N. Y. BUSINESS MEN HEAR VIEWS OF PRESIDENT

No Federal Interference as Long as Laws Are Complied With.

O. K.'S WORLD COURT

Coolidge Opposes Loans to Foreign Countries When Intended for War Preparedness.

NEW YORK, Nov. 20.—Interpreting his attitude toward business, President Coolidge in an address tonight at the annual banquet of the New York State Chamber of Commerce, appealed for a better and more sympathetic understanding by the government of the commercial world's problems and by business men of the affairs of government.

"When government enters the field of business with its great resources," he said, "it has a tendency to extravagance and inefficiency, but having the power to crush all competitors, likewise closes the door of opportunity and results in monopoly."

During his speech the President reiterated his belief that there must be continued effort toward government economy and efficiency with resulting tax reduction; expressed the view that no permanent stabilization of European finances and currency can be accomplished without definite adjustment of the debts owed by various nations abroad to the United States, and advocated new American adhesion to the World Court protocol.

When Distance Handicap.

Declaring that the American forefathers were wise in making Washington the political center of the nation, leaving New York to develop as the business metropolis, Mr. Coolidge said that this arrangement, however, had resulted in one important disadvantage—"the possibility that otherwise business and government might have had a better understanding of each other and been less likely to develop mutual misapprehensions and suspicions."

"If a contest could be held to determine how much those who are really prominent in our government life know about business and how much those who are really prominent in our business life know about government," continued the President, "it is my firm conviction that the prize would be awarded to those who are in government life. This is as it ought to be, for those who have the greater authority ought to have the greater knowledge."

"But it is my even firmer conviction that the welfare of our country could be very much advanced through a better knowledge by both of those parties of the multitudinous problems with which each has to deal."

Emphasizing the "desirability of the largest possible independence between government and business," the Executive expressed the opinion that "each ought to be sovereign in its own sphere."

When government comes suddenly into the industrial business, he added, the tendency is to develop an administration which "closes the door of opportunity; becomes narrow and selfish in its outlook, and results in an oligarchy."

Government Friend of Business.

The American policy toward business, Mr. Coolidge asserted, has been to cherish the general structure of business while holding its avenues open to the widest competition so its opportunities and benefits might be given the broadest possible participation.

"While it is true that the government ought not to be and is not committed to certain methods of acquisition which, while partaking of the nature of unfair practices try to masquerade under the guise of business," he added, "the government is and ought to be thoroughly committed to every endeavor of production and distribution which is entitled to be designated as true business. Those who are so engaged, instead of regarding the government as their opponent and enemy, ought to regard it as their vigilant supporter and friend."

Opposes Military Loans.

In his discussion of the foreign debt problem, the President reaffirmed his conviction that loans should not be made by the United States or by American bankers, when the money advanced is used for maintenance of great armies and navies.

"Loans," he continued, "when used in ways that are not productive, like the maintenance of

FRAN REBELS ATTACK FRENCH ESCORT, KILL 10

From Leased Wire.
T. Syria, Nov. 20.—Tel. soldiers and civilians were killed or wounded when an automobile bus proceeding from Beirut to Damascus was attacked a few miles northeast of the latter city.

Dispatches telling of the attack say it occurred in the region, where the British tribesmen are endeavoring to induce the inhabitants of the various villages to rise against the French. The soldiers were acting as an escort for the auto bus.

WOMAN WHO TOOK HUSBAND'S LIFE TO PAY WITH OWN

Electric Chair Yawns for Third Time Wife Found Guilty of Murder First Degree.

ELIZABETHTOWN, N. J., Nov. 20.—Mrs. Fannie Soper, convicted of murder in the first degree for the killing of her third husband, Henry Soper, was sentenced to death in the electric chair by Superior Court Justice Whitmer today.

ELIZABETHTOWN, N. Y., Nov. 20.—Mrs. Fannie Soper, three times wedded, and 49 years old, has been convicted of the murder of her husband, Henry Soper, a deputy sheriff, and faces electrocution.

A jury, largely of farmers, yesterday returned a verdict of murder, first degree, after having listened for 10 days to a trial which has attracted wide attention in the Adirondacks.

Sentence to death in the electric chair is mandatory.

If Mrs. Soper is put to death she will be the fourth of her sex from whom the state has extracted the extreme penalty.

