Liberty Theatre

What is said to be the most daring plane change in mid-air was caught by the camera for "The Sky Raider," the Encore Picture featuring Jacqueline Logan and Captain Charles Nungesser, the world's greatest living Ace, at the Liberty theatre tonight.

Daredevil Douglas Cheuvront was especially engaged for this hazardous feat. Flying at an altitude of three thousand feet, Chevront climbed to the top of his plane and stood upon the upper wing with nothing to hold onto and the plane traveling at the rate of one hundred miles an hour. Then the second plane approached and flew directly over him. With a mighty spring Chevront leaped for the other plane, while those on the ground gasped. But once more the famous daredevil was successful, for he just caught the outer corner of the lower wing and, after a struggle, pulled himself up. With his added weight, the plane lurched dangerously and it was a few seconds—which seemed like hours—before the pilot succeeded in righting it. But the intrepid Douglas continued his climb through the slanting fusilage toward the cockpit, for this is what the action of the story called for—and what the camera must record.

As marvelous as was the feat, it is only one of the many thrills with which "The Sky Raider" abounds. After it was over, Captain Nungesser, who brought down one hundred and five planes during the World War, went to young Cheuvront, and, shaking his hand, said, "My boy, I wish that I could have had you with me in the war. You would certainly have made a great name for yourself, and probably have gotten the Croix de Guerre."

Majestic Theatre

Ocean storm scenes, shipwrecks and rescues at sea are the most difficult of all thrilling scenes to capture successfully with a motion picture camera. That is why Irvin Willat began preparations for the filming of his newest Paramount production "Rugged Water," weeks before the camera crank was given its first turn.

This picture, which opened last night at the Majestic was adapted from Joseph C. Lincoln's stirring dramatic story of the New England coast life saving service, and includes two of the most spectacular storm scenes ever attempted by Willat, who gained his first fame as a maker of thrilling sea stories. Recall "Behind the Door?"

Skilled camerawork, in this instance under the care of Al Gilks, who made "The Air Mail" and "North of 36," for doing the right thing at the right time are the requisites in this type of motion picture work, according to Willat.

Antlers Theatre

Two famous characters of the early days are forcibly portrayed in the film version of the construction of the pioneer trans-continental railroad, "The Iron Horse," produced by William Fox and directed by John Ford.

These two old picturesque fighters are "Buffalo Bill" Cody and "Wild Bill" Hickok. The important bearing of these two men on the success of the original venture made it imperative that exact types be procured. It was "Wild Bill" himself who presided over the forces of law and order in the rough and ready town of Benton, where much of the important action of the picture takes place. The great buffalo hunter figured importantly during the long period when the road was under construction.

Wild Bill's original vest-pocket derringer that featured in many of his notorious gun duels is used by the picture play character.

A cast of unusual prominence is headed by Madge Bellamy, George O'Brien, Cyril Chadwick, Gladys Hulette, Will Walling and Fred Kohler. "The Iron Horse" will be seen at the Antlers theatre starting next Sunday, Monday and Tuesday.

FAMILY TROUBLES HEARD IN CONTEMPT ACTION IN COURT

Contempt of court proceedings brought this morning in the circuit court against Lincoln Thrush were dismissed by Judge Hamilton following a hearing in which it developed that Mr. Thrush is unable to pay the amounts designated by the court for the support of his minor children. The suit was instituted by Eliza J. Thrush, who was recently granted a divorce and support money in the sum of $25 per month. From the evidence brought out at the hearing it was shown that only a small portion of the money ordered paid had ever been given, Mrs. Thrush claiming that the man had contributed nothing to the care of the children, one of whom became ill and died.

On the other hand Mr. Thrush proved through his own testimony and that of neighbors, that he was physically unable to do heavy work and that he had paid such money as he could out of the meagre amount earned.

ALL RUN DOWN, NOW HEALTHY

"Honestly, in all my 15 years of experience as a nurse I have never known of a medicine that compares with Tanlac," is the glowing tribute of Nurse M. E. Chappelle.

