WAR HORRORS RESULT FROM BURNED CITY

Bulgarian Refugees From Petrich Swarm Roads in Search of Food.

GREEK SHELLS FATAL

Bulgaria Mobilizes Troops to Halt the Invasion, Now Reported 20 Miles Wide.

(By the Associated Press.) Bombardment and invasion of Bulgarian territory by the Greeks have continued notwithstanding steps taken by the League of Nations toward peace.

Just as the world has begun to believe that hostilities along the Macedonian border has ceased and that the warring factions would remain quiet until the council of the league settled the controversy, the Greek artillery late Friday afternoon, loosed a rain of shells against the already sorely stricken town of Petrich and Greek troops advanced further into Macedonia.

The Athens government is of the opinion that the fresh maneuver was made before the Greek commander received the orders to cease hostilities but to remain in the positions occupied by the Greeks until Bulgaria had accepted indemnity to the Greek demand for indemnity and an apology.

Just how far the Greeks have invaded Bulgarian territory has not been definitely established but Bulgarian advisers assert that they have occupied 440 square miles of territory and that in addition they are resorting to veritable pillage, requisitioning wheat and foodstuffs of all kinds from the panic-stricken inhabitants.

From Sofia comes a tale of terror and suffering in the war-ridden territory. Fifteen thousand persons are homeless, and other thousands, men, women, and children, suffering from cold and hunger, are choking the roads in hasty flight to get out of the danger zone. A majority of the fleeing refugees are without food and without hope of securing any and fear is expressed that disease shortly will manifest itself among them.

In the shelling of towns the Greeks are declared to have used long range guns. Three children and four women are said to have been killed by a shell which exploded at the railway station.

The town is a mass of ruins. Frequently during the bombardment terror-stricken peasants along the roadways were heard to ask: "Has it come again—the war?"

League of Nations Intervenes. The council of the League of Nations has taken a hand in the affair. It has been summoned to meet next Monday in Paris to endeavor to settle the strife. In the notification to both Greece and Bulgaria to send representatives to the meeting, it was pointed out by Aristide Briand, president of the council of the league, that under Article XII of the covenant of the league both sides to the controversy must submit their dispute either to arbitration or to inquiry by the council and agree not to resort to war until three months after the award of the arbitrators of the report of the council.

Notwithstanding intervention by the League of Nations, the Greco-Bulgarian crisis seemed to be growing more acute today with new troop movements reported on both sides.

The Greeks, following their advance to Petrich, in the Struna valley are reported to be moving against the Rupel pass, which they claim has been used by Bulgarians as the route for incursions into Greek territory.

Authoritative sources in Sofia say Bulgaria is determined to resist any further advances by the Greeks, determined to make a stand as far as her limited military strength permits.

The Bulgarians are sending a new protest to the League of Nations. The meeting of the league council, which is to inquire into the dispute, is set for Monday afternoon in Paris.

Bulgaria Moves For Defense. SOFIA, Bulgaria, Oct. 24.—Large contingents of Bulgarian troops continue to be sent toward the Bulgarian border, the Bulgarian telegraph agency announces. It considers this as indication that the Greeks intend to enlarge the scope of their present offensive.

The government says that Greeks have pierced Bulgarian territory to a depth of more than seven miles on a 26-mile front. The agency declares that the population is highly excited, and that feeling is growing that a limit

ND CUFFS PAIR CROSS AUTO HOOD MAIN TO SEATTLE

Seattle, Oct. 24.—Deputy Sheriff Robert Gibson here today with two men he captured single handed at Drain, Oregon, 400 miles south of Seattle.

He brought them by himself, handcuffed across the hood of an automobile he seized with them and which they are accused of stealing.

Burglaries totalling \$10,000 in the Pacific Northwest are laid to the men. Gibson performed his feat to avoid extradition and delay.

The captives are Ben E. Lowery, 25, and Alfred Trimble, 46.

A woman under surveillance told Sheriff Starwich of King county that the men had written and asked her for \$5. Starwich sent Gibson to Drain, where he arrested the pair as they stepped into the post office and asked for mail.

Driving the car and keeping one eye on the two men leaning over the hood in front of him, Gibson went to Portland from Drain Thursday. He deposited his prisoners in jail there, and obtained some rest. He came on to Seattle with them last night. Starwich said that Trimble had been convicted twice and Lowery once, and that after a round of trials charges of being habitual criminals will be placed against them.

