Mother's loaf, it feels so chummy to my palate and my tummy. Try it and you will agree. Like the bread agrees with me.

Overcome this increase of \$500.00 asked for and not provided by the budget committee we recommend: First, that the contingent fund be cut from \$500 to \$300.

Second, the budget committee allowed \$1000.00 to the county home for services of hospital, doctor, etc. We recommend that \$500 or half of this fund be transferred to the full time health unit. This will leave only \$250.00 to be supplied by the county court above the estimate of the budget committee. With these transfers, and this \$200.00 increase, the request of the state organization for the \$900.00 increase will be met.

Fourth: Recent agricultural conference. We believe great benefit will result to Douglas county from the recent agricultural conference. Reports were made upon all the important agricultural lines in the county, including cattle, sheep, goats, poultry and other lines of livestock, nearly all varieties of fruits and nuts including a very careful survey of the prune industry, as well as farm crops with a careful study of the broccoli industry. Many charts and maps of interest were also made.

There have been many requests for a copy of these reports. We believe that at least a majority of the 2500 farmers in this county desire a copy for study and reference. It is probable also that the various commercial clubs would like to avail themselves of the opportunity to obtain an exhaustive report of the agricultural resources and future possibilities of Douglas county.

We, therefore, strongly recommend that the county court appropriate \$300.00 to print 2500 of these reports in order that the county agent may send a copy to each farmer in this county, and, if the commercial club so desire some additional copies to distribute to prospective home-seekers.

This is not only reliable and convincing advertising, but we believe a very effective, cheap, honorable and satisfactory method.

C. E. MOYER, Chairman, GEO. BACON, R. A. HERCHER, A. H. MARSH.

ON HEADLINER OF NEXT BOXING CARD

ACE BOLES

Aggressive colored lightweight of Marshfield, who will be seen in a return bout against Charley Dundee at the next boxing card, to be pulled off December 11. The event of ten rounds, and it promises to be a hummer. Boles is smarting for revenge for the decision given to Dundee at the end of their 6-round affair at the last card, and Dundee is confident he can beat Boles over the longer route.

Dundee's sparring partner, Jack Ryan, a young fellow who weighs around 125 pounds, will take on Kid Williams in the 6-round semifinal. Williams is a Marshfield high school lad, who is touted as a comer as the result of his recent bouts, and is reputed to be just as fast a performer right now as Boles.

If Dundee beats Boles in the coming fight, he will next get a chance at Phil Bayes, the Salem scrapper, who decisioned Boles in Coos county about three weeks ago. New Year's Day, in the afternoon, is the time tentatively decided on for the card to follow the one of December 11.

WOMAN AVOIDS AN OPERATION

Awful Pains and Misery Relieved by Lydia E. Pinkham's Vegetable Compound

Lima, Ohio.—"I want to tell you how your medicine has helped me. For weeks I suffered with awful pains from inflammation and I was in such misery that I could not bend double to get relief. I could not be touched or jarred, had awful pain all over my abdomen and could not touch my feet to the floor. It was impossible for me to straighten up and the pains never ceased. I took treatments for some time and finally was told I would have to have an operation. I do not believe in operations and I had read so much about Lydia E. Pinkham's Vegetable Compound that I told my husband I would try it before I gave up. I soon began to feel that it was doing me good. The awful misery began to leave me, also the backache. I have a good appetite and am gaining in weight. Taking this medicine was the best thing I ever did. I feel like it has saved my life and I do not hesitate to say so to my friends. It has saved me from a dreaded operation and I am still taking it."—Mrs. ETHEL THURSTON, 324 North Pine St., Lima, Ohio.

Service, Quality and Courteous Treatment

We believe in all three of these and try to practice them in our business relation with you at all times. Thanksgiving is coming and you will want the best groceries you can get for that dinner. Why buy something cheap and ruin a good dinner to say nothing about your disposition. It is hard enough to get a good dinner when you have good materials to get it with, then why use inferior foods. If you will step to the telephone and order from us you can depend on it that your dinner will be the best. You will need cranberries, celery, lettuce, sweet potatoes and other vegetables. For your salad you will want pineapple, bananas and apples or maybe shrimp and tuna fish. We have a complete line of canned goods.
