GOOD OR BAD?

When an automobile is good, it is a source of great pleasure and satisfaction. When it is bad, it is a terrific breeder of discontent. Knowing this as well as we do, we would be downright stupid to deal in any but the best.

DEMPSEY-WILLS BOUT IS ADVANCED TO AVOID OLD AGE

(Associated Press Leased Wire.)
KANSAS CITY, Mo., Dec. 11.—The proposed heavyweight championship match between Jack Dempsey and Harry Wills, negro, will in "all likelihood" be held near Chicago some time in July, Ray Cannon, attorney for Dempsey told the Associated Press here today.

Cannon said Floyd Fitzsimmons would probably be the promoter. He met Fitzsimmons in Chicago yesterday, Cannon said, and Fitzsimmons showed him a tentative contract prepared by a Chicago syndicate, with the financial terms substantially the same as those contained in the South Bend contract with Fitzsimmons, which had been invalidated because the South Bend syndicate could not post the required forfeit.

Cannon said that while the contract offered by the Chicago syndicate was not acceptable in its present terms, it might be ironed out so as to become acceptable. He indicated the chief difficulty was in the matter of payment.

All concerned seemed to think it would be preferable to hold the fight in July rather than in September, Cannon said.

SPOKANE, Dec. 11.—Al Karasick, contender for the light heavyweight wrestling championship of the world, won two out of three falls from August Busch, of Salt Lake City here last night. Karasick won the first and third falls. Busch is a former Oregon Agricultural college wrestler.

AIR CONCESSIONS TO ALIENS NEAR THE PANAMA CANAL

Mitchell Case Testimony
Also Shows Germans Shot Down 6,025 Craft in War.

(Associated Press Leased Wire.)
WASHINGTON, Dec. 11.—Foreign interests have secured exclusive concessions for air operation in South America, the Mitchell court martial was told today by Major George V. Strong of the army general staff.

"In Central America," Major Strong testified, "there have been concessions granted, but they have not been exclusive."

In Colombia, he said, a concession was negotiated by German capitalists with the Colombian government.

Guatemala had given a concession to a French concern, but Major Strong said it was not an exclusive arrangement.

Representative Frank R. Reid, chief counsel for Colonel Mitchell, told the court these concessions had been reported to the War Department by Major Ray Croft Walsh of the army air service who held them to be a serious menace to the defense of the Panama Canal.

Major Strong said Major Walsh's report had been used as the basis of a War Department recommendation to the State Department for the establishment of a United States air mail service in Central America, but that negotiations between the two departments and with representatives of the post-office and commerce departments still are in progress.

Parachutes Provided.
The court then turned to Colonel Mitchell's charge that the national guard for several years, Captain R. W. Mackie, of Houston, Texas, national guard air officer and commercial flier, testified for the prosecution that the air squadron where he was a member, was supplied with parachutes a year ago and no pilot was allowed to take the air without a parachute. All the planes the squadron had, he said, could be operated by pilots wearing parachutes.

German documents obtained from Berlin war offices files after the war were produced by Lieutenant Colonel Christian Bach, historical officer of the army war college. They made the claim that from January 1, 1917, to August, 1918, a total of 6,025 allied aircraft and balloons were brought down by German aviators anti-aircraft fire,

and by other methods. Colonel Bach said the documents showed that 15 per cent of the totals had been shot down by German anti-aircraft guns.

WASHINGTON AND OREGON SIGN FOR 10 THANKSGIVINGS

(Associated Press Leased Wire.)
SEATTLE, Wash., Dec. 11.—In the shortest schedule season in its history the Pacific coast intercollegiate conference prepared here today a list of football games next year.

The schedule, formulated by the managers, went before the faculty advisers for consideration by night.

A ten year contract made a game between the Universities of Oregon and Washington, a Thanksgiving day classic, to be played in Seattle and Portland alternately. The games does not fall on the holiday next year, but was assigned to October 9, coming here in 1927, on its regular day.

Return of the University of Southern California after a period of non-participation in conference football, it was explained, and careful calculations by smaller institutions to make their plans dovetail with those of the big universities enabled rapid schedule making.

WASHINGTON STUDENTS DESERATE MEMORIAL.

(Associated Press Leased Wire.)
SEATTLE, Dec. 11.—Two freshmen a few minutes before the Zero-hour of noon today confessed that they had painted the memorials at the University of Washington and in other places on the campus.

After declaring "we can as much respect these men as one who would paint a tomb in a cemetery," Ray Nelson, president of the senior council had announced that if the guilty persons were not discovered by noon, today, the entire class of 2500 would be barred from all activities on the campus.

Nelson said punishment for the culprits would be considered tomorrow, and that in the meantime the names of the guilty would not be announced.

STATE LAND COMMISSIONER REPLIES TO GOV. HARTLEY

(Associated Press Leased Wire.)
OLYMPIA, Wash., Dec. 11.—Appearing before a joint session of the house and senate in the house chambers today, Clark V. Savidge, state land commissioner, delivered a statement in answer to the attack made by Governor Hartley last Tuesday relative to the method of handling state timber sales.

Commissioner Savidge defended the policy of the state land boards in withholding information concerning state land department cruises from the general inquirer on the grounds that in no other

\$50,000 WORTH OF LIQUOR STOLEN BY PAIR OF HI-JACKERS

(Associated Press Leased Wire.)
LOS ANGELES, Dec. 11.—Two men early today bound and gagged the night watchman of a government bonded warehouse, loaded 600 cases of liquor valued at \$50,000 on to a truck and escaped. The watchman told police he allowed the men to enter the premises with their truck when they represented themselves to be deputy sheriffs.

Police, sheriff's deputies and government agents were posted on all roads leaving the county in an effort to capture the holdups.

way could the state insure actual competitive bidding.

Governor Hartley had criticized the withholding of such information in his second message to the legislature.

LATE WIRE NEWS

SHAMOKIN, Pa.—This borough, in the heart of the anthracite region, is mining coal in a sewer so that it will no longer be necessary to heat municipal buildings with electricity.

ANGORA—Any Turk who speaks anything but Turkish would be fined from \$2 to \$20 under a bill before the assembly. Also bachelors would be taxed five times as much as husbands.

KNOXVILLE, Iowa—The hero's revenge, a real drama of real life: "Walter Phillips, bookkeeper, wife's daughter of J. B. Elliott, millionaire banker. Bride's family disapproves and groom moves to Oklahoma, where he makes \$40,000,000 in oil. Eighteen years later, son-in-law returns and saves father-in-law's bank with his millions."

NORFOLK, Va.—Three non-commissioned officers and one mess attendant of the battleship Texas are under arrest for operating a still on board ship.

ATLANTA, Ga.—The legal bag limit for deer in Georgia is two. Miss Eleanor Hopkins, after having killed one, dropped two more with one shot. "What to do," oned Game Warden Peter Twiddy. "Accidents will happen."

NEW ORLEANS—"I'm just a live-in dead man. I have everything in the world I want, but there is something else that makes me wish to die," wrote Stephen Michael, 80, then killed himself. He asked that his brother, Franz, at Lyden, Washington, be notified.