MITCHELL WILL BE ABLE TO MEET BROWN ON FRIDAY

Injury to Local Boxer Not as Serious as Expected—Much Interest Shown in Coming Card.

Gale Mitchell, local boxer, who sustained an injured ankle Thursday while working at the S. P. shops, will be able to go on with his scheduled bout with Henry Brown on the 30th, it was announced today. Although the ankle was painfully bruised, Mitchell is able to go on with his workouts and as the injured member is not stiffened to any noticeable degree he will be able to enter the ring on Friday.

Promoter Clough states that great interest is being shown in the coming card, which will feature Cal Herman of Salt Lake and Duke Evans of Portland, in the headliner. The brown-Mitchell semifinal is of great local interest, and as both boys are sluggers of the first water, fans are looking forward to an interesting engagement.

The fact that Mitchell's injury is much less serious than had at first been supposed, assuring that this scrap will be pulled off as originally scheduled will be received with pleasure by the fans.

A change in seating arrangements is announced by Mr. Clough. The ringside seats will be reserved for the coming bout, each ticket sold bearing a stub corresponding with the number of the holder's seat. This will save time and confusion and assure good seats for all who secure ringside, regardless of the time they arrive. There will also be more general admission tickets provided for the coming bout.

Because of the interest shown, a good crowd is assured. Another factor which should add to the crowd is that the carnival being staged under the auspices of the Douglas National Concert Band will be on in full swing, which should draw a large number of people to the city.

TWO FANS NEARLY DROWNED AT PORTLAND

(Associated Press Leased Wire.)

PORTLAND, Ore., Oct. 24.—Two men who said they came from Eugene to attend the football game here, but who did not give their names, were rescued from the river here late yesterday after an airplane in which they were riding plunged into the water. They were looking for Pearson flying field, but could not find it on account of fog. They were rescued by the crew of a dredge near which they fell into the water.

Student Badly Hurt.

MULTNOMAH FIELD, Portland, Ore., Oct. 24.—Just before the start of the Oregon-California football game, Al Goss, a Portland boy and University of Oregon student, fell off the grandstand.

Goss is a junior at the University and a member of Beta Theta Pi fraternity.

His left leg was broken in two places, an arm was broken and he may have suffered internal injuries.

NEW DOUGLAS NATIONAL BANK BUILDING OPEN

Congratulations Are Received From All Parts of the State.

FLOWERS ARE GIVEN

Formal Opening of New Bank Structure Attracts Much Interest—Extremely Beautiful.

The Douglas National bank building, one of the best equipped and most beautiful structures of its kind in the northwest, was formally opened today. The bank was visited by a number of leading bank officials from all parts of the state, while congratulatory messages, and flowers poured in all day long. Hundreds of residents of Roseburg and vicinity visited the banks in their new location, and each visitor was presented with an attractive gift.

The building itself is a masterpiece of architecture and art. It is the outgrowth of long years of planning and study on the part of J. H. Booth, president of the Douglas National bank, who has visited banks in all parts of the country and given years of thought and investigation before putting his plans into execution.

The building itself was designed by the firm of Knighton and Howell, architects and the general contractor was A. Palonen. The exterior, which is a beautiful architectural design, is finished in scratch brick and terra cotta. The pillared entrance is a particularly beautiful piece of architectural designing and building, and its impressiveness in a measure prepared one for the striking beauty of the lobby.

The interior finishing work, fixtures and movable furniture were done and installed by the Northwestern Bank Equipment company, under the direction of J. H. Vost president. The actual installation was done by Mr. H. J. Griffith. The plumbing and heating fixtures and equipment were installed by Scott Brothers and the lighting contract was carried out by the Hudson Electric company. Charles Ammann had the decorating contract.

As one enters the spacious lobby the beauty of the place immediately impresses itself before the detail may be grasped. The floors are all of gray Tennessee marble, while the lobby is finished in Breche Violette marble. The woodwork is all of American walnut while the movable furniture is all in the same wood and of attractive styles.

The grilles and wickets are all finished in bronze and glass, with gold lettering and trimmings.

Passing through the main entrance, one finds on his right the quarters of the Douglas National bank. In the southwest corner is the marble enclosed office of the (Continued from page 2.)

Pacific Coast Football Conference Elevens Meet on Eight Gridirons Today

(Associated Press Leased Wire.) SAN FRANCISCO, Oct. 24.—A football clash, calling two of the major elevens into their first conference action, will be served to gridiron patrons on the Pacific coast today. In addition an inter-sectional clash between the Universities of Arizona and Southern California is scheduled at Los Angeles.

