PINCHOT SUBMITS PLANS FOR ENDING STRIKE OF MINERS

(Associated Press Leased Wire.)

HARRISBURG, Pa., Nov. 28.—Governor Pinchot today submitted to leaders of the United Mine Workers, gathered here at his request, an eleven-point plan for a new wage agreement, including a provision for immediate termination of the present suspension and resumption of mining operations.

The plan outlined by the governor proposes a five-year contract, creation of a joint board of investigation and award to study the industry and determine whether increased wages can be granted without increased prices, a modified form of check-off without actual full recognition of the union, equalization of wages by the board of conciliation established under the Roosevelt settlement of 1903 and maintenance of 1925 coal price schedules.

The governor set forth the three conditions for any settlement, the first of which, he said, "should be very practicable assurance to the public that the price of anthracite will not be raised by the operators."

The second condition, the governor declared, should be that another interruption of supply like the present, will not soon take place and the third should be "that an honest effort will be made to prevent another interruption of supply from ever taking place."

TRIPLE A TAKES STAND AGAINST THE SPEED TRAP

(Associated Press Leased Wire.)

WASHINGTON, Nov. 28. — The American Automobile Association announced today that it wold support a program of placing all main highways of the country under state road patrols and abolishing the fee system of arrests, in order to "rid motordom of its worst infestation, the speed trap and the roadside court."

Other recommendations of the program are that arrests be based on recklessness rather than "technical" speed violations and that evidence obtained by "speed traps" be barred by law.

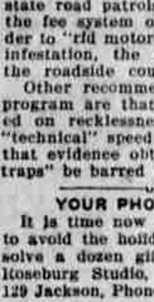
MRS. FULLER MADE STRONG

Lydia E. Pinkham's Vegetable Compound Helped when Other Medicines Failed

Walpole, N. H. — "I have used Lydia E. Pinkham's Vegetable Compound and find it has improved my health wonderfully. For months and months I was not regular and had terrible pains. They used to affect my side so I could not work. I read of others being helped by the Vegetable Compound, so I thought it might help me. I am very much better now, strong enough to do my own housework, and have two dear babies to care for besides. I tried other medicines before taking the Vegetable Compound, but I was never treated for my troubles. I speak highly of the Vegetable Compound to my friends and recommend it to any woman for rundown and nervous condition." — Mrs. T. H. FULLER, Walpole, New Hampshire.



Over 200,000 women have so far replied to our question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

98 out of every 100 of the replies say "Yes," and because the Vegetable Compound has been helping other women it should help you

Service, Quality and Courteous Treament

We believe in all three of these and try to practice them in our business relation with you at all times.

Thanksgiving is coming and you will want the best groceries you can get for that dinner. Why buy something cheap and ruin a good dinner to say nothing about your disposition.

It is hard enough to get a good dinner when you have good materials to get it with, then why use inferior foods.

If you will step to the telephone and order from us you can depend on it that your dinner will be the best.

You will need cranberries, celery, lettuce, sweet potatoes and other vegetables. For your salad you will want pineapple, bananas and apples or maybe shrimp and tuna fish.

We have a complete line of canned goods.