Henry Soper was shot twice in the head as he slept in the kitchen of his Boquet farm house after a hard morning's work in the potato fields. Mrs. Soper maintained that a stranger came to the door, asked admittance and was permitted to enter the room in which her husband rested. Then, the widow maintained, she heard two shots, found her husband dead and saw the stranger disappear in an automobile. The prosecution, basing its case largely on circumstantial evidence, contended that Mrs. Soper did the shooting, attempting to prove, through testimony of an expert that the two bullets were fired from Soper's own revolver which the widow attempted to keep from investigators.

STRIKE AT SUPPLY SOURCE OF LIQUOR, COOLIDGE SAYS

WASHINGTON, Nov. 20.—All violations of the prohibition law, however small, should be prosecuted, in the opinion of President Coolidge, although he believes that special stress should be placed upon cases where convictions will close up large sources of liquor supplies.

BURGLAR UNDER ARREST ADMITS OVER 75 JOBS

SEATTLE, Nov. 20.—Paul Purdy, 36, arrested here early today, confessed to police that he had committed more than 75 burglaries in Pacific coast states. Purdy named Los Angeles, San Francisco, Spokane, Seattle, Oregon, Idaho and Montana as cities and states where he operated during the past year.

CHEST COMMITTEE TO HANDLE LOCAL RELIEF

The Community Chest committee met last night and considered the handling of the funds received. The chest campaign has now reached the \$7,000 mark with every prospect of going over the top. A committee composed of B. L. Eddy, G. V. Wimberly and T. H. Ness was appointed to handle the local relief fund, this committee having the authority to investigate all cases applying for aid and emergency work.

OREGON WOOL PRICES

BOSTON, Nov. 20.—The Commercial Bulletin will publish the following wool quotations tomorrow: Scoured basis: Oregon eastern, No. 1 staple \$1.30@1.32; fine and fine medium combing \$1.25@1.27; eastern clothing \$1.10@1.12; valley No. 1, \$1.15@1.17.

McHair—best combed 75@80c; best carding 65@70c.

James Wood and daughter, of Garden Valley, motored here on Thursday and spent a few hours shopping and visiting.

SHIPPER MADE GOOD SHOWING AT HEARING

All Coast States Represented, According to Foster Butner.

DECREASE IS WANTED

Fruit and Vegetable Shippers Seek Lower Rate for Shipment of Produce to the East.

Fruit and vegetable shippers of the Pacific coast made an excellent showing at the freight rate hearing at San Francisco, according to Foster Butner of the Umpqua Broccoli Exchange, who returned home yesterday evening.

"The hearings began Monday before the Interstate Commerce Commission," Mr. Butner said, "there being probably 400 men assembled in the colonial room of the Hotel St. Francis, Idaho, Oregon, Arizona, Nevada, Utah, Washington and California were represented by the public service commissions of those states. Long tables were provided in order that the various interests might be segregated. Two tables were lined on each side with representatives of the state commissions. One was fortified with various independent shippers and another by legal talent and witnesses for the railroads. Interested spectators occupied the remainder of the room."

"California was first to testify. The organized fruit shippers made a valiant fight to show the disastrous condition of the fruit industry, brought about by large production, low market prices and high freight rates. These shippers are asking a reduction of 29 cents per 100 pounds in freight rates. The present intercontinental rate is \$1.73 per 100 pounds."

"Following California, Idaho presented her case, showing a very bad financial condition with many farmers bankrupt and farms being sold on foreclosure."

"Oregon came next. Mr. Bennion of Pendleton told of prunes which had barely paid freight and of livestock which sold for less than the cost of producing. He presented a picture of general agricultural depression."

"The Umpqua valley evidence was presented on Wednesday. A fellow is certainly taking his fate in his hands when he goes on the road and endures the grilling cross examination at the hands of some of the best legal talent in America. He is likely to start home with the idea that all farmers are prosperous and that the carriers are hauling their produce to market for a rate less than actual cost, if he isn't careful to prevent the injection of such propaganda into his system."

"The hearing was featured by the attendance of Archie Roosevelt, who was present at every session. He has his share of his famous father's wonderful trait of good fellowship and in two days seemed to be acquainted with everyone present."

"Representing a leading middle western railroad he also recognized the claim of the shippers, and recommended that no increase be granted the large roads where a fair rate of profit is being made, but that the weaker impoverished roads be given a rate which would enable them to make improvements necessary to bring their roads up to a point where they can better serve the producers."

"The hearing is national in its scope, testimony being taken in all sections of the country to determine how rates should be adjusted. Railroads are uniformly asking for a horizontal increase in rates, while shippers are seeking reductions."

