AMONG OLD FRIENDS

Interesting News of the Doings of Former Roseburg and Douglas County Residents.

MEDFORD—Mr. and Mrs. Elvin S. Crutchfield and son, Jimmie of Portland, are visiting at the home of Mr. and Mrs. Earl C. Gaddie. During their stay here they are meeting many of their old time friends, being former local residents. Mr. Crutchfield spent several years in the city during his school days and is getting much enjoyment in recalling incidents of that time with former schoolmates. For five years past he has been the manager and buyer for several departments of the Olds, Workman and King department store of Portland, but at the first of the year will assume a similar position with the leading department store at Sioux City, Iowa.

COTTAGE GROVE—W. W. Thackrah has recovered in what probably is a unique way an automobile which was stolen six months ago. No trace was ever secured of the car from the time it was taken until Mr. Thackrah received word from Portland that a mortgage he had given on the car was due.

The person who stole the car had taken the car to Portland, had represented himself to be Mr. Thackrah and had given Mr. Thackrah's address, thereby allowing any suspicion as to the car being a stolen one. This smooth way of raising money on the car was also a kindness to Mr. Thackrah, who went to Portland, claimed his car and refused to pay the mortgage which had been illegally placed upon it.

MEDFORD—Died at the home of her son, W. S. Chapman, two miles above Lake Creek, November 16th, Charlotte Chapman, aged 82 years, mother of Bell Bennett of Medford, Samuel T. Calhan of Colorado; Mary Cornett of Riddle, Ore.; Chas. C. Chapman of Talent; Mabel Gurnea of North Bend; Rosa Roper, Petaluma, Cal.; Lucia Bean of Portland and Millie Hill of Seattle, Wash. Remains are at the Center parlors where funeral arrangements are being made.

GRANTS PASS—H. W. Loeff and his brother, Henry Loeff, of Alaska, left this morning for Klamath Falls, where they will spend the next month hunting ducks. Mrs. H. W. Loeff will spend the week in Grants Pass with her parents, Mr. and Mrs. A. B. Corbell. Mr. Loeff, who is now employed at Roseburg with the standard Oil company, spent the past week at the Vancouver aviation field, where he made 18 flights. These were his first aerial trips in America, having done his previous flying in France during the war.

MEDFORD—Miss Gweneith Millege, who had been ill for the past week, has resumed her duties at the city attorney's office, after having recuperated at the home of her parents at Grants Pass.

CORVALLIS—Dr. J. R. N. Bell married Virginia Ann De Vore and Scott Killgreen Saturday night at 7 o'clock at his home. Mr. Killgreen gave his residence as Clackamas county, while Miss De Vore registered from Multnomah. The bride is a relative of Mrs. Bell. The young couple motored to Roseburg, and will return shortly to make their home in Portland.

MEDFORD—Jade Farber of Myrtle Creek is to have a hearing this afternoon at Grants Pass on a complaint filed by Talent charging him with driving with no operator's license.

MRS. LANSDOWNE'S LAWYER HAS TO BE EJECTED BY COURT

(Associated Press Local Wire.) WASHINGTON, Nov. 17.—Joseph Davies, counsel for Mrs. Margaret Ross Lansdowne, was ejected from the Shenandoah naval court of inquiry today by a marine guard.

Over objection of the court, Davies had insisted on appearing as counsel for the widow of the Shenandoah's captain and declared he would make his statement regardless of the ruling against him. "You can confine me for contempt or send me to jail," he shouted at the tribunal.

As Admiral Hilar'y F. Jones, president of the court, rapped vigorously for order an assistant judge advocate called a marine who threw his arm over Davies' shoulder and led him outside the hall.

Judge Advocate Leonard objected that "witnesses are not in the status requiring representation by counsel" and the court, after a conference, announced that it objected also to the time and manner of the lawyer's appearance.

The W. C. T. U. will meet at the home of Mrs. J. O. Arthur Wednesday, Nov. 18, at 2:30. G. B. Keltons, evangelist and Mr. Fleewood, who are conducting revival meetings at the Christian church, will speak and sing. Mr. Keltons will speak on "What Shall We Do For Our Young People". Every member is urged to be present.

