

RADIO IN NEED OF FEDERAL CONTROL, HOOVER DECLARES

Broadcasters Agree With Secretary and Resolve Against any Limit on Advertising

WASHINGTON, Nov. 9.—Radio, grown to its full stature of a vital force in American life, has developed problems which must be solved with governmental cooperation, Secretary Hoover declared today in an address opening the fourth national radio conference.

More than four hundred delegates, representing national and international interests in the radio field, were on hand to hear the secretary present to the conference, meeting at his call, his views on the vital problem of either congestion by the multiplication of broadcasting stations and suggestions for their solution.

"We must face the actualities frankly," he said. "We can no longer deal on the basis that there is room for everybody on the radio highways. There are more vehicles on the roads than can get by, and if they continue to jam, all will be stopped."

While disclaiming any fixed view as to the best solution, Mr. Hoover declared there must be "federal responsibility in traffic control on one side of the problem and on the other he suggested a large share of control for the community itself as to who shall serve it in broadcasting."

Federal Regulation Urged. "In other words, the ideal situation, as I view it," he said, "would be traffic regulation by the federal government to the extent of allotment of wave lengths and control of power and the policing of interference, leaving to each community a large voice in determining who are to occupy the wave lengths assigned to that community."

The secretary also warned that a growth of "too obtrusive" advertising in connection with broadcasting programs would in the end defeat the best interests of radio enterprises itself.

No Censorship Wanted. On the question of advertising, the views of 3300 members of the National Association of Broadcasters, here for the conference, were expressed in resolutions adopted at a pre-conference meeting last night in which they declared against any limitation of advertising. The public itself is the best judge of what it wants to hear, the broadcasting interests held, and can instantly shut off undesired programs.

The association meeting heard an address by Paul B. Klugh, executive chairman in which he declared governmental control on a basis of limitation was the only thing to save broadcasting from hopeless chaos, but it opposed in the resolutions any form of censorship of radio programs. It also opposed licensing of any additional stations and urged amendment for the copyright laws by congress to end the "chaos" in the relations between copyright owners and broadcasters.

TURKEY CROP TO BE SHORT; PRICE HIGH, FORECAST

PORTLAND, Ore., Nov. 9.—The turkey crop contributing to Portland is smaller this year than usual according to reports from the various producing sections and it now looks like the holiday bird will "hang high."

Idaho turkeys are going to move east. A pool of 10 carloads have been sold to Chicago buyers at prices ranging from 35 to 42 cents. This cuts off part of the supply that usually comes to this market. Douglas and Lane counties report the turkey crop considerably lighter than a year ago. Out of town buyers are coming into Roseburg and Eugene, although it is still early for much activity.

In eastern Oregon, Blaine Rock is expected to ship two carloads between now and Christmas besides several minor express shipments. In this district alone the crop is larger than last year.

Weather conditions have been favorable for the growing birds and a larger percentage than usual will run to No. 1 turkeys.

Today live turkeys are selling around 30 cents a pound in the local wholesale market with dressed birds ranging from 32 to 41 cents, depending on size and quality.

Other lines of poultry are nominally steady.

ILLNESS OF JUROR DELAYS THE TRIAL OF HYMAN HUNTLEY

(Associated Press Leased Wire.) MEDFORD, Ore., Nov. 9.—Owing to the illness of A. R. Brown, of Ashland, a juror in the trial of Hyman Huntley, section crew worker charged with first degree murder, as a result of the fatal stabbing last September of Jesse James Gibbs, in a quarrel over the alleged attentions paid by Gibbs to Mrs. Huntley, a new jury panel was ordered drawn this morning by Circuit Judge C. M. Thomas and a recess taken until this afternoon when the work of filling Brown's place in the box will begin.

It is expected that the remainder of today's sessions will be devoted to securing a new juror, and the opening statements by both sides, and that the taking of testimony will begin in the morning.

