour; 2:00, recreation; 5:00, inspection; 5:50, colors; 6:00, supper; 7:00, games; 8:00, camp fire; 9:15, all to bed; 9:30, all lights out and quiet.

This was varied with feature events such as baseball tournaments, horseshoe tournaments, snowbird camp hike, Upper Wolf Creek hike, hill climbs, snipe hunts, Twin Lakes hike, raids and Sunday morning services. Two hours a day were spent in test work and scout advancement. There were 70 badges, 7 first class and 12 second class tests passed in addition to the 295 tests applying on the second and first class tests. The only punishment meted out to anyone was through the "Mutt" court, a group of the boys themselves, who took all matters in hand concerning violations and dealt out punishment according to the seriousness of the offense.

The food was served army style. Outside of having no baked (fresh) foods it was of excellent quality. The stove and cooking equipment used this year was borrowed from the local National Guard.

There was practically no sickness in camp. What we did have was attributed to too much sweet stuff sent to boys by parents. There was absolutely no hacking or cutting of live trees in camp this year as assembly was encouraged last year. This practice is against all rules in scouting. For the reason that the trees in camp bear scars from last year the executive recommends that a site just opposite the "Old Man of the Mountains," be prepared for future camps.

Camp Account
Receipts \$616.90
Am't due but unpaid 15.50
Total \$632.40
Expenditures \$738.75
A charge of \$9.00 was made to each boy. A deficit of \$76.35 is shown. By way of comparison, Eugene charged each boy \$10.00 straight and showed a deficit of \$256.92. Our understanding with the boys was that they were to pay \$5.00 for the first week and \$4.00 for each succeeding week. In that case a boy paid only \$17.00 for four weeks' stay.

The executive would recommend to the camping committee that a charge of \$10.00 per boy be made for camp next year and that no budget allowance be made for any deficit. Certainly when the people of this community are good enough to make scouting possible for the boys that the boys and their parents should pay their way to camp in full. Such a statement has come from several fathers, who favor this recommendation made in fairness to all parents.

Regarding swimming, no scout was allowed to go into the water before the executive or Mr. Tomlinson were on the job and ready to give assistance in case of an accident in the water.

At least no boys were asked to do any kind of guard duty. The executive, however, made at least three rounds of the tents every night between 2:30 p. m. and 6:30 a. m. This is a precautionary measure.

CUSTOMS OF CIVILIAN KILLING OFF ESKI. MOES, DECLARES DOCTOR

EDMONTON, Alta., Sept. 28.—(A. P.)—Dr. D. E. Scott, who recently returned here after one year at Akhavi, in the delta of the Mackenzie river, predicted that not many years would elapse before the Eskimo would be exterminated by disease through adopting white men's ways of living.

Eskimos and Indians of the Delta are suffering from intestinal parasite attacks, due to eating raw fish, rabbits and other meats, said the doctor, but these are not so serious a problem as cancer and appendicitis, which are becoming prevalent.

Since the Eskimos have been living in cabins and shacks instead of snow houses, as in the olden days, tuberculosis has ravaged them. Ninety per cent of the Delta people had symptoms of tuberculosis, he declared.

both as compared with one month ago and one year ago. There was an increase in demand for credit both at reporting member banks and at the reserve banks. But funds continued available at seasonally low rates. Harvesting of the district's crops proceeded without unusual incident.

Lumber production of approximately 175 mills reporting to four associations in this district exceeded shipments and new orders received of 5-6 and 4-2 per cent respectively during August and was 5-3 per cent larger than during July. The volume of new orders received during August exceeded shipments and unfilled orders at the close of the month were larger than at its beginning. Shipments were 1-9 per cent and orders received one per cent smaller during August than during July. Activity in the industry continued at higher levels than a year ago.

CLAIM ARREST OF STANFIELD NOT FRAME-UP

That Senator Stanfield's arrest in Baker recently, on a charge of drunken and disorderly conduct, was not a frame-up and that the senator was guilty of the charges made against him, is the statement contained in a signed communication received this morning by the News-Review from the headquarters of the Anti-Saloon League in Oregon. The communication is as follows:

United States Senator Robert N. Stanfield was arrested Sunday evening, September 13, 1925, in the Seaside Cafe, Baker, Oregon. The newspapers reported that he was arrested on a charge of drunkenness and disorderly conduct, and that he resisted the officer who made the arrest also that he denied the charges and declared that the arrest was a "frame-up."

