How to Boost

Our merchants are here to stay. They chose to locate here because they believe in our future. They are not here for a quick "clean up," but with a desire to see a steady growth of the town. Nothing can contribute to the growth of any place like a strong mercantile backing. Our business men to be for themselves must be for our town. You can help them to help the town—you can help yourself by trading at home. And the best of it is, when you keep your money at home—

Things You Need for Fall—

As the chill Fall Days come there is a general need for drugs and toilet articles. This demand comes just as the shortening days and damp mornings with chilly and heavy air are such a marked change from the summer days. Colds and other minor ailments require attention. You will find this store prepared to serve you in detail.
