Still at attention, with the players grouped in a semi-circle in front of the president's box, a bugler sounded taps for the late Christy Mathewson, who was buried this afternoon. Attorney General Sargent and Frank W. Stearns of Boston were in the president's party, while behind the party sat Secretary Kellogg and Commissioner Landis.

Secret service men brought a batch of robes to keep the president and Mrs. Coolidge warm.

After the players had been photographed by a battery of photographers and returned to their dugouts, the umpires discussed the rules with the rival managers. Then the police began to clear the field of cameramen and some spectators and after the batteries had been duly announced, Umpire McCormick called the Senators to the field.

Bluege May Play Sunday.

GRIFFITH STADIUM, Washington, Oct. 10.—Ossie Bluege, "beaned" third baseman of the Washington Senators, had a slight relapse and will not play today, it was announced by Manager Harris as his men took the field with the Pirates for the third game of the World Series in a wintry setting.

Bluege was taken to a hospital, Harris disclosed, after an attempt to exercise had brought on some ill effects of the blow he sustained Thursday in the second game when hit by one of Vic Aldridge's fast curves.

Harris asserted he did not believe there was any cause for alarm in Bluege's condition, how-

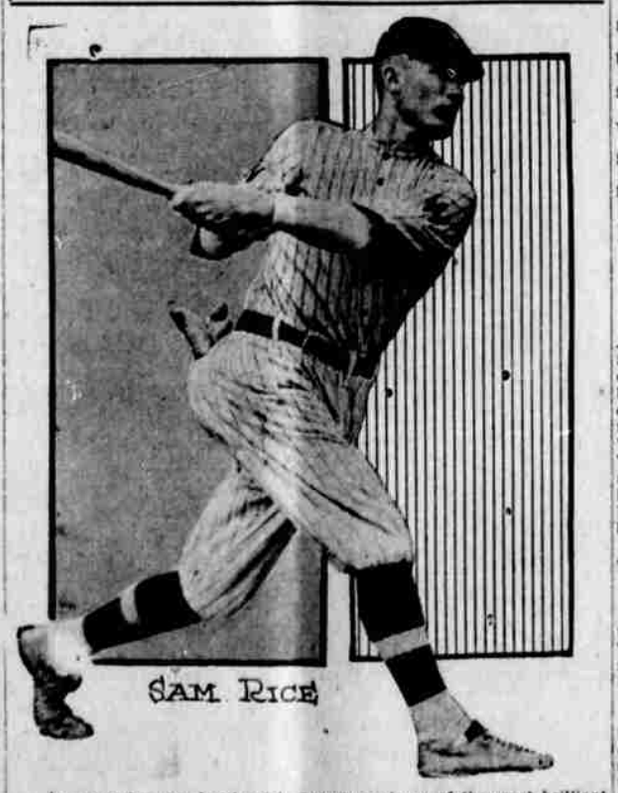
SAVED TODAY'S GAME



In a running, one-hand catch, pronounced one of the most brilliant feats in world series history, Sam Rice, the Washington outfielder, robbed Catcher Smith, of the Pittsburgh Pirates, of what at first appeared to be a home run in the eighth inning of today's game and thereby kept the Senators in their one-run lead, which proved enough to win the game.

Mathewson's Home Town Stills All Activities as Idol Is Laid To Rest

(Associated Press Leased Wire.)

LEWISBURG, Pa., Oct. 10.—This little college town which 25 years ago sent Christy Mathewson forth to win undying fame on the baseball diamond, today claimed him in death as its own. Sorrowing townsfolk set aside the afternoon to accompany the body to its last resting place in the little cemetery on the outskirts of the town.

It was' here, as a student at Bucknell University, that the baseball idol of other years first gained fame as a pitcher.

His body, accompanied by his sorrowing widow, was brought back last night from Saranac Lake, where he died Wednesday night.

Banked high with floral tributes, the body lay in state at the home of his mother-in-law, Mrs. Frank Stoughton. Crowds began to gather in front of the house early in the day and from the time the doors were opened until near the funeral hour, a steady stream of persons filed past his bier.