Because of the widespread interest in this case and the fact that the dry forces of Oregon were anxious to know the truth, the anti-saloon league had a representative in Baker on the day the Stanfield case was set for trial. He talked with persons present in the Seaside Cafe, Baker, Oregon. The condition of Senator Stanfield, both before and after his arrest, was reported to the arresting officer, the chief of police, and the city attorney of Baker. A number of affidavits were obtained and are in the possession of the anti-saloon league for future reference. The league is satisfied that there was no "frame-up" of the senator.

The league will oppose the candidacy of Senator Stanfield as it will always oppose any candidate whose actions are like his. United States senators virtually make the appointments of federal office holders in their states, and we have found that appointments made by senators who are not personally in sympathy with prohibition are making a mockery of the prohibition law.

We believe that the rising tide of contempt for law and order may be traced, in part at least, to the disregard of the law on the conspicuous positions, and that citizens should openly condemn the violation of law on the part of such men.

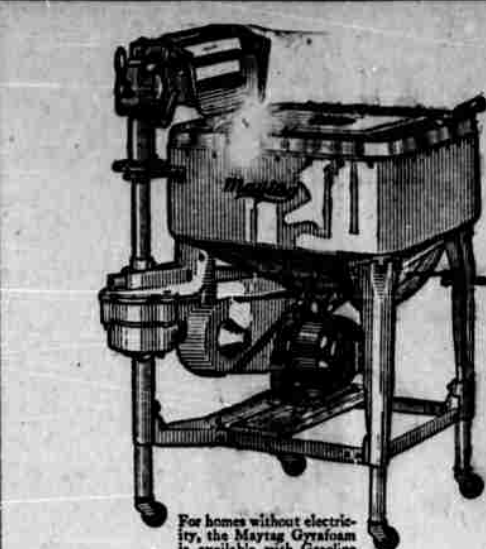

FUNERAL OF LATE W. R. ESTEP HELD AT HARRISBURG

The body of the late W. R. Estep, who was drowned at Harrisburg last week, was recovered Saturday morning, and the funeral was held Sunday afternoon at Harrisburg. Owing to the condition of the body, which had been in the water for a number of hours, it could not be brought to Roseburg, and the services were held at the Christian church in Harrisburg. Rev. Knotts of Eugene, officiating. P. R. Estep, son of the deceased, returned to his home in Roseburg Sunday night. The elder Mr. Estep, a resident of Roseburg, lost his life when the car in which he was a passenger plunged into the Willamette River at the ferry crossing at Harrisburg. Travis Spiller, the only survivor of the fatal plunge, came to Roseburg with Mr. Estep, and joined his mother and other relatives yesterday.

HIGH SCHOOL P. T. A. TO HOLD PROGRAM TUESDAY EVENING

The Roseburg high school P. T. A. will hold its regular meeting on Tuesday, September 29. The program will be featured by short addresses by two high school students, Miss Daphne Light and Mrs. Norman Hees, who will discuss the work of the association from the standpoint of the student, offering suggestions for helping the school. There will also be a vocal solo by Mrs. H. E. Ott, and an address on the topic "Business of Life" by Dr. A. C. Sney. The high school P. T. A. is planning on a very busy season, and will take up a number of projects of helpfulness for the school. The officers are Foster Hutner, president; Mrs. Milton Church, vice-president; Mrs. I. M. Irwin, secretary; and Alice Ueland, treasurer.

For homes without electricity, the Maytag Gyrafoam is available with Gasoline Multi-Motor attachment.

FOR PROOF - Wash with it

Wash with a Maytag Gyrafoam and prove—how in an hour you will wash 50 lbs. of clothes of all weights and textures (twice the capacity of other washers)—how sweet and clean each garment is washed—how it washes collars, cuffs and wristbands without hand-rubbing—how gentle and careful the Gyrafoam is with your delicate under-

things—how thoroughly clean it washes even the dirtiest overalls.

And make one more test—see if any other washer can come anywhere near the astonishing standard of Maytag washing performance. Wash with the Maytag—then wash with any other make for indisputable proof of the remarkable superiority of the Maytag.

Telephone us and we will be glad to bring a Maytag to you. There is no obligation. Call us.

Deferred Payments you'll never miss

ARRIVAL ITALIAN FACISTS STARTS OUTBREAK AT PIER

(Associated Press Leased Wire.)

NEW YORK, Sept. 28.—Cheers of pro-fascists mingled with hisses of anti-fascists when the steamship Duilio, bringing 11 Italian delegates to the inter-parliamentary union conference in Washington,

arrived today. Police and detectives kept the crowd in control until the delegates had been hurried from the pier to their hotel with the aid of a detachment of soldiers.

After the delegates had left the pier and before the crowd had dispersed, an unidentified man said to be an anti-fascist, shot and slightly wounded two fascist sympathizers.

The man escaped. Giacoma de Martino, Italian ambassador to the United States, met the delegates at the pier.

