## GREEKS BURN BULGAR CITY OF PETRICH

(Continued from page one).

over the outcome. A cabinet meeting was called at Belgrade, the Jugoslav capital, and at its conclusion the situation was described as most delicate and calculated to cause "a terrible conflagration" if the Greeks advance continued.

In issuing the call for the league council meeting, M. Briand also communicated with Athens and Sofia, asking both governments to be represented at the meeting and requesting them to abstain from further hostilities meanwhile.

A semi-official communique from Sofia declared the Bulgarian government was resting upon its appeal to the league would not reply to the Greek demands, and would "await with confidence the decision of the council."

The Bulgarian legation in Paris also issued a statement denying that Sofia government intended to declare war should Greek troops remain on Bulgarian soil. The statement said it was impossible for Bulgaria to take such action in view of her disarmed state under the peace treaty.

An Athens dispatch this morning said the Greek government had ordered its forces to halt their advance and to make no further move against the Bulgarians unless there was a fresh attempt to attack them. The Bulgarians were said to have evacuated the positions they held on Greek territory.

### K-F HERALD LOSES SUIT.

(Associated Press Local Wire.)  
SALEM, Ore., Oct. 23.—Litigation between the Herald Publishing company of Klamath Falls, as appellant, against the Klamath News Publishing company and city officials of Klamath Falls, appealed to the supreme court from Klamath county, was today decided by the supreme court in favor of the respondents.

The appeal by the Herald Publishing company was from an order of the court dismissing the case by granting a demurrer of the defendants on the grounds that the city of Klamath Falls was a necessary part to the suit.

The Herald company, as plaintiff in the case, sought to enjoin the city officers and the Klamath News Publishing company from entering into a contract for the city printing.