MRS. LANSDOWNE'S CHARGES AGAINST FOLEY FALL FLAT

Next Act of Her Attorney Is an Attack on Court Filed With Navy Secretary.

WASHINGTON, Nov. 20.—Captain Paul Foley was exonerated today by the Shenandoah naval court of inquiry of Mrs. Margaret Ross Lansdowne's charge that he sought to sway her testimony.

The court held that Captain Foley, its former judge advocate was not guilty either of seeking to cause false testimony to be offered before the court, or of seeking by "improper means to influence" the widow of the Shenandoah's commander.

Chances that the Mitchell court martial trial will proceed to its end without prolonged delay brightened considerably today.

Defense and prosecution counsel agreed that the testimony of several witnesses who are in Honolulu be taken by deposition at once.

Representative Frank R. Reid, counsel for Colonel Mitchell, told the court he would put the defendant on the stand Monday to testify in defense of his public accusations against air service administration which resulted in the charge of misconduct now pending against him.

Counsel Asails Court.

Secretary Wilbur now has before him a formal request of counsel for Mrs. Lansdowne that the court be discharged from further duties because of the manner in which it conducted the inquiry into her charge against Captain Foley.

The primary complaint of Mrs. Lansdowne's counsel, Joseph Davies, former chairman of the federal trade commission, was that Mrs. Lansdowne upon her appearance on the witness stand had been denied counsel while Captain Foley had been permitted to have counsel to cross examine all witnesses called to support her charge that he had sought to sway her testimony.

Moreover, Mr. Davies argued that the court was without authority to investigate the charge that "a hostile judge advocate (Major Henry Leonard) was the judge of the propriety of his own questions, and that while seeking to impeach her testimony absolutely controls the character of questions which shall be asked of other witnesses."

The decision, read by Rear Admiral Hilary P. Jones, president of the court, said "that it was an obligation imposed by lawful regulations upon Captain Paul Foley as judge advocate to make preliminary examination of witnesses to be examined before this court, and it further appearing to this court upon consideration as aforesaid that the said Captain Foley has in no wise been guilty of improper or unethical conduct as such judge advocate."

FLORIDA LURES FORD, TOO: AIRPLANE FLEET PLANNED

KLAMATH FALLS, Ore., Nov. 20.—An inquest is to be held this afternoon in an effort to fix responsibility for an automobile wreck five miles south of here last night which resulted in the death of Mabel Liver, 21, an Indian girl, and the serious injury of Josephine Jackson, 18, also an Indian girl.

Ted Jackson, brother of the injured girl, is being held in jail on an open charge. Sheriff Hawkins and other officers who investigated, said Jackson showed evidence of intoxication. Two other young men in the car were slightly injured.

The dead girl lived at Sprague River, and the car was en route to Klamath Falls at the time of the fatal accident.

400 MILLION LOAN TO ITALY RAISED IN NEW YORK CITY

NEW YORK, Nov. 20.—The \$400,000,000 Italian loan offered through a national bank syndicate headed by J. P. Morgan and Company was sold before noon today with an indicated oversubscription.

Although the Morgan firm merely announced the closing of the subscription books, other large banks associated in the offering said that orders for the bonds were unusually heavy and estimated that total subscriptions would run to \$400,000,000.

Grangers Vote For \$500 Tax Yearly On Business Aliens Failing To Become Citizens

(Associated Press Leased Wire.)
SACRAMENTO, Cal., Nov. 20.—The closing hours of the National Grange convention last night were filled with excitement when Louis J. Taber, national master, presented a resolution demanding that Congress consider the passing of an occupational tax law on all aliens desiring to enter business in the United States and who, after a reasonable time, refuse to become naturalized.

Taber declared that a tax, not to exceed \$500 a year, should be levied on the alien who is taking money out of the country, which he refuses to become a citizen.

The resolution is the first of its kind to be suggested and accepted by a national organization. The vote favoring the proposition was unanimous.

The child labor question caused a severe rift in the ranks of the delegates to the National Grange convention which closed its doors last night after a 10-day convale.

Following in the footsteps of legislatures of 35 states, the Grange went on record as opposing the so-called twentieth amendment and in a resolution which was ordered turned over to Washington, D. C. representatives, declared the proposition "too sweeping."

The fight on the floor was caused when delegates from Washington and other northwestern states opposed the resolution.