LEAGUE TEAMS IN 1925 FINALE FOR FIRST DIVISION

(Associated Press Leased Wire.)

NEW YORK, Sept. 28.—Keen rivalry exists over third and fourth place stands as the Major League clubs swing into the final week of the 1925 season.

Detroit took a firmer grip on the fourth rung of the American league yesterday by whacking out a 10 to 1 victory over the Yankees in the opener of a double bill. The second game was called after five innings with the score 3-0 on account of darkness. Babe Ruth batted his twenty-second homer of the year, and Bob Meusel his thirty-second. Hirshman of Detroit also stemmed for the circuit. The Tigers drew nearer to third place for the Browns lost to Washington, 8 to 0, leaving St. Louis a leeway of but two and one-half games.

Brooklyn's five-to-four triumph over the Giants was marked by an ovation for Jack Fournier of the Robins by 15,000 fans. He recently declared he would not play with the Robins next season because of vile razzing at home games.

The Braves pulled out of their Western series with five games won and lost by splitting a twin-program with the Cardinals. Boston, however, was compelled to relinquish fifth place to the Robins by two points. St. Louis took the first day, 6 to 5, and dropped the second game, 7 to 6, the latter being called after 7 innings on account of darkness. Rogers Hornsby hit a homer in each game running his season's total to 39.

The Pirates won from Reds, 4 to 3, rain stopping play after five innings.

Laque, Cuban twirler, was found for the tallies in two innings. The Reds held third place against the Cardinals by four games.

Chicago made the Phillies' chances of occupying the National league cellar more certain by landing them a 3 to 1 setback in the final of their series. The Cubs have won 13 out of 22 games with Philadelphia this year.

EDMONTON, Alta., Sept. 28.—(A. P.)—Dr. D. E. Scott, who recently returned here after one year at Akhavi, in the delta of the Mackenzie river, predicted that not many years would elapse before the Eskimo would be exterminated by disease through adopting white men's ways of living.

Eskimos and Indians of the Delta are suffering from intestinal parasite attacks, due to eating raw fish, rabbits and other meats, said the doctor, but these are not so serious a problem as cancer and appendicitis, which are becoming prevalent.

Since the Eskimos have been living in cabins and shacks instead of snow houses, as in the olden days, tuberculosis has ravaged them. Ninety per cent of the Delta people had symptoms of tuberculosis, he declared.

WASHINGTON DOG WINS STAR EVENT AT EUGENE TRIALS

EUGENE, Ore., Sept. 28.—W. R. (OBAX) Wallace, of Eugene, was re-elected president of the Oregon Field Trials Club at the annual meeting held here following the three-day, Western International Field Trials. Other officers named are Charles A. Evans of Salem, vice-president; C. S. Whitmore, Portland, secretary-treasurer; H. H. Everding, Portland, Clark Day, Salem, and John Camp, Corvallis, directors.

La Belle Mohawk, an eager and intelligent black and white setter, owned and handled by J. W. Vaughn of Bend, Washington, won the first Western futurity event of the Western international field trials here yesterday, in one of the greatest and sportiest events of the three-day series. The futurity was regarded as the feature event of the trials and a large gallery was on hand.

La Belle Mohawk competed against Dyke's Phil Essig, owned by O. P. Updyke of Seattle and handled by D. W. Cronse of Oregon City. Dyke's Phil Essig came in second on the finals. Third honors went to Radon Lou, winner of the all-age stake Saturday. The setter, owned and handled by Karl C. Paulson, and Indian Pinto, pointer, owned by Charles McCleary of Olympia, Washington, and handled by Harry Reed, also of Olympia, fought it out for the place. Indian Pinto was greatly handicapped by sore feet, worn raw by the hard ground, but took fourth place.

MOTOR EXCHANGE ROBBED.
The building occupied by Matthews Motor Exchange was entered Saturday night or Sunday, the robbers making their entrance through a rear door. They apparently were seeking repairs for a car, for they stripped a Ford car of timer and wiring and other minor parts, taking nothing else of value.

You can't cheat FATE - but you can PROTECT yourself-

\$5,000 if you die from natural causes
\$10,000 if you die from accident

and in case of permanent total disability the company will

1. Waive all premium payments
2. Pay you \$25 per week for one year; and in addition
3. Pay you \$50 per month for life; and
4. Pay \$5,000 to your beneficiary when you die
5. If disability involves loss of limbs or sight as a result of accident, the company will pay you \$5,000 in cash, immediately, in addition to all other benefits.

[In case of temporary disability, as a result of either sickness or accident, the company will pay you \$25 per week for a limit of 52 weeks.]