Thousands sent message of condolence from all parts of the world. Flowers sent from other cities filled two baggage cars.

In accordance with the wishes of Mrs. Mathewson, the funeral services were arranged to be simple. During the services, business in Lewisburg was suspended. Flags were at half staff on the campus of Bucknell university, where Christy Mathewson, Jr. is a student, and on many business houses.

Aggies Blank Gonzaga.

CORVALLIS, Ore., Oct 10. — Coach Schissler's Aggies suffered one casualty in their 2-to-0 victory over the Gonzaga team here yesterday as Robbins, first string end, who made the first touchdown for his team, was taken to the hospital with a torn ligament. Robbins was taken from the game early in the second quarter after a vicious tackle laid him out.

Aggies stock leaped wonderfully since the one sided victory yesterday over a veteran team undefeated for two years. Though the team play was ragged in a number of cases, the Beavers displayed abundance of power in the line, improved tackling and blocking, good offense and defense in the passing game, and an accurate shifty backfield. Their greatest weakness was in punting, averaging but 38 yards in 14 tries to 45 yards for the visitors.

U. S. SENATOR BANQUETED HERE

Senator Robert N. Stanfield and his secretary E. J. Adams, were tendered a banquet in this city yesterday evening at the Hotel Umpqua, which was attended by prominent Douglas county republicans. Hon. A. C. Marsters presided as toastmaster and talks were given by Senator Stanfield, E. J. Adams, A. C. Marsters, George Bacon, Mr. Beals of Riddle, Colonel Day, Judge George Riddle, Guy Cordon and Bert G. Bates. The senator in his talk laid his plans for the future before the gathering and they include a vigorous policy looking to the regaining of the lands taken from the eleven public lands states of the west and their reinstatement on the tax rolls. This would mean much for Douglas county and the republicans of this section are backing Senator Stanfield in his efforts to gain this vast sum of money for the west, including Oregon.

The North Umpqua road came in for considerable discussion and the need of federal aid in putting over this project was explained in detail to the senator.

Senator Stanfield was greatly pleased with the fine reception accorded him here and states that he will do all within his power to secure legislation beneficial to this section of the state.

STATE COMPLETES ITS CASE AGAINST CONVICT MURRAY

Guilt of Slaying Prison Guard Sweeney Seems Proven Beyond Any Doubt.

(Associated Press Leased Wire.)

SALEM, Ore., Oct. 10.—The state in the case of Tom Murray, accused of the murder of Sweeney, prison guard, in the prison break of August 12, rested its case shortly before 3 o'clock this afternoon with the testimony of Dr. R. L. Edwards, prison physician and Deputy Warden J. W. Lilley.

SALEM, Ore., Oct. 10—The prosecution, with the exception of picking up a few loose ends and weaving them into its net of evidence, had practically completed its case in the trial of Tom Murray, convict, for the slaying of Guard James Holman in the prison break of August 12 at the state penitentiary, when court adjourned last night. It had, through the testimony of witnesses, presented to the jury evidence that Sweeney had been killed from a 20-20 revolver fired from behind an oak tree in the front yard of the prison; that Murray had been seen by at least three eye-witnesses of the shooting to have stood behind this tree and fired into the guard tower in which Sweeney was killed with a revolver, and that Murray had admitted in a signed statement dictated to Charles Newman of New Era that in the event Sweeney had been killed by a 32-20 bullet he (Murray) killed him.

Today the state had only eight witnesses left to call to the stand, all of them minor witnesses with the exception of Charles Pilling, Centralia officer, who was instrumental in the capture of Murray, C. R. Craddock, of the Portland police department, Donnegan Wiggins, gun expert, and Miss Blanche F. Barrett, court reporter, who reported an alleged voluntary statement made to District-Attorney John H. Carson by Murray to the effect that if Sweeney was killed by a 32-20 pistol bullet than he, Murray, fired the shot that caused the guard's death.

By stipulation agreed to overnight the defense was this morning granted permission to subpoena three convicts from the state prison as witnesses in the case. The three are Frank Fallon, Dale Arthur and Charles Willis whom, the defense alleges, were in a position on the night of the break to view all of the shooting that went on in the front yard to tell a complete story of what happened.

