A guy rope had been attached to the tree, in order that it would not fall on nearby houses, and was being stretched tightly, when the rope broke. Young Zenor, who was at the end of the line pulling, fell backward into a nearby ditch breaking his lower right arm and receiving chest injuries. Dr. Wade attended the case.

OREGON FOOTBALL SQUAD MAY SPRING SOME SURPRISES

(Associated Press Local Wire.) EUGENE, Ore., Oct. 22.—While California's golden bears were speeding northward to Portland, where they will engage Saturday in a football tilt with the University of Oregon eleven, the Web-footers were preparing for another strenuous workout this afternoon.

Hard drill on new plays is featuring the secret practice of the Oregon varsity, according to the dope that leaks through the cracks and crannies of the locked gates. First the coach, Dick Smith, tells the men of the play. Then they walk through it. Next they snap through it, and then the substitutes are called into action and the varsity tries the play out on them.

Oregon's stock has risen a little with the instigation of secret practice. The fans are at least agitated, and most of them believe that Oregon may spring a surprise or two during the game.

Oregon eleven will outweigh the southerners and the men have just as much experience, declared Bill Reinhardt, backfield coach, after watching the St. Marys-California game last Saturday. Young and Dixon, biggest members of the California backfield, will not weigh more than 170, and the others are much lighter. Oregon's backfield trio, composed of Vitus, Wetzel and Hodgen, will weigh at least 180. While the Bear ends are small, the line from tackle to tackle is composed of stalwarts who are much heavier than the Oregon linemen.

The main problem Coach Andy Smith has to solve is what men to use as he is embarrassed by a multitude of good players. Blewett, Dougery, Jaba, Coltrin and Miller, second stringers a month ago, are now serving regularly, Reinhardt says.

Lynn Jones, because of an injured wrist is not allowed to scrimmage. Jones, Oregon's star line plunger, will not start against the

SPORT NEWS

Middlebury college's football eleven has made a record for leaps from depths to heights. Harvard rolled up 68 points against Middlebury on October 12. Middlebury buried St. Michaels, 61 to 0, a week later.

Next Sunday at City College stadium in New York, Willie Ritola will attempt to lower the American mark for a 10-mile run of 53 minutes, 3 1/2 seconds, made by Hannes Kohlenstein in 1913.

Edouard Mascart who bore the hopes of France to this country some months ago in search of the world's featherweight boxing championship, but failed to establish contact with the title holder, Kid Kaplan, meets Lew Hurley, of New York in a 12-round test in Brooklyn tonight.

Christy Mathewson, Jr., elected director of the Boston Braves yesterday, has not followed his father's footsteps in the athletic realm. He stands high in his classes at Bucknell, is a saxophone artist and is a favorite with the students.

L. L. PATTERSON SEEKS OFFICE OF GOVERNOR

(Continued from page 1.) exactly that which the people commonly understand reduction of taxes to be. I mean by it a reduction of the total sum derived by taxation from all sources. I mean, in short, a reduction in the cost of government.

As an earnest of my purpose to bring about reduction in taxes, I invite a larger responsibility on the part of the Governor for the cost of State government. I shall recommend an amendment to the State Budget Law, and by its terms the Governor shall prepare the general budget of State expenditures for submission to the legislature. Preparation of the budget is now in the hands of the State Board of Control. The State Board of Control is also one of our most important agencies for expenditure of public funds.

I believe the budget making power of the State or any subdivision of the State should be as far removed as possible from the spending power or body. I believe it is a right principle, no

at the expense of the tax payers. Any department of the State, 250 employees of which hold positions by reason of political activity and contributions to campaign funds, and lose them by failure to qualify in this respect, is necessarily extravagant and inefficient. The net result is that the taxpayer is actually paying the campaign expenses of candidates and party organizations.

We have the example of the appointment of six wardens at the penitentiary in a period of six years. No private business could prosper with annual changes of management, no matter how able the managers.

No one can hope for any permanent efficient, economical administration of the penitentiary under this system.

For comparison, take the State Hospital at Salem and Fredonia operated by the State Board of Control. There inmates are mentally deficient and yet the per capita cost at these institutions, from October 1, 1922, to September 30, 1924, was about \$18.25 less per month than at the Penitentiary where most of the inmates are able bodied.

The per capita cost of carrying for prisoners at the Penitentiary as shown by reports of the warden for 1923 and 1924, was \$23.16 per month, or more than the per capita cost of living of the average family in Oregon.

I favor placing the penitentiary under the Board of Control, as it is the only State institution not now under the Board, to the end that the inmates of the penitentiary may depend solely on merit, as it does at other State institutions. That is the only way to remove it from politics. We can then reduce the cost and hope, in time, to make it self supporting.

Also, I favor abolishing the Parole Board and placing the paroling of prisoners under the Board of Control, thus reducing, by one, the already too numerous State Boards.

Further, I favor the Board of Control's acting in an advisory capacity to the Governor in the matter of pardons.

Law Enforcement. I believe in the impartial enforcement of all laws, and, if elected, will work to that end, and will appoint no man to enforce a law which is not known to observe that law.

There are many other matters of vital importance to the people of Oregon that I will discuss in a platform to be issued at a later date.

TO REVIVE BILL FOR VETS MEDICAL CORPS BUREAU. (Associated Press Local Wire.) WASHINGTON, Oct. 22.—Director Hines of the veterans bureau told a meeting of the bureau's medical council today that President Coolidge favored establishment of a veterans bureau medical corps along the same lines as those of the army and navy.

A bill to establish such a corps was passed by the house last year, but was lost in the senate. Another effort will be made at the approaching session of Congress.
