## Takes LESS Room—Does TWICE the Work

25 inches of floor space is all that's needed for the Maytag! Fits snugly in a corner—more compact than you thought a washer could be.

Still, it washes 50 lbs. of dry clothes an hour—just twice as much as ordinary washers. You know what THAT means to YOU on washday.

Delicate silks—fine linens—heavy blankets—crusty, greasy overalls, all spick-span-clean! You know too, how hard it is to clean wristbands, collars and cuffs—yet the Maytag washes them immaculately without a bit of hand-rubbing.

The secret lies in the exclusive Gyrafoam principle. Imagine a nap-

kin in a pan of rapidly boiling water, tumbled about every which way. Multiply that water tempest many, many times and you have the Gyrafoam in action.

Now you must try this washer right in your home where you can see how carefully, thoroughly, and quickly it will dispose of your wash.

So—do this before next washday. Phone—and have us bring a Maytag to your home. There is no obligation. If the washer doesn't sell itself—don't keep it! That is the Maytag way—the way Maytag has attained world leadership.