LLOYD QUICKLY ON WAY TO GALLOWS

DALLAS, Ore., Oct. 10.—W. R. Lloyd, 26-year-old convicted slayer of Clint I. Baun, Independence, Ore., taxi driver, was today sentenced to be hanged at Salem on November 30. Lloyd was found guilty Wednesday. Sentence was pronounced this morning by Circuit Judge Ramsey. The prisoner heard the sentence without comment.

BOOST IN RATES DISCLAIMED BY S. P. OFFICIAL

Fair Dealing Promised in Return for Monopoly in Southern Oregon.

PAST RECORD CITED

Southern Pine Operators With Eyes on Klamath Belt Speak for One Road.

(Associated Press Leased Wire.)

PORTLAND, Ore., Oct. 10.—The Klamath Falls district is in no danger of being held up for high freight rates if the Southern Pacific is allowed exclusive rights there, H. A. Hallmark of San Francisco, general freight agent of the Southern Pacific, testified at the rail hearing today before Director of Finance Charles Mahaffie of the Interstate Commerce commission.

The rates from Klamath Falls to the east over the Southern Pacific, if the company is allowed to extend to a connection at Alturas, Cal., will be no higher than the rates from Bend east over the Northern lines, Hallmark declared.

From Lakeview to the east, the rates will not exceed those from Klamath Falls and Bend, he said.

Hallmark argued that the Northern lines would absorb the entire freight charge by carrying lumber all the way east over their lines, whereas, the Southern Pacific would divide its receipts with other lines.

"Do you thing your line is entitled to an exclusive right in this territory?" queried Attorney Chas. A. Hart, attorney for the Oregon Trunk, subsidiary of the Northern lines.

"Yes," replied Hallmark, "as long as we give satisfactory service."

In support of the contention that the service would be satisfactory, he declared that many Southern pine manufacturers are moving from the South, where they have been dependent on the Southern Pacific for transportation and locating in the Klamath basin where they expect again to be served by the Southern Pacific only.

"Why do you think the Southern Pacific should make a $15,000,000 investment to aid the eastern movement of freight from the Klamath basin," continued Hart, "when an expenditure of $6,000,000 by the northern lines would serve the same purpose?"

"It is not solely for the long haul of lumber to the east that we want to enter the territory?" Hallmark replied.

Hallmark said that his company estimated that within five years the lumber business of the Klamath basin would require 10,000 cars a year. C. N. Huggins, vice-president and manager of the Valley and Siletz railroad, stated his line receives 600 cars annually from the Southern Pacific and that he had never had any trouble with the larger company regarding cars. He declared that when he ships over northern roads ,the Southern company makes no objections.

Geo. H. Kelly Favors S. P.

Robert B. Gould, civil engineer of Bend, was a witness for the Southern Pacific late yesterday. He testified there are 23,000,000,000 feet of timber tributary to the Oregon Trunk at Bend. H. A. Ukley, land operator at Lakeview, said that if the Southern Pacific plans are carried out he will assist in large colonization projects that depend on the railroad development. C. D. Arthur said there are 60,000 sheep on that range near the route of Strahorn lines and the road when projected could be used to transport these sheep from summer ranges to winter shearing with Lakeview.

George H. Kelly, formerly of the Booth, Kelly Lumber company and now president of the Western Lumber company, testified that he had operated 91 mills for the American army in France and at one time owned through his company 1,300,000 acres of timber in the state. He now has a $2,000,000 mill on the Eugene-Klamath Falls line and declared that statements of belittling service by a single line were not true. He said, "a line from Odell to Crane would cross a desert with no traffic and "only two places where you could get a drink of water in 80 miles."

H. C. Hallmark, general freight agent of the Southern Pacific at San Francisco, described the traffic that may be expected by the company's projects and produced a digest of the distribution of shipments of lumber in 1924, showing that most of the lumber consumed was in states where the shortest route would be by the new Southern Pacific lines.