HERO OF NATHALIA CRANE'S POEM SAYS HE'S NOT IN LOVE

(Associated Press Local Wire.)

NEW YORK, Nov. 17.—Red-haired, freckled faced, Roger Jackson, the janitor's boy of 12-year-old Nathalia Crane's internationally famous poem, protests that he isn't in love with Brooklyn's child poetess, but the fellows have been "kidding" him about it.

After doubts had been raised as to the true authorship of the poem a reunion was arranged between the two children, who haven't lived in the same apartment house for two years.

"You were the father of my dolls, my husband, I suppose," the poem sang of Roger, when he was nine, she was half past eight.

"Said I was in love with her, didn't it?" said Roger when asked about the poem.

"Everybody was kidding me about it. Gosh, it used to get my goat."

He says he doesn't play with girls any more.

He disagrees with Edwin Markham, honorary president of the Society of Poets, as to Nathalia's ability. "Gee!" he said, after talking with her, "Natty's about a foot taller than she used to be. Prettier too. We played together a lot. I didn't know she wrote poetry then, but I bet she could though. She's smart."

RHEUMATISM

Cannot Exist in the Human Body if You Will Use Frank's Prescription.

It is preposterous, in fact, it is a shame to say, but it is true. This prescription does not ruin the stomach, it does not depress the heart, but it does heal and good blood is the result. It is the only prescription. Contains no mercury, any kind of acid, oil, wintergreen or any other poisonous ingredients. It is impossible to get something better. The greatest relief and cure ever known and also a superior liver medicine.

Cook with care. "DEHORNING THE GOATS" SUBJECT OF SERMON Evangelist Nettles preached at the Christian church last night on "Dehorning the Goats." He said that people were of two classes: "Woolly of intellect" (represented as goats) and "pruners" of the fruit of the spirit (the sheep). To dehorn a goat does not change his goat nature, nor make him safe for he can still bite the life out of a sheep. He is unable to put with the lamb. The evangelist's text was taken from Jer. 2:19 "How shall I place thee among the children and give thee a pleasant land, and I

To men who still cart their tobacco around in a heavy tin

All thru the ages — Stone Age, Iron Age and Card-board Age — tobacco transportation has been a tough task... Then the Tin Age, and for years, now, smokers have bravely borne the weight and expense of the tin... But comes the dawn of a new day... The tin has been canned... Granger's new foil package takes an awful load off men — for it's not only light weight but it cuts out the heavy "carrying charges" on tobacco.

No tins, no fancy frills — but, man — what tobacco!

Granger's new foil-package is a hit with smokers everywhere. Convenient, yes, but what's more important it cuts out the costly tin — gives smokers for ten cents, tobacco of the same fine quality that costs fifteen cents in tins.

Packed in heavy foil instead of tins — hence 10¢

HOLE THROUGH DAM DOES NOT HINDER OPERATION OF LAW

In spite of the fact that a hole has been blown through the South Umpqua dam it does not change the law prohibiting fishing within 200 feet of that obstruction, according to Deputy Game Warden Ed Walker. The law provides that there shall be no fishing near the dam, and provides that any fishing within 200 feet of the obstruction is illegal. Last year the power company blasted a hole through the dam to provide a fishway, and some fishermen have contended that this action invalidated the law as a dam no longer existed. This supposition the officer states, is incorrect and the old law still remains in force. F. R. Dunlap and E. G. Thomas were arrested today on a charge of fishing inside the prohibitory limits and paid fines of \$25 each.

CARS AT CARNES LIME QUARRY BADLY WRECKED

Ten gondolas and flat cars spotted on the lime quarry spur above Carnes, broke loose last night and ran uncontrolled down the steep grade. The cars jumped the track after gaining a high rate of speed, and piled up beside the track, six of them being tangled into a heap of wreckage and smashed beyond repair. Fortunately none of the workmen were on the train when it broke loose and the damage was confined to the rolling stock.