"Time and again I have recommended Tanlac and always with surprising results. Some time ago my Mother complained of being generally run down and on the verge of a nervous breakdown. She had no appetite, her stomach was disordered, digestion weakened and her bowels were most irregular.

"Tanlac came to her aid at once, brought on a vigorous appetite so that she began to eat with the greatest relish, and made the digestive organs function properly once more. In a short time she was well, happy and strong, and although over 80 years of age she is now vigorous enough to look after her household duties and go out quite a little, too. This is why I praise Tanlac and consider it the best tonic and health builder ever discovered."

What Tanlac has done for others it can also do for you. Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills for constipation. Made and recommended by the manufacturers of Tanlac.

FINAL GAMES WILL DECIDE STANDINGS IN MAJOR LEAGUES

(Associated Press Leased Wire.)

NEW YORK, Sept. 30.—Major league teams are closing the season uneventfully.

Two games are on the schedule today and there was only one game yesterday. The contest, however, restored the determined Boston Braves to fifth place through the defeat of Brooklyn by Philadelphia, 10-4.

Interest tomorrow will turn to the closing struggle of three games between the Browns and Tigers at St. Louis for third place in the American, a peg which Cobb's men held at the close of last season. Detroit must sweep the series to displace Sisler's men, who are now two and one-half games ahead of the fourth place Tigers.

The schedule also calls for Brooklyn and Boston to terminate the race in a fight for fifth place in the national. After a game at Philadelphia tomorrow, the Robins will return to Ebbetts field to meet the Brves on Saturday and Sunday in the final episode of their scramble for the top rung of the second division.

The champions of both leagues are called from home for their curtain series although after finishing a four-game engagement at Boston starting today. The Washington Senators will make their farewell American league appearance in a single contest with the Athletics at the capital on Sunday.

The Pirates wind up in Cincinnati with a three-game series against the Reds starting on Friday.

MASON, EHRMAN CO. SUED FOR BIG SUM BY MEDFORD FIRM

(Associated Press Leased Wire.)

MEDFORD, Ore., Sept. 30.—Suit has been filed in the circuit court in Jacksonville for $14,050 for damages, by the Medford Warehouse company, grocers, with headquarters in Portland as a result of a fire that gutted the warehouse here on the night of October 31, 1923.

The complaint alleges that the Mason, Ehrman company "did negligenly, carelessly, recklessly and without exercise of due care and caution, caused to be stored in the warehouse two carloads of matches, which caught fire causing a damage to the warehouse of $20,000, which was covered by $6,500 insurance." The second cause of action is based upon the alleged damage to a vault used for general storage purposes, in the sum of $250, and the third cause of action is for $300, alleged to have been sustained by the warehouse when the Mason Ehrman company moved and removed a heating plant they had installed.

All parties knowing themselves indebted to S. B. Crouch, are asked to come in and make settlement of their accounts as I close my books on October 1st.

THYE HAS CLOSE CALL FOR TITLE AGAINST WOODS

(Associated Press Leased Wire.)

MARSHFIELD, Ore., Sept. 30.—Ted Thye of Portland, world's light heavyweight wrestling champion of the world, still holds his title today after a match last night with Sailor Jack Woods here after Woods apparently had his belt won. A backward fall with Thye landing on top of Woods, resulting in a rupture for the challenger, after Thye was made groggy by a flying winglock, saved the belt for the present champion. Twelve hundred people, the largest crowd ever attending a sport event here, witnessed the match. Thye won the first fall with a wristlock, his favorite hold, in 38 minutes. Woods came back and with his quick flying winglock took the second fall in 15 minutes. Thye was sickened by the fall and went into the ring the third time a little weak. Woods, confident of the championship, rushed Thye, who after a few tumbles grabbed the ropes. Woods jerked him loose and in the fall backward Woods was injured.

Charles Davis took two falls from Frank Miller of Portland in 31 minutes in the semi-finals.

RIFFIANS STAGE ARTILLERY DUEL WITH SPANIARDS

(Associated Press Leased Wire.)

