### LARGE CROWD AT CHRISTIAN CHURCH REVIVAL CAMPAIGN

Sunday evening the largest crowd of the campaign heard Geo. B. Kellems deliver one of the greatest sermons ever heard in the church. His subject was the "New Testament Church." He showed that the church was established on the day of Pentecost. That about 325 it began to be humanized, and drifted considerably, in after years, from the original pattern. He gave seven ways to tell if a church body is of New Testament, or of human origin.

### TURKEY PRICES TODAY

PORTLAND, Ore., Nov. 16.—Turkey prices are gradually working higher in the local market. Today local wholesale dealers are asking 43 cents on their prime dressed birds that range from 10 to 14 pounds. Quality is an important factor this year and the buyers want only fatter birds as long as they have to pay the price.

That prices will not be any cheaper is now the accepted belief of the produce trade. At the same time few of the dealers are attempting to speculate on such high prices. Most of the houses are attempting to get the country shipments consigned to them and in turn are billing them out at the prevailing price when delivered. Prices on orders for future delivery are being left blank and will be billed at market on day of delivery.

The Roseburg market for turkeys has not yet opened. One dealer stated today that definite prices would not be quoted until the growers were better prepared for deliveries, although he stated that he was now ready to buy at the preliminary prices of 40 cents for the very best birds dressed and 35 cents for second grade. Quotations in other cities were:

Seattle-dressed, 40@42 cents; live 35 @ 37 cents.

San Francisco—Young live, 37@40c; old, 30 @ 38c; young dressed 45@48c; old dressed 39 @43c.