California will plunge into the coast conference race with a game against Oregon. The teams meet at Portland. While the Webfooters attempt to repel the Bear invasion, the Oregon Aggies will match strength with Stanford at Palo Alto in another coast conference tilt. It will be the first conference engagement for O. A. C.

Washington is expected to have a comparatively easy time with the Whitman college at Seattle. Gonzaga and Idaho meet at Spokane and Montana and Montana Mines will put on their annual battle at Missoula. St. Mary's college

and the University of Nevada are to lock horns at San Francisco. At Tacoma, Wash., Willamette University of Salem, Ore., will clash with Puget Sound University.

CORVALLIS, Ore., Oct. 24.—Thousands of students unable to see the Aggie-Stanford game in Palo Alto today will gather this afternoon and watch the progress of the struggle on an electric score board in the men's gymnasium of Oregon Agricultural college. A direct wire from the field will bring play by play returns.

By a queer turn of the schedule, "Oregon's best" meet "California's finest" today in the two classics at Palo Alto and Portland while every other coast conference team is either idle or playing a minor opponent. A win for either Oregon team will be a distinct dope upset but opinion is general that the Aggie-Stanford game will be a close fighting affair in which the breaks may decide the issue.

BAND CARNIVAL WILL OPEN HERE ON MONDAY NIGHT

The carnival to be enjoyed here next week under the auspices of the Douglas County Concert Band, will open to the public on Monday night and will show continuously throughout the week, according to J. D. Reilly, general agent, who has been attending the past week in this city attending to all preliminary arrangements. The band is bringing the Western States Amusement company here for a week's stand, and will offer the public an enjoyable carnival entertainment.

The company carries a merry-go-round, ferris wheel, and five good shows, together with numerous concessions, which assures them a liberal remuneration for their work in bringing the company to Roseburg, and in addition a large percentage of the receipts will also be paid to the musical organization.

The carnival will hold forth on the Catholic grounds, which have been procured for the week. The band is made a stipulated quartet, which assures them a liberal remuneration for their work in bringing the company to Roseburg, and in addition a large percentage of the receipts will also be paid to the musical organization.

MAN WOUNDED IN LANE COUNTY RAID

(Associated Press Leased Wire.) EUGENE, Ore., Oct. 24.—As the result of a liquor raid on the Mosby creek road late yesterday afternoon, Ellis "Chink" Williams is in a local hospital seriously wounded. He was shot after engaging deputies in a battle, officers say. Two companions of Williams were also taken.

STARS IN TODAY'S OREGON-CALIFORNIA GAME

over witnessed a local football game was assembled at Multnomah field here play began.

The lineup announced this morning was:

Oregon	Position	California
Smith	LE	Mell
Shields	LT	Sargent
Johnson	LG	Carey
Bailey	C	Miller
Keras	RG	Couper
Mauis	RT	Cock
Anderson	RE	Dougery
Vitus	LF	Blewett
Wetzel	RH	Dixon
Jones	F	Imlay
		Jabs

The officials selected were Varnell, Seattle, referee; Korbell, Umpire; Dolan, Corvallis, head linesman.

YOUTH IN NEED OF DISCIPLINE FROM PARENTS

Home Control Preferable to Court Supervision, Coolidge Says.

SPEAKS TO Y. M. C. A.

Broken Homes and Neglect of Children Sources of World Supply of Criminals.

(Associated Press Leased Wire.) WASHINGTON, Oct. 24.—The present day need of the American youth is "more home control thru parental action," President Coolidge declared today in addressing the forty-second international convention of the Young Men's Christian Association of the United States and Canada.

Mr. Coolidge praised the work of the association as "an effort in the right direction" at a time when there are too many indications that the functions of parenthood are breaking down.

Describing the home as the "cornerstone of the nation," the president declared that control of the nation's youth from this source is preferable "to attempt in some way" to constantly increase "the government's responsibility for the rearing of children."

"Too many people," he continued, "are neglecting the real well-being of their children, shifting the responsibility for their actions and turning over supervision of their discipline and conduct to juvenile courts."

"It is stated on high authority that a very large portion of the outcasts and criminals come from the ranks of those who lost the advantages of normal parental control in their youth. They are refugees from broken homes who were denied the necessary benefits of parental love and direction."

