**COMMUNITY CHEST  
PLAN IS DISCUSSED  
AT MEETING TODAY**

**FIGHTERS WAIT  
GONG OF FIRST  
CARD TONIGHT**

(Continued from page 1.)

At a meeting held in the Chamber of Commerce office this afternoon, plans were discussed for the raising of a community chest fund in Roseburg. The civics committee was headed by L. L. Crocker, who as president of the Chamber of Commerce acted as chairman. Other members of the committee consisted of George K. Quine, county judge, George E. Houck, mayor; T. H. Ness of the Umpqua Chiefs; O. M. Berrie of the Umpqua Post, American Legion; J. H. Booth, Rotary club; W. C. Harding, Klwanis club; Senator B. L. Eddy, Dr. B. B. Shoemaker, L. B. Moore, and Roy E. Hartley.

The meeting was called for the purpose of considering and outlining plans for the raising of a community chest fund, which will take care of all organizations doing charitable work in the city. Heretofore each organization has raised its own funds, tiring the residents with innumerable drives and it is now proposed to follow the plan adopted successfully in nearly every other city, and group all of these organizations and raise one large fund to be distributed among them. In the event it is decided to adopt the plan for Roseburg, the civics committee meeting today will appoint the functioning committees to put on the drive.

**THREE MEN ADRIFT  
ARE FINALLY SAFE**

(Associated Press Special Wire.)

PORTLAND, Ore., Oct. 6.—Three men in a rowboat from the Umatilla reef light ship, off the coast of Washington, who were adrift early today, causing the sending of radio distress signals from the light ship, have been rescued. The radio message said that the men had failed to return to the light ship, and as the radio man of the light vessel was in the small boat, the captain of the Umatilla sent out S. O. S. calls in an effort to have coast guard men search for the missing men.

Radio operators at first were unable to receive clear messages from the supposed distressed vessel, and expressed the opinion that some officer unfamiliar with radio was attempting to send out the call in the absence of the regular radio man.

**than three-rounds with no decisions.**

The boxing commission law in its entirety provides for a group of responsible men, who will safeguard the presentation of boxing bouts, having full power to eliminate all objectionable features.

**COAST'S LEADING HOTELMEN GUESTS AT UMPQUA HOTEL**

All net receipts from each competition are to be placed in a civic emergency fund, which shall be controlled by the mayor and council, and of which the city treasurer is to be custodian. No money shall be paid into this fund, however, until a sinking fund of \$500 has been established in the name of the commission, which may be disposed by the secretary of the treasury.

Boxing bouts shall be of not more than 10 rounds in duration, rounds consisting of not more than three minutes, with intermissions of one minute. The commission, however, may reduce the number of rounds for preliminary bouts.

Gloves shall not be lighter than six ounces for boxers under 135 pounds in weight, and eight ounces for boxers over 135 pounds. The law prohibits bouts on Sunday.

Referees and officials are to be appointed by the commission, and no member of the commission, official or referee shall be a manager of any boxer, and is prohibited from making a wager on the outcome of any bout, such action causing him to become liable to removal.

The boxing commission law, it is expressly provided, does not apply to the conduct of boxing bouts by fraternal organizations, which bouts are not to be of more