SECRET LETTERS WOULD WRECK KIP, ATTORNEY CLAIMS

Rhinelanders Insists Case Proceed, However, But Withdrawal Is Not Improbable.

WHITE PLAINS, N. Y., Nov. 20.—The Rhinelanders annulment trial scheduled for resumption this morning, was adjourned until Monday to give counsel for Leonard Kip Rhineland, the plaintiff, the opportunity to make necessary investigations into the contents of one of the "mystery letters" that caused sudden adjournment of the case yesterday.

Although the case had been adjourned yesterday under circumstances that gave rise to rumors it would be withdrawn, the principals were in court.

Isaac N. Mills, counsel for Rhineland, and Lee Parsons Davis, counsel for Mrs. Rhineland, were in private conference in Justice Morschauer's chambers, just before the case was scheduled for resumption this morning. Later Mr. Davis left and Leon R. Jacobs, associated with Mr. Mills, in the case, went into conference with his colleague. It was understood that Mr. Davis had revealed the contents of at least two of the letters which have made their appearance in the case under unusual conditions, but which have not been made public.

The two letters are among about 300 which Leonard sent Alice, Mr. Davis has threatened to make them public, an act which he said would "wreck" young Rhineland. The contents of these letters are admittedly of sensational character.

The "mystery" letters have been used by Mr. Davis under dramatic circumstances twice. Once he permitted Rhineland to read them and then asked him: "Do you wish to continue with this case?"

The plaintiff replied: "Yes."

Yesterday Mr. Davis produced another three letters, permitted young Rhineland to read it and then asked for a recess. During this time, Davis, Mr. Mills and Justice Morschauer held a private conference and the trial was adjourned until today. The letters have been produced both times in the midst of cross-examination on intimate details of the pre-marital relations of young Rhineland and his wife.

FORMER OREGON U. STUDENT IS GIVEN 2-YEAR SENTENCE

EUGENE, Nov. 20.—Cecil J. Peerce, former University of Oregon student, who pleaded guilty to a charge of theft of University property, was today sentenced by Judge G. F. Skipworth to serve a sentence of two years in the state penitentiary.

Peerce showed no unusual emotion when the sentence was pronounced. His young wife was with him in the court room.

Peerce was recently fined \$500 in the federal court in Portland when he pleaded guilty to a charge of theft of the property from the armory here.

DEATH OF INDIAN GIRL DUE ALLEGED DRUNKEN DRIVER

KLAMATH FALLS, Ore., Nov. 20.—An inquest is to be held this afternoon in an effort to fix responsibility for an automobile wreck five miles south of here last night which resulted in the death of Mabel Liver, 21, an Indian girl, and the serious injury of Josephine Jackson, 18, also an Indian girl.

Ted Jackson, brother of the injured girl, is being held in jail on an open charge. Sheriff Hawkins and other officers who investigated, said Jackson showed evidence of intoxication. Two other young men in the car were slightly injured.

The dead girl lived at Sprague River, and the car was en route to Klamath Falls at the time of the fatal accident.

CONFERENCE TO REACH AN END THIS EVENING

Poultry and Timber Reports Are Received at Morning Session.

LUNCHEON IS ENJOYED

Program This Afternoon Includes Talks by Local Men and Representatives From College.

Douglas county derives an annual income of \$2,700,000 from lumbering, according to the report filed at the agricultural economic conference today by the Chamber of Commerce committee appointed to investigate this phase of the commercial activities of the county.

The annual payroll from lumbering amounts to \$1,582,000 and nearly one thousand men are given employment.

The report shows an increase of from 25 to 30 per cent during the past two years with a bright outlook for the future.

The committee's report is as follows:

The committee on the lumber and timber industry herewith submits the following facts obtained by a survey of this industry for the year 1925.

At the present time the lumber industry is confined largely to two sections of Douglas county, namely: Reedsport and Glendale and vicinity with several small operations in various parts of the county.

A digest of the operations are as follows:

Reedsport, output in board feet, 99,000,000; number of men employed, 500; annual payroll, \$1,000,000; income derived, \$1,500,000.

Glendale and vicinity, output in board feet, 24,000,000; number men employed, 200; annual payroll, \$400,000; income derived, \$450,000.

Other sections, output in board feet, 16,000,000; number of men employed, 180; annual payroll, \$320,000; income derived, \$300,000.

Roseburg manufacturing and retail of lumber, number men employed, 35; annual payroll, \$45,000; income derived, \$120,000.

