WASHINGTON ASKS PIERCE FOR ACTION IN JAPANESE CASE

WASHINGTON, Dec. 2.—Renewed inquiry has been made by the State Department of Governor Pierce of Oregon as to the progress being made of a case arising out of deportation of a group of Japanese some months ago from Toledo, Oregon.

The matter was taken up at the time with the State Department by the Japanese embassy and Governor Pierce, in response to a state department inquiry, transmitted information showing the courts in Oregon were dealing with the matter. As nothing further was heard from the governor after his first communication was received here and in view of the further request from the Japanese embassy for information, another letter to the Oregon executive was forwarded a few days ago, but the State Department has not made public either its communication or the reply previously made by Governor Pierce.

Additional information in the deportation incident has been received by the state department from the department of justice, but this also has not been made public pending a reply to the last inquiry addressed to the governor.

SALEM, Ore., Dec. 2.—Governor Pierce said today that he had not yet received the communication from the state department at Washington relative to the Japanese deportation at Toledo, Ore., last summer.

"I do not consider that I have a right to say anything for publication until the state department's letter is received," said the governor.

"When I eat it I shall make a rule. So far all official communications bearing on the matter have been made public."

MURPHY SAYS HE SPANKED SPOUSE BUT NOT HEAVILY

MEDFORD, Ore., Dec. 2.—Omar W. Murphy, trial in the circuit court charged with manslaughter as the result of the death of his wife last spring, following an alleged beating administered as the climax to a family quarrel, was the chief witness Tuesday and today.

That his wife was at a "troublesome time of life, nearly fifty years of age, that for nearly ten years she had been dissatisfied," and that "arguments," frequently rose over Orin Parker, aged 22, "haunting" the Murphy home, until the defendant had ordered him to stay away, "or there would be trouble."

Murphy testified that he "spanked" his wife with his open hand, "that she was easily bruised, and that he never tried to spank her after the spanking that she could not walk and sit up," and that the discolorations from the spanking "had disappeared in ten days." He also testified that his wife was subjected to various veils.

Murphy said that the quarrel arose on the night of March 31, when Mrs. Murphy had "objected" to him pulling the covers off, and that an argument had arisen over the Parker boy.

The defendant further testified that when he objected to the Parker boy, his wife had said: "It's none of your business, what I do."

Under cross-examination, the eyes of the accused dimmed with tears at the mention of his dead wife in the morgue, and he stoutly denied the state's question: "When your daughter Erlene was about six years old, did you not knock your wife down, and slap her?"

"I never knocked her down in my life," he testified.

He also denied the state's intimation that he had thrown Mrs. Murphy out of the house last December, "with a boot of your knee."

The witness said he had "put her out playfully," during a dispute.

STRANGE DISEASE KILLS WASCO STOCK

SALEM, Ore., Dec. 2.—Governor Pierce is urged in a letter from F. B. Engles, representing the Wasco County Livestock Association, to give that county state aid in stopping the spread of a malady that for a year has been killing off the horses. The veterinarians so far have been unable to diagnose the disease correctly or find a remedy for it, and the herds here of some farmers are decimated by death resulting from the malady.

STUDENTS TO HOLD FETE IN DEFIANCE FACULTY WISHES

(Associated Press Local Wire.) PULLMAN, Wash., Dec. 2.—In the face of official disapproval plans went forward today for a "walk out" of the student body of Washington State College this afternoon in celebration of the Cougars' 17-10-12 football victory over Southern California at Los Angeles last Saturday.

A committee in charge, declared to be headed by Harry Rymon of Seattle, announced it was expected that 2500 of the 2700 students in celebration of the victory would absent themselves from classes, which were scheduled to be conducted as usual. A "pep" rally in the college auditorium and two matinee dances this afternoon were on the program of the revolt.

The team was met by a committee of students this morning at Colfax, where it stopped for breakfast, and was given a demonstration upon its arrival here later in the forenoon.

Classes had been dismissed by the college authorities this forenoon to permit the welcome. Dr. E. O. Holland, president of the college, who is at Olympia, and Dr. O. L. Walter, vice-president, in charge during Dr. Holland's absence, both refused permission for the afternoon holiday.

Studebaker bufiles no yearly models. KIWANIS COMMITTEE MAKES INSPECTION SCHOOL BUILDINGS

The fire and sanitation committee of the Kiwanis club, accompanied by Fire Chief Fletcher, went to the Fullerton and high schools today to complete their check of sanitary conditions and of fire prevention and safety precautions. They found the children at the Fullerton school especially proficient in their fire drill, evacuating the building in 47 seconds.

The committee will meet on next Tuesday and will formulate a complete written report, embodying a number of recommendations to the school directors, particularly regarding a few steps deemed advisable to improve sanitary conditions.

MARRIED TODAY