TANGIER, Sept. 30.—Tetuan, capital of Spanish Morocco, was heavily shelled by the rebel Moroccans, using 75 millimeter guns Monday night, according to advices reaching here today.

The bombardment was directed against the city from the hills to the southeast. The Spaniards admit casualties of seven killed and wounded. Some animals also were hit and buildings were damaged.

The Spanish artillery replied to the Riffian fire by shelling over the town from the hills to the north of Tetuan. Eventually the Rebels guns were silenced. It is not known what casualties were inflicted on the Riffians.

The real bombardment is believed to be a counter move to the Spanish advance from the Alhucemas Bay region on Ajdir, Abd-El-Krim's capital, which is within four miles of the Spanish lines. The Riffians apparently have taken advantage of the reduced garrison defending Tetuan.

The civil population of Tetuan is uneasy as a result of the bombardment. However, the important communications with Ceuta to the north and Tangier to the northwest, have not been affected and traffic on these roads continues normal.

In consequence of the new Riffian threat to the Spanish capital all the Spanish troops on leave in Tangier have been recalled to active duty.

THEATRE GOERS TO SEE FAMOUS PLAY OCTOBER 10

An opportunity to witness "Lightnin'," the famous comedy classic that shattered Broadway's record with its three years' run at the Gaiety theater, will come Saturday, October 10, Antlers theatre, Roseburg.

John Golden has assembled a special "Lightnin'" cast, headed by Thomas Jefferson, for a tour of important cities that might otherwise be compelled to wait two years longer to meet Bill Jones, the flirtatious vaudeville actress, the Reno judge and the other characters who contribute to the mingled laughs and thrills of the most eagerly awaited play of the generation. It is this organization that will introduce the play to this city under the positive assurance of Mr. Golden that it will lack none of the smartness or charm that characterized the Broadway presentations. Winchell Smith, who wrote "Lightnin'" in collaboration with Frank Bacon, has personally staged the production.

Mr. Jefferson, who local playgoers will see as Lightnin' Bill Jones, is a son of the late Joseph Jefferson. He bears a striking resemblance to his father and it was not until Mr. Golden succeeded in placing him under contract that the producer consented to organize the touring company.

Bessie Bacon, daughter of Frank Bacon, will be seen in the role of the vaudeville actress, and Miles McCarthy will play the Reno judge.

Newspaper reviewers have agreed that "Lightnin's" strongest interest lies in the quaint originality of its central character. Bill Jones is a gentle-mannered old mountain truant, and prevaricator not unlike Rip Van Winkle, and it is a happy coincidence that the character will be introduced here by a son of Rip's beloved creator.

Mail orders for "Lightnin'" will be filled on October 3, if the order received.

PRISONER IN COUNTY JAIL MAY BE GOING INSANE

Fears that Ernie Oleson, a young prisoner in the county jail, is suffering mental derangement from the effects of his confinement are entertained by county officers who are investigating the young man's condition. Oleson refuses to submit to an examination, and will not speak to the officers or answer any of their questions. Other prisoners, however, complain of Oleson's actions, saying that he is subject to hallucinations and acts queerly.

Oleson was arrested in company with William Wade at Oakland The two young men were apprehended, it is claimed, in an attempt to rob the Bridges general merchandise store. They were placed in jail following inability to furnish bail in the sum of $1,000, and were being held for the grand jury. Wade recently escaped and has not yet been located.

Get Rid of That Backache!

SCOTCH PLAIDS TO EMBELLISH PLANTS OF MEN IN SPRING.

(Associated Press Leased Wire.)

CHICAGO, Sept. 30.—Suspenders will replace belts, trousers will be plaited at the top, waistcoats will be double breasted with lapels and coats will be single-breasted next spring.

Such is indicated at a fashion show here under the auspices of clothing manufacturers. Besides, they say, men will usurp some feminine prerogatives.

"Women have long used their clothes as a means of attraction," says one manufacturer, "while men's clothes have only been used as a background."

So, in the spring, men's clothing will be emphasized by brighter colors, with the Scotch plaids entering the general color scheme.
