(Associated Press Leased Wire.)

NEW INVENTION SAVES MILLIONS

A LAMP THAT BURNS 94% AIR

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, V. M. Johnson, 161 North Union avenue, Portland, Ore., is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality, who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make $250 to $500 per month.

A WINTER SCENE IN NEWLAND'S WINDOW

The Christmas decorations in the salesroom of the J. O. Newland & Son automobile establishment, local dealers in Dodge cars, remind one of the days when the old rail fence and muddy roads of the early days were in evidence. But the new car standing in the fence corner is also a reminder that conditions have changed, and no matter if it snows, as the setting suggests, the car of today and the good roads make winter traveling not only easy, but delightful.

THE HIGHWAY TO LIFE

millions now living will never die

Not in any past ages was the Highway to Life opened up; for in all past ages men have continued to die.
The Highway to Life means what the words imply; namely, a way by which the people can get eternal life here, now.
The casting up of this highway and the gathering out of its stones is in progress before our eyes.
The way of the people, a way they have never hitherto had, is being made ready for them—the way by which they will gain everlasting life on earth.
