DISTRICT CONVENTION CLOSES

The Union District meeting of the Women's Home and Foreign Missionary society of the Methodist Episcopal church, closed this afternoon after a successful two day's convention, with a good attendance of southern Oregon delegates.

The morning session was opened with devotional, led by Mrs. A. C. Marsters. The address of the morning was given by Mrs. Brock. Mrs. Brock told of personal experiences in missionary work both at home and abroad, and gave a demonstration of the annuity plan, five ladies assisting her in the demonstration. The theme of her talk was of intercessory prayer, in which she gave an outline of plans for local society meetings. An appointment of committees was made and report of missionary work given by the district corresponding secretary, Mrs. Martin closed the meeting with an address on children's work.

The afternoon meeting began with communion, a memorial service for missionaries who have devoted their life to their work, led by Rev. J. Knotts. A report of the branch meeting which took place at Salem last week, was made, and election of officers held. Mrs. A. N. Orcutt gave a vocal solo, with piano accompaniment by Mrs. F. H. Churchill. The convention closed following several fine orchestra selections by Mrs. Young's orchestra.

A GOOD PLACE TO EAT Come to the armory on Saturday, Oct. 24th, and get a quick meal. Given by the Catholic ladies.

CONTRACT IS LET FOR GRADING ON MILL CREEK ROAD

A contract for additional work on the Mill Creek road was let this morning by the county court to Rudolph Harness and Louis Smick. The work is to be done on a unit basis, the court having about \$11,000 left in the fund appropriated for this project. The money will be used for clearing and grading and is expected to complete about a mile and a half of the remaining five miles.

The Mill Creek road is being built on a water grade from Loom Lake to the Umpqua river, following down Mill Creek, a tributary of the latter Umpqua. It will provide a means of communication with one of the most prosperous farming communities of the entire county. The Loom Lake district is now isolated a large part of the year, and even in the summer time can only be reached over a rough, dangerous road where grades are as much as 25 per cent. It was found impossible to put the old road on a satisfactory grade so a new route was laid out up Mill Creek. The district has voted a heavy apportion tax each year and has been assisted by the county court which has assigned market road funds to the project. Six miles of grading has been completed and the contract is now let for an additional mile and a half, which will leave only about one-half mile to complete.

As much of the grading is through rock the contractors will be able to keep a small crew busy all winter. It is hoped to complete the project next year.

ELKTON BRIDGE IS APPROVED BY COUNTY COURT

The Elkton bridge has been completed and was accepted yesterday by the county court. It is a fine structure with three spans and long approaches and was built at a cost of approximately \$25,000. The work was done by Johnson and Peterson, of Portland, who tore down the old steel bridge at Winchester and moved all except one span to Elkton where they placed it on the new piers. The work has been well done and the court is well pleased with the bridge, which affords an outlet for twenty families, who formerly were required to use private ferries. The bridge crosses the Umpqua just above the mouth of Elk Creek.

NAVY ORDERS TWO VESSELS TO SCENE OF SYRIAN REVOLT

WASHINGTON, Oct. 21.—Two American destroyers have been ordered from Gibraltar to Alexandria, Egypt, to remain in readiness there for use in Syrian ports should their presence become necessary for the protection of American lives and property, as a result of the revolt by tribesmen

In that country. Instructions were cabled Vice Admiral Roger Wells, commanding the European squadron, after a request for the ships had been received here from Paul Knabenshue, American consul in Beirut, Syria. State department officials are hopeful that it will not be necessary to move the ships from Alexandria, but in any emergency they would be within quick sailing distance of Syrian ports.

Advises concerning Syrian disturbance show that it centers in the vicinity of Damascus. A high mountain range separates Damascus and the Mediterranean coast and for this reason it is believed the revolt will not spread to the coastal regions to threaten American life or property.

TUALATIN VALLEY TUNNEL VOTED BY MAJORITY OF 168

PORTLAND, Ore., Oct. 21.—The creation of the proposed Portland-Tualatin valley tunnel district was approved at the special election held yesterday. The country precincts overcame an adverse majority of 61 in the two Portland districts involved in the election. A total of 1710 votes, or three-fifths of the number cast, was needed, and the project carried with 168 to 32. The complete unofficial figures were: Yes 1678, no 32.