Organization Praised. Reviewing the founding and work of the Y. M. C. A., the president asserted it organizes that "wherever there are young men, there is a field" for its activities, adding that "probably no other lay force asserts so large an influence on the young people."

"It is increasingly true that the hope of the future lies in the youth of the present," he said and serving this truth, the associations, through "countless study circles and in open forums," prepared the youth both for personal betterment and a wiser discharge of public obligations.

"One of the chief characteristics of Christianity is that it is a militant and crusading faith," the president continued. "Those who have become partakers of its inspirations and its consolations have been constantly speaking its truths among their associates. If faith constantly is to maintain its vitality, that work must go on."

Lally Should Not Be Remiss. "It is not enough that there would be action in the pulpits—there must be reaction in the pews. It will not be sufficient to have exalted preaching by the clergy unless there is exalted living by the laity. Your Christian associations represent a special effort to organize and to augment in every field the lay forces and to translate the truths of religion into the life of the people."

The president also valued the Y. M. C. A. as one of the strongest bonds of common interest between Canada and the United States, asserting it has contributed to a "greater harmony of interest between two neighboring nations."

"It is a great instrument for domestic improvement and international progress," he said. Those who provide the American people and their government, "for an alleged failure to assist other peoples and who are making the loudest complaints" on this score, Mr. Coolidge said, probably never took the trouble to "ascertain what we have done and what we are doing."

"It is gratifying beyond measure to realize," he concluded, "how the steady, courageous, generous hand of the real American continues to reach out to those in need. These works stamp America with a continuing effort working for moral regeneration."

LOGGE OUT, CISLER IN.

OMAHA, Neb., Oct. 24.—Resignation of Carl F. Egge, general superintendent of the air mail service and appointment of S. A. Cislser, general superintendent of the Omaha division of the railway mail service, to succeed him, was announced here today.

FOREST FIRE IS REPORTED TODAY ON NORTH UMPQUA

A forest fire on the North Umpqua watershed, about two miles north of the Umpqua highway and on the forks of Fairview creek, was reported today by the lookout at Red Butte. The lookout was sent in yesterday after two fires were reported in the South Umpqua district. It is believed that Ranger Fred Asam is on his way to the new fire, as he was starting up Steamboat creek this morning but did not pass the road camp, so it is believed that he turned off and went to the fire. Another man is being sent in to help him. The Tiller fires are believed to be under control.

FATE OF KELLEY AND WILLOS NOW IN JURY'S HANDS

Closing Arguments Ended This Morning—King Lays Shooting to Excited Guard.

(Associated Press Leased Wire.) SALEM, Oct. 24.—The trial of Ellsworth Kelley and James Willos, convicts charged with Tom Murray with the murder of Guard John Sweeney in the prison break of August 12, went to the jury at 12:14 o'clock today, following a morning of arguments by the opposing attorneys.

Closing for the state, District Attorney John Carson demanded of the jury that in justice to the people of the state of Oregon and in justice to the defendant Murray, already sentenced to hang for the murder of Sweeney, that they return a verdict of guilty of first degree murder without any recommendation for life imprisonment.

The prosecutor attacked the plea of the defense that neither Willos or Kelley participated in the actual killing of Sweeney pointing out that the law requires that all parties to a criminal conspiracy in which murder is committed are equally guilty and susceptible to the same penalties.

"Should these two defendants escape the death penalty meted out to Murray simply because they held back and allowed him to commit the act which opened the way to their liberty?" Carson asked.

"There is no evidence of either of them holding back and refusing to take advantage of the deed he committed."

To the contention of the defense, that neither of the defendants contemplated any killing, or understood that there was to be any violence, Carson countered with quotations of the testimony of Willos and Kelley themselves to the effect that if cornered, they would shoot their way out of the difficulty in which they might find themselves if it threatened their capture.

King Blames Another Guard. Will R. King, for the defense, continued his final argument this morning along the same lines as outlined by him yesterday, and most of his statements this morning were repetitions and elaborations of statements made yesterday.

He sprung a surprise, however, in laying the shooting of Guard Milt Holman to Wright Gardner, another guard, who rushed into the tower and pulled Holman down and outside.

"It is my theory of this incident," said King, "that Gardner was excited, and his testimony shows this, when he entered the tower. That he grabbed a shotgun in the tower, and in his excitement accidentally discharged it, shooting Holman in the elbow."

