MITCHELL CASE OPENS AT ARMY COURT MARTIAL

(Continued from page 1.)

General Fred W. Sladen, superintendent of the military academy at West Point, N. Y. This form of challenge permitted of no argument and General Sladen was excused. The challenges against Summerall and Bowley were based on utterances of the two generals against the separate air department favored by Colonel Mitchell, and in support of which he used language which led to his court martial on a charge of violating good discipline.

A sharp verbal clash between General Summerall and Representative Frank R. Reid, of Illinois, counsel for Colonel Mitchell, preceded Summerall's request that the court excuse him from further attendance.

Summerall Rape Mitchell. In support of his challenge, Mr. Reid read statements made by General Summerall before the president's air board, and coupled with them extracts from the report of Colonel Mitchell after he inspected the air defenses of the Hawaiian department at that time commanded by General Summerall.

"I have learned for the first time," General Summerall said, "of the emphy Colonel Mitchell has toward me. The report he made is untrue, unfair and ignorant. This is not the place to prove the efficiency of the air service of the Hawaiian department. I cannot sit as a member of this court. I beg the court to excuse me from further attendance."

The court granted the request after a short consultation.

General Summerall's retirement placed Major-General Robert L. Howe, commanding officer of the fifth corps area, at Columbus, Ohio, in the president's chair.

NO TO OPPOSE ALLEGED ILLEGAL PARDON BY PIERCE

PORTLAND, Ore., Oct. 28.—Neither presiding Judge Tucker nor District Attorney Myers has taken official action in the case of Governor Pierce pardon of Ernest Elmhorn, Portland tailor, who was sentenced by Judge Tucker to one year in the county jail, after he had pleaded guilty to a charge of attempting to export \$2,000 from J. P. Rasmusen, local paint dealer, by means of a "Black Hand" letter.

The district attorney said that, although the pardon is void because the Governor failed to consult with either his office or Judge Tucker before granting it, he would let the matter rest with the judge.

Judge Tucker said that while he was convinced the Governor made a mistake, he was not inclined to go further in the case. "I was the judge and I sentenced Elmhorn," said Judge Tucker, "there my duty ended."

LEGION MINSTRELS TO BE FINE SHOW

Rehearsals for the American Legion Minstrel started off with a bang last night, with a full cast present and the large jazz orchestra on hand for the accompaniment. Jack Coyle, the producer, is delighted with the turnout and declares that the Roseburg will witness one of the best minstrel shows ever presented in this section. Some of the best singers of the city will be included in the minstrel circle and the solo-men will be top-notchers. The after-part vaudeville acts will be a feature of the show. The rehearsal will start at 7:30 tonight in the legion club rooms and all members of the cast are urged to be on hand promptly at that time.

OREGON HIGHWAY WORK ORDERED AT STATE BOARD MEET

(Associated Press Leased Wire.)

PORTLAND, Ore., Oct. 28.—The state highway commission today awarded contracts for road work in Eastern and Central Oregon, including the last section of surfacing of The Dalles-California highway.

The commission yesterday ordered a survey by the state of a proposed short route to Tillamook. After this action was taken promoters of a proposed toll road withdrew their application for a franchise for a toll road down the Wilson river.

Mayor Ed Parks, city councilman C. J. Washburn and city engineer Harry Devereaux of Eugene, asked that the commission re-route the Pacific highway through Eugene from Blair avenue to Railroad avenue. The present Blair avenue route had two dangerous railroad grade crossings while the new way contains a paved street and only one grade crossing that is said to be much less hazardous than either of the other two. The request was granted.

The commission adopted the north fork route for the Willamette Valley-Florence highway. This follows the north fork of the Siuslaw river.

The commission authorized the payments to the counties of the second annual installment of the market road funds.

The commission will be purchased and installed along the Pacific highway at Canemah, so that traffic officers, when they wish to test the weight of a truck, can take the carrier directly to the scale and get the figures without having to drive to a town. The scale will cost about \$2,000.

The commission's engineer was ordered to investigate the traffic congestion at Oregon City with a view of opening up Railroad avenue to relieve the jams on Main street. It is also proposed over the hill.

The city of Canby was relieved from any more payments on money due the state for paving the Pacific highway through the city limit.

The cost was about \$4,000, but the town has paid in \$2,000, and is having a hard time to raise funds.

No road improvement bids will be opened at the next meeting of the state highway commission which will be held at Portland December 8 and 9.

POSSESSION OF 27 DEER HIDES RESULTS IN FINE

Charles Parazoo, arrested Monday on a charge of aiding fugitives from justice in escaping arrest, was today fined \$25 on a charge of violating the game laws. In searching Parazoo's cabin yesterday evening, the officers found 27 deer hides and the bucket in which Parazoo is alleged to have carried to Harold Newman and Ira Dumore, who were wanted for an alleged robbery. The boys are being held by the juvenile court, while Parazoo's case is still under investigation.

Her Appetite Triumphed

Max Maretzek, the impresario, had a large repertoire of stories. Henry T. Flack, the music critic, repeats one of them in his new book, "Musical Laughs." Maretzek on a trip from Cincinnati to Baltimore, feeling hungry, bought a big sausage and a loaf of rye bread. Presently Christine Nilsson, in a seat ahead, made fun of him for eating such awful stuff. Max was really humiliated, but he slyly crowded the remnants of his feast into his pocket and, feeling quite comfortable, went to sleep. About two o'clock in the morning he felt a touch on his elbow. "Hush," said Nilsson. "Don't say anybody, but do give me that bread and sausage you put in your pocket."

Plants and Light

All plants require some light. Sunlight supplies the energy which causes chemical reactions to take place inside the leaves. These reactions convert the raw food elements into food elements available to the plant, says a flower magazine. Therefore, such sun-loving plants as geraniums, roses, and azubell, when set away in a dark corner, do not thrive so well as when placed in a sunny window. On the other hand, plants which like a mild amount of sunlight, and this includes pansies, astixidra, ferns and many of the vines, do not thrive if put in a sunny location.