Total output in board feet, 139,000,000; total number of men employed, 915; total annual payroll, \$1,582,000; total income derived, \$2,700,000.

Our survey of this industry shows an increase of 25% to 30% over previous two years. This increase is brought about by an enlargement of mills heretofore in operation and new mills going in.

We also have authentic information that other timber and lumber interests are contemplating the development of various timber tracts in the near future, as well as increasing the capacity of the mills now in operation.

It has long been conservatively estimated that the stand of timber in Douglas county aggregates 60 billion feet. At the present time the stand of timber in this county has scarcely been scratched. The waste of standing timber in other sections and the expansion of foreign markets for forest products will from time to time increase the manufacture of lumber in this county.

W. A. BOGARD, Chairman,
ALBERT SNYDER,
STANLEY CHAPIN.

The poultry industry provides five per cent of the total income from agricultural products, according to the report of the poultry group. The outlook in this industry justifies a reasonable expansion, the committee reports, but it is necessary for any person engaging in that branch of agricultural activity to have a technical knowledge which will enable them to handle the business in the proper way as it is one which requires skillful management.

The report shows that Douglas county produces annually about \$215,000 worth of poultry and eggs. The county fifth in the state in value of poultry and eggs produced. There has been an approximate increase of 30 per cent in poultry production since 1919.

"Poultry keeping," the report says, "whether a specialized business or a major sideline on the farm, is a technical business. It is not a business for which everyone is adapted, because it requires more detailed management than many people are willing to give it. There is no reason to assume that any higher percentage of people will succeed in the poultry business than in any other. More people would succeed in poultry business if the principles of management were made available to the beginner."

Cooperative selling through a

HYMAN HUNTLEY IS DIVORCE SEEKER IN COURT AT MEDFORD

(Associated Press Leased Wire.)
MEDFORD, Ore., Nov. 20.—Hyman Huntley, acquitted by a jury last Saturday of first degree murder charge for the stabbing to death last September of Jesse James Gibbs, Thursday filed a suit for divorce in the circuit court, against his wife, Hattie Huntley. Huntley names Gibbs as the co-respondent and attributes his family troubles to the dead man.

Huntley was acquitted of killing Gibbs on a plea of self defense. The couple were married at Olalla, Douglas county, November 5, 1921, and have five children. The father asks for an absolute decree, and the custody of the children.

CALIFORNIA AND STANFORD READY FOR GRID CLASH

75,000 Expected at Annual Battle—Oregon, Every Game Lost, Huskies Last Opponent.

SAN FRANCISCO, Nov. 20.—California and Stanford will settle a football feud of 33 years standing tomorrow when they meet at Palo Alto in their annual classic, the "big game."

Robbed somewhat of its glamor by the advent of Washington, whose powerful eleven eliminated both the Bears and Stanford's cardinals from the Pacific Coast conference, the contest nevertheless promises to be the outstanding attraction of the far west. The teams are evenly matched this year and straight money was being quoted today.

The seating capacity of Stanford stadium will be taxed to the limit as all tickets, numbering approximately 75,000, were sold more than a month ago.

Another game attracting widespread interest is the intersection of clash at Los Angeles of Iowa and the University of Southern California. The fact that Coach Howard Jones of U. S. C. was mentor at Iowa before coming to the Pacific coast, adds zest to the encounter.

Other conference games besides the Bear-Cardinal tilt, brings together Idaho and the Oregon Aggies at Boise.

Washington State College and Gonzaga University meet at Spokane in a Pacific northwestern game.

Washington, whose championship claims to the coast conference title is disputed only by Oregon, meets the college of Puget Sound at Tacoma. The game is expected only to be a warning up affair for the Huskies. On Thanksgiving Day, Washington plays Oregon at Seattle, and Oregon has not won a conference game this season.

The conference standings:

Team	Won	Lost	P.C.
Washington	4	0	100%
Stanford	3	1	75%
California	2	1	67%
U. S. C.	2	1	67%
O. A. C.	2	1	67%
Idaho	2	2	50%
W. S. C.	1	3	25%
Montana	1	4	20%
Oregon	0	4	0%

No East-West Game.

SEATTLE, Wash., Nov. 20.—The opinion that the University of Washington will not be a participant in an east-west football game in the Rose Bowl at Pasadena, Cal., which on New Year's is to feature a Rose tournament, was expressed today by Darwin Melanest, graduate manager at Washington.

Former Husky Star Dies.

