reach an agreement for the reduction of land armaments, it was said at the White House today, Mr. Coolidge would favor such a step. He believes the United States has little, if anything, to offer in the way of reduction of its land forces, but at the same time holds that any question involving a further limitation of naval armaments could be considered by a conference in this country with greater hope of a successful agreement.

Mr. Coolidge recognizes that no step can be taken by the Washington government in the direction of a naval limitations conference until the interested nations have been sounded out. In the meantime, it was said at the White House, he is willing that the Washington government should do all in its power, without jeopardizing the national interests, to help in the European situation—presumably in effecting an agreement on the question of land forces.

The Locarno pact is recognized by President Coolidge as an exceedingly gratifying convention. He has been informed by Secretary Kellogg that the state department expects within a few days to bein a careful analysis of the document.

The fact that the security pact was drawn by statesmen who had political considerations to keep in mind and that they were able to reach the agreement, is held by the president to be of outstanding importance. For that reason, he contends, it is a step in advance of the Dawes plan, which was arrived at by men who were freed from political consideration and not compelled to think of their own future as they worked.

BULGARIANS AND GREEKS FIGHTING

LONDON, Oct. 20.—An Athens dispatch to the Exchange Telegraph says fighting has been in progress for the last 19 hours on the Greeco-Bulgarian frontier near De Mirhissar. There is no confirmation of this report from other sources.

According to the dispatch, Bulgarians attacked a Greek post near Demirhishar, killing a Greek official. When a Greek captain went out with a white flag, he was shot dead.

A general engagement then developed.

Demirhishar is in Macedona, some 45 miles northeast of Saloniki.

The situation along the Greco-Bulgarian border was reported tense early in August in consequence of the assassination of a Greek citizen, Jacques Nicolaides, at Stanimaka, Bulgaria. Greece dispatched troops to her frontier and made a vigorous protest to the Sofia government until the latter denied that there was any campaign on foot for prosecution of the Greeks in Bulgaria and attributed that Nicolaides' death to the act of a criminal.

Dispatches at the time said that between 5,000 and 6,000 Greeks remained in Bulgarian territory and that under an agreement for exchange of minority populations they should leave Bulgaria by October 15, after liquidating their property.

Fire of unknown origin last night did considerable damage to the Jack Roberts home in North Roseburg. Doctor Advised Operation Friend Said Try Lydia E. Pinkham's Vegetable Compound First

St. Paul, Minn. — "I was all rundown from overwork and worry, had no appetite, could not sleep at night, and looked like a corpse. I have six children (five boys and one girl) and did not get any strength after my last baby was born. I was getting worse and thinner everyday. The doctor said I had to go to the hospital, but this I could not do on account of my family. So I went to a friend of mine and told her what the doctor had told me and she said, 'Now do as I tell you. Try Lydia E. Pinkham's Vegetable Compound as I have done. It helped me.' So I started taking the Vegetable Compound and I noticed after the first few bottles that I felt considerably better. After taking 9 or 10 bottles I got over my fainting spells. Everybody who sees me now notices the great improvement in my health. I am gaining in weight and strength and am feeling fine. Eat well and sleep good nights."—Mrs. MARY WILHELMY, 309 Duke Street, St. Paul, Minnesota.

KIWANIANS AID THE P.-T. ASSOCIATIONS

Presidents of the Parent-Teachers associations of Roseburg were the guests of honor at today's meeting of the Kiwanis club. Each of the presidents made a short talk to the club informing them how the Kiwanians could assist in furtherance of their work in the schools. Mrs. Ackert, president of the Benson P. T. A. and county school superintendent, commended the Kiwanians for their spelling contest which was held here recently. She stated that such contests aid greatly in the scholastic work and she urged a continuance of them. She also asked that the club get behind a health program for the schools and to also become acquainted with the school teachers and establish a relationship with them on a friendship basis.

Mrs. Minter, president of the Fullerton P. T. A., asked the Kiwanians to assist in carrying out the program of their association. One of the objects of the P. T. A. of the Fullerton school is to keep the children at home on school nights. She also asked their cooperation in securing movies for Friday night that will prove of benefit to them. Jobs for the children after school hours was also suggested and she volunteered to secure a boy or girl for any odd job that might be offered.

Mrs. Brown, president of the Rose P. T. A. urged the Kiwanians to join their Parent-Teachers associations and become affiliated in this fine work. She said the associations need the fathers on the membership rolls as well as the mothers. At the present time, two thirds of the membership of the national association is composed of the mothers.

Foster Butner, president of the high school P. T. A. spoke briefly, in which he also urged bigger membership and stressed the point that the men should take an active interest in the school affairs. Mr. Butner outlined the fine work the P.-T. associations are now doing, especially locally, and declared that they were invaluable to any community.

Miss Wickham sang two beautiful solos for the club, accompanied on the piano by Mrs. Arthur Knauss. Roy Catching won the attendance prize, a crate of luscious grapes, awarded by Frank Middleburg.

The committees of the Kiwanis clubs made a report on their visits to the Roseburg schools last week.