L. G. H. S. COPCO RATE VALUE HIGH, TAX VALUE LOW, SAYS PIERCE

(Associated Press Leased Wire.) SALEM, Ore., Nov. 9.—Declaring that the public utility corporations of Oregon are assessed at one value for rate making purposes and a far lower figure for tax purposes, Governor Pierce has issued a statement specially pointing out the results of such a policy as its effects two of the big utilities in the state, the Portland Electric Power Company and the California-Oregon Power Company.

In the case of the California-Oregon Power Company the rate making valuation is placed at \$5,592,159.41, the tax assessment valuation at \$4,050,751 for this year and the approximate basis for actual tax payments under the county ratios \$2,400,000.

Governor Pierce asserts that the net earnings of the two companies on the actual tax assessment valuations for 1924 were more than 15 per cent, although their profits were shown to be under 5 per cent on the basis of their rate making valuations.

FISHER'S PLEASED WITH PATRONAGE

Saturday was a big day in Roseburg, and among the merchants to do a record business was the Fisher store, for many years one of the busy places in Roseburg. For several days Fisher's has been featuring a clearance sale, and the prices offered on all goods in the big establishment have brought buyers from all parts of the Umpqua Valley. Fisher's opened this sale Wednesday, Nov. 4, and it will continue all of the present week, and while the business attracted to the firm since the opening day has been most satisfactory, Saturday was especially pleasing to the management. So many visitors thronged the store on that occasion that despite the fact that extra sales people had been put in only with greatest effort could the eager buyers be served. For a number of years Fisher's has put on these annual sales and the public always looks forward to the events as money savers, as all goods are materially marked down during the progressing of the selling carnival. Fisher's, as usual, had liberally used the columns of The News-Review to acquaint the public with their offerings, and results have justified the publicity given this old reliable store.

COQUILLE JURY ACQUITS HALESS IN MURDER CASE

COQUILLE, Ore., Nov. 7.—J. R. Hales of North Bend was yesterday acquitted of the murder of George Holmes after jury deliberations of 45 minutes. The jurors found that Hales shot Holmes in self-defense, after the latter had pulled a gun and shot at Hales.

The killing followed a row on the night of July 29. Hales declared that he was at the home of Holmes buying some liquor and that during the following few minutes he was reconstituted with Holmes over picking the pockets of a patron of the place.

Holmes was discharged from the Oregon State prison last February.

MICHIGAN FIRM PAYS TWO MILLIONS FOR OREGON FIR.

(Associated Press Leased Wire.) PORTLAND, Ore., Nov. 9.—The Telegram says that sale by the W. H. White Lumber Company of Boyne City, Mich., of the timber holdings of the Tillamook Yellow Fir Company, in western Oregon, was reported today to be near consummation. White was in Portland and Tillamook several days recently and returned to Michigan last Tuesday.

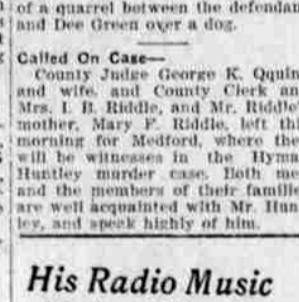

The consideration is said to be close to \$2,000,000. The tract is said to contain one billion feet of high quality fir timber.

Several other timber transactions in the fir belt of western Oregon and in the pine districts east of the Cascade Mountains are known to be under consideration.

SUICIDE BY MAN IS HELD EXPLANATION OF WOMAN'S DEATH

(Associated Press Leased Wire.) OGDEN, Utah, Nov. 9.—Discovery today of the dead body of Leon Rhodes, about 40 years of age, lying about one mile from the place where Mrs. Lillian Jensen, beauty parlor operator, was slain last Friday, is believed by police to clear up the slain woman's mystery. Rhodes, who apparently drank poison, was identified by the slain woman's daughter. She said Rhodes had been an acquaintance of her mother for seven years.

The body of Mrs. Jensen, 43 years old, was found in a thicket in the southern section of the city Saturday. Near the body was a broken hammer and a small sharp knife. The woman apparently had been struck a heavy blow on the head with the hammer and an effort made later to cut off her head with the knife.

To Visit in South.—Mr. and Mrs. Fred Richter leave tomorrow for Los Angeles, Calif., where they will spend a month with relatives.