SEATTLE, Nov. 20.—Fred Westrom, 2, for three years, up to this season an end on the University of Washington football team, died today at Albany, Ore. It was reported here, Westrom was returning to his home in Everett, Wash., from Berkeley, California, where he witnessed the University of Washington-California football game last Saturday. Two boils on Westrom's neck were followed by blood poisoning. Westrom formerly played on the Everett high school football team. He left his parents, Mr. and Mrs. Charles F. Westrom.

CROOK COUNTY BURGLAR GETS FIVE-YEAR TERM

BEND, Ore., Nov. 20.—John Tuel, indicted by the Crook county grand jury for burglary not in a dwelling, entered a plea of guilty before Judge T. E. J. Duffy at Prineville yesterday and was sentenced to 5 years in the state penitentiary.

Tuel, who is under indictment for burglary in Klamath county, was arrested in Bend November 12 charged with entering and burglarizing the Nolan Pool hall in Prineville early this morning.

UNMARRIED PRINEVILLE PAIR FACE TWO CHARGES

BEND, Ore., Nov. 20.—Indictments charging unlawful operation of a still and lewd cohabitation were returned yesterday by the Crook county grand jury against Mrs. Mina Kennedy and Pete Sealing, both of Prineville.

They entered pleas of not guilty and were ordered held on \$2,000 bonds apiece by Judge Duffy.

The man and woman were caught in the act of operating the still at the woman's home in Prineville, according to word from there,

DOWAGER QUEEN ALEXANDRA IS DEAD, AGED 81

Widow of Late Edward VII of England Beloved in Land of Adoption.

WAS DANISH PRINCESS

Identified With Numerous Benevolences and Day Each Year Devoted to Her Example.

(Associated Press Leased Wire.)
SANDRINGHAM, England, Nov. 20.—Queen Mother Alexandra, widow of King Edward VII and mother of King George V, died this afternoon at Sandringham House. She was nearly 81 years of age.

Within a few days (December 1) the Queen Mother would have celebrated the 51st anniversary of her birth and all the inhabitants had been preparing in elaborate fashion to celebrate the event at Sandringham House.

Alexandra, widow of the late King Edward VII of England, was the death of her husband in 1910, became the Queen Mother, a title which had been in disuse since the days of Henrietta Maria, the consort of Charles I.

The elder daughter of King Christian IX of Denmark, Alexandra was married to Albert Edward, then Prince of Wales, on March 10, 1862, and after 33 years, during the reign of Queen Victoria, although somewhat in the background was greatly beloved by her adopted people. Upon the death of Queen Victoria, in 1901, when her husband ascended the throne, Alexandra became Queen and resigned with him for nine years.

Noted For Benevolences.

Alexandra adopted the title of the Queen Mother in 1910, when George V, her son, and the Princess Mary were crowned upon the passing of Edward VII. For years, as Princess of Wales, her name had been associated with most of the great public benevolences and charities of England. On June 25, "Alexandra Day," each year thousands of pounds were contributed by Britons the world over for hospitals and other similar institutions in honor of their royal patroness.

Although nearly 81 years old at the time of her death, the Queen Mother never lost interest in her many philanthropies. During the World War she served as head of the British Red Cross, the Queen Alexandra Imperial Military Nursing Service, the Royal Indian Nursing Service, the Territorial Force Nursing Service, and the Royal Naval Nursing Service. The Alexandra Field Force Fund, of which she was the head, kept the British soldiers supplied with comforts and delicacies throughout the four years' struggle. From 1914 to 1918 she had visited every hospital in London including the famous home for blinded soldiers at St. Dunstan's. She also was interested in infant welfare work. When a new nurses' home was named in her honor in London she requested that it be not called the "Alexandra" home but the "Edith Cavell" home in memory of the martyred British nurse.

Many Royal Relatives.

Queen Alexandra was related by blood or marriage to many European royal families. She was a sister of King George of Greece, who was assassinated in 1913, of King Frederick VIII of Denmark and of the former Dowager Empress Marie Dagmar of Russia, who with his family was killed by the Bolsheviks, was her nephew, as was also the former Emperor William of Germany and King Haakon VII of Norway. Another nephew, by marriage, is King Alfonso XIII of Spain, husband of the former British Princess Ena of Battenberg, the daughter of King Edward's sister Beatrice. Queen Alexandra's younger sister, Dagmar, was married to Alexander III of Russia three years after her own betrothal to the then Prince of Wales.