ROSEBURG STUDIO TO CHANGE LOCATION FIRST OF NOVEMBER

The Roseburg Photograph Studio will be moved about the first of the month from its present location in the Hotel building to new quarters in the Salamat building over the Hat Shop. The work of remodeling the upstairs room to provide for the needs of the photo studio was started today and the room will be partitioned off to provide the greatest efficiency in handling the business. J. H. Clark, proprietor of the studio, stated this morning that the studio's work has grown to such an extent that more space is necessary, making a change of location imperative. The new quarters will front on Jackson street and will have an entrance from both Jackson and Main streets.

STILL CAPTURED

Denny Sheriff W. G. Gubler and City Marshal W. R. Reed, of Reedsport today reported to District Attorney Guy Corbin, that they had located and confiscated a large still, five gallons of liquor and had destroyed a quantity of cash. The still was located in the Scotland district. No arrests have been made up to the present time.

OREGON SQUAD TO BE 100 PER CENT FOR CALIFORNIANS

EGGERS, Ore., Oct. 21.—Sport practice is in order at the University of Oregon for the first time this football season, said Coach Dick Smith is making a final drive to install offensive work into the play of his team. New plays are being tried behind the locked gates, it is hinted, and something special will be in store for Lynn Jones, all eight fellows in the lineup again, after more than a weeks absence, due to an injured wrist. The whole team is in better shape than it has been for this season. There are no alibis for the California game.

BROWN RESIGNS AS PRESIDENT OF HEALTH GROUP

The Douglas County Health Association met last night at the offices of the health unit and spent several hours considering the business of the organization. O. C. Brown, president of the association, tendered his resignation as his residence outside the city makes it difficult for him to carry out the duties which devolve upon him. Glenn Wimberly, vice-president, will continue the business of the association until the regular election which is to be held at a meeting called for Tuesday, October 27.

MEASURES FILED FOR STATE WATER POWER CONTROL

(Associated Press Leased Wire.) SALEM, Ore., Oct. 22.—Ballot titles have been prepared by Attorney-General Van Winkle for two hydro-electric measures, one initiated by the Oregon State Grange through George A. Palmieri, state master, and Bertha J. Beck, secretary; the other by the Housewives Council, Inc., of Portland, through Josephine M. Oltus, Mary A. Dean and Clara A. Simonton.

The measures differ in some respects. The Grange measure would authorize the credit of the state to be loaned and indebtedness without limitation incurred by the state in addition to all other indebtedness for the purpose of providing funds for carrying out the provisions of the act.

ITALIAN VESSEL SINKS AFTER CREW OF 38 IS RESCUED

(Associated Press Leased Wire.) NEW YORK, Oct. 21.—The Italian freighter Ignacio Florio, which sent out S. O. S. signals on Monday night, was abandoned in a sinking condition this morning after the crew had been rescued by the steamship President Harding, the United States line was informed by radio.

DUCKS DYING OF POISON GAS FROM TULE LAKE FLATS

(Associated Press Leased Wire.) PORTLAND, Ore., Oct. 21.—Wild ducks which died in southern Oregon and northern California from a mysterious ailment apparently were the victims of a chemical poison rather than bacteria, said Dr. William Levin, who made examinations of 150 of the ducks at the state public health laboratory here. He said the examinations so far made had failed definitely to determine the cause of the trouble, and that the exact nature of the malady might never be known. Dr. Levin said it had been definitely learned that botulism was not the cause of the duck's illness.

ALL OUT OF SORTS?

So Was This Roseburg Woman Who Tells Her Experience. All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are often to blame for that backache, those headaches, dizzy spells and that tired, depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with these Pills—a stipulated diuretic. This Roseburg case is one of many: Mrs. E. A. Matthews, 508 Short St. says: "My kidneys were out of order and acted irregularly. I also had severe backaches. Headaches were frequent; I became run down and all on of sorts. Dean's Pills from Fullerton's Drug Store soon rid me of the aches and the other signs of kidney disorder disappeared." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Dean's Pills—the same that Mrs. Matthews had. Foster-McBura Co., Mfrs. Buffalo, N. Y.