Opposing Arguments. SALEM, Ore., Oct. 24.—With the state asking verdict of first degree murder carrying the death penalty and the defense pleading that they took no part in the shooting which accompanied the prison break of August 12, in which two guards were killed, the trial of James Willos and Ellsworth Kelley, accused of the murder of Guard John Sweeney, will go to the jury some time during the day.

Allen Carson, special assistant prosecutor in the case, made the opening argument for the state yesterday, afternoon, charging Kelley and Willos to be equally guilty with Tom Murray, already convicted of the murder of Sweeney, in that they were parties to the criminal conspiracy, in which he was killed and declaring that they aided and abetted in the commission of the crime and benefited equally in the matter of securing their freedom from the prison with Murray.

Carson declared the state had proved beyond question that both of the defendants were parties to the conspiracy, and that while the original plan of the convicts might not necessarily have contemplated murder, if executed as planned, it did contemplate shooting if shooting became necessary as

(Continued on page 8.)

MISSING GIRL ALSO VICTIM OF MURDER

Body Discovered in Grave 75 Miles From Place Escort Was Slain.

DOG'S GRAVE NEARBY

Attempt to Conceal Theft Held Motive for Crime—Half-Breed Placed Under Arrest.

(Associated Press Leased Wire.) EUREKA, Cal., Oct. 24.—The body of Miss Carmen Wagner, 18, Fernside beauty parlor proprietor, for whom a posse have been scouring the backwoods and hills near Eureka for many days, was found yesterday in a rudely made grave in an isolated wooded section 75 miles east of here.

The young woman had been shot to death. Her dog, Pronto, shot through the head, was found buried a few feet from where his mistress lay. Henry Sweet, the companion of Miss Wagner on a hunting trip, was found dead beside his parked automobile several miles from the point where Miss Wagner and her dog were found. The finding of Sweet's body several days ago, led to the search for Miss Wagner, and was ended yesterday. The body of Miss Wagner will be returned to Eureka today.

Half-Breed Suspected. Soon after the discovery was made, the posse arrested Walter David, 24-year-old half-breed Indian, unexplained scratches on his face, declared to resemble finger nail marks, were the direct cause of his arrest. Search was under way today for Jack Ryan, 22, half-brother of David.

Whether or not the arrest of David furnished a key to the mystery was not clear today. The finding of her body and the arrest of the half-breed Indian resulted in the creation of a new series of unanswered questions regarding the circumstances which led to the girl's fate.

The authorities believe Sweet was killed for a roll of currency he carried and Miss Wagner and her dog were carried away and shot to death when a search was started and the countryside was being combed for them.

Was taken captive by the man who killed Sweet and held until it was thought dangerous to permit her to remain alive longer? This is the question authorities will endeavor to answer today.

EUREKA, Cal., Oct. 23.—Suspected of the murder of Carmen Wagner, 18-year-old beauty parlor operator of Eureka, and Henry Sweet, her companion on a hunting trip, Jack Ryan, a half-breed Indian was imprisoned early today in a ranch house near Coyote flat, sixty miles south of here. A radio message to the Humboldt Standard, making this announcement, stated that Ryan would be brought to Eureka today.

Walter David, half brother of Ryan, was arrested yesterday near the scene of the murder and is in the county jail here for questioning. Ryan was arrested on a tip that he had fled from the Coyote flat country to Deer Creek, approximately forty miles to the east of the flat. Under Sheriff Ed Reed and four deputies followed on horseback over the brush tangled mountain trails. They reached Deer Creek at 8:30 P. M. and found Ryan asleep in a bunk house of the Northern California Redwood Lumber Company.

The man was excited and nervous when he faced his pursuers and he was brought handcuffed on horseback to the Leland Bryant ranch. Bryant was one of the earlier suspects, but easily cleared himself and the posse made a headquarters of his ranch.

The placing of charges against both Ryan and David will await an autopsy on the girl. The district attorney's office indicated that the charges probably would be murder and criminal assault.

Walter David telephoned here by Coroner Swanson, enroute here from Fort Baker with the body of Carmen Wagner, said an examination disclosed the girl had been shot to death. The coroner and his party are due here this afternoon.

Investigators also reported that tracks had been discovered leading from the spot where the girl's body was found buried to a camp site about 100 yards away in the timber. Ashes of a campfire appeared to be several days old, they said, indicating that the girl had been taken to the spot shortly after Sweet was killed and held there possibly two or three days before being put to death.
