**Don't be embarrassed by a suspicious bulging tin on your hip**

If you go running around with a big, bulky, tobacco tin bulging on your hip nowadays, you're apt to have the law hot on your trail ... But with the new, soft, foil package snug in your hip pocket you'll avoid all appearance of evil and your chances of being copped as a vicious scoff-law get smaller [with the package] every time you load your pipe ... And listen, there's a real kick in that mild, mellow Granger you'll find inside.

**Eliminating the tin takes five cents off Granger's price**

Compare Granger with any tobacco made, for taste, for richness, for coolness—then compare it for price! Instead of costly tins, a foil package, and hence a straight saving of five cents.

**Packed in heavy foil instead of tins—hence 10¢**
