M. E. CHURCH TELLS SOUTH TO BEWARE AL SMITH'S ENVOY

WASHINGTON, Nov. 16.—Construing the southern trip of Mayor-Elect Walker of New York as a move to obtain the support of that section for Governor Al Smith as "a proposed presidential candidate," the board of temperance, prohibition and public morals of the Methodist Episcopal Church views it as "astonishing, cromentary" and advises the south to "be on its guard."

Assailing Governor Smith and Tammany Hall in general, the board declared in a statement, published today, that it was "exceedingly doubtful if the Democrats would carry a single southern state" under the Smith banner. It is NOT certain, he added, that they "could carry any state at all."

Attacking Mr. Walker's political record also, the board declared the south would be interested to know "of his connection with New York's notorious prize fighting game and with these elements in New York which are doing their best to murder American standards of morality."

CHINESE AIDES OF RUSSIAN FACTION TURN MUTINEERS

TSINGTAO, China, Nov. 16.—Marshal Chang Tso-lin's fifth Shantung division, becoming mutinous, yesterday fired from the rear on the Russian white brigade attached to Chang's forces. It is reported that the majority of the Russians were killed.

Most of the Fengtien Manchurian troops in Shantung are natives of Shantung, and disinterested observers say it would not be surprising if the majority went over to Wu, as the whole population is said strongly to favor the alliance.

The Russian brigade fired on by the mutineers numbered 3,000 and included an armored car party, all the members of which are said to have been killed.
