HOUSE LISTENS TO ATTACKS ON VOLSTEAD LAW

Wheeler Special Target of Vitriolic Speech by Rep. Gallivan

DRY ACT HELD FARCE

Mitchell Verdict Is Also Grilled; Coolidge Is Censured Because of Coal Strike.

(Associated Press Leased Wire.) WASHINGTON, Dec. 19.—The Volstead Act was discussed in the house today by Representative Vane, republican of Pennsylvania, as an unenforceable law.

"The people don't want to be bone dry," he said. "States and the federal government have spent millions trying to enforce the law and now admit failure."

The increasing consumption of bootleg liquor, he said, proved that the dry law was breaking down all law enforcement. He advocated legalizing 2.75 per cent beer.

Another attack on the dry regime was delivered by Representative Gallivan, democrat, Massachusetts, who denounced Wayne B. Wheeler and the anti-Saloon league as the backbone of a "vicious system which is destroying the soul and conscience of America."

"There are certain organizations, some of which have the audacity to characterize themselves as 'churches' and branches of the Christian religion," said Mr. Gallivan. "As a matter of fact, we learn that these are merely noisy aggregations of greedy bigots with ecclesiastical titles."

"These political and quasi-religious organizations scoff at the Holy scriptures; they preach to their credulous and ignorant rabble followers the miracle that changed water into wine; they claim that they believe they can repeat the miracle of the loaves and fishes by capturing the treasury of the country."

"These dancing Derivishes of the American branch of Mahomet's religion constitute the vociferous army of prohibition shock troops," Wheeler said, "and say, with one of our Lord Castlereagh's devoted disciples, 'thank God, I have a country to buy and sell!'"

Concluding his speech, Representative Gallivan told the house a dry member had threatened him in the cloakroom today that if he made the speech he would not be returned to congress.

"Well, I have made it," he said, "and I challenge Wayne Wheeler and his whole army to come up to my district and read that speech."

Democrats Back Mitchell. The Mitchell court martial case came to the floor of the house for the first time today when Representative Tillman, democrat of Kansas, charged that the court was organized to "get the colonel," and that its verdict "insults free America."

"I call upon the granite-faced and granite-souled President of this justice-loving nation," he said, "to mitigate or quash this harsh sentence."

The court's edict, suspending the air officer from rank and pay for five years because of his attack on government aviation policies, Mr. Tillman continued, was shameful, unusual and cruel.

"They sought to affix a gag," he said, "and at the same time impoverish him and his family. It seems that in this trial the usual military procedure was not allowed to take its ordinary course."

Meets Stanfield's Request. Introduction by Senator Stanfield of Oregon of a resolution asking an investigation of the federal power commissions approval of a project to dam the Columbia River near Priest Rapids, brought an explanation from the engineers of the commission today that the license called for construction of fish ways at an expense not to exceed \$300,000.

Senator Stanfield feels that to dam the river without protecting salmon spawning would destroy half the spawning area of the river. The engineers said that they felt a \$300,000 expenditure for fish ways was adequate for that purpose. The dam is proposed by a power company.

Form Relief Plan. Plans for an early congressional action on form relief legislation was made today at a White House conference, attended by President Coolidge, Secretary Jardine, Senator McNary of Oregon and Representative Tinch of Kansas, both republicans.

After the conference which lasted an hour, it was announced that a cooperative marketing bill work-

COLORADO CLOSSES DOORS THREE DAYS

(Associated Press Leased Wire.) DENVER, Colo., Dec. 19.—The First National Bank of Rifle, Colo., with capital of \$25,000, and total resources totalling approximately \$200,000, closed its doors yesterday, L. K. Roberts, national bank examiner announced here today.

The action was taken at the initiative of the directors of the bank. This is the sixth bank in Colorado to close in the past three days. The other five are Denver suburban banks.

COLONEL HOUSE IS COOLIDGE GUEST; OBJECT IS SECRET

Secretary Kellogg Is Also Visited—World Court Boost Suspected at Capital.

(Associated Press Leased Wire.) WASHINGTON, Dec. 19.—Colonel E. M. House, for years President Wilson's confidant and appointed by him a member of the Versailles peace commission, is a house guest of President Coolidge at the White House.

The colonel arrived in Washington last night and went at once to the executive mansion. Today he visited Secretary Kellogg at the state department.

His sudden appearance at a time when the President and Secretary of State are seeking advice on the League of Nations invitation to take part in a disarmament meeting, caused a flutter in Washington.

Under President Wilson's appointment, Colonel House was the American member of the committee, which drew up the league covenant at Versailles, and through the acquaintances then formed, has kept himself informed about details of the league's operations.

White House officials professed ignorance of any special significance which might attach to the presence of the colonel as the guest of Mr. Coolidge and the state department declined to disclose what had been discussed with Secretary Kellogg.

President Coolidge also summoned to the White House today Senator Underwood of Alabama, former Democratic leader of the senate and a member of the American delegation to the arms conference held in Washington in 1921. The subject discussed was not disclosed.

The visit of Colonel House not only comes at the moment when the new League of Nations disarmament project is under consideration here, but it coincides with the appearance in the senate of formidable opposition to the administration proposal for membership in the world court.

Colonel House declined to discuss his visit to Washington. Asked whether he had any comment to make on current developments in the capital, he replied: "I am very much interested in the success of the world court and think it will carry."

After his talk with Colonel House Secretary Kellogg went to the capitol and had lunch with Chairman Borah of the senate foreign relations committee.

TWO NABBED WITH 15 GALS. MOONSHINE

(Associated Press Leased Wire.) MEDFORD, Ore., Dec. 19.—O. Catalina and A. Vantura of Weed, Calif., are in jail in Jacksonville today as a result of their capture by State Officers T. A. Talent near Ashland last night with 15 gallons of moonshine in their automobile. The two young men, who said they were enroute to Klamath Falls, will be given a hearing this afternoon.

FRANCE'S DEFICIT 60 MILLIONS PLUS

(Associated Press Leased Wire.) PARIS, Dec. 19.—France's budget shows a deficit of 1,500,000,000 francs (\$60,000,000) despite the 4,000,000,000 francs in new taxes voted December 4. Finance Minister Doumer told the Chamber of Deputies finance committee today.

These figures, the finance minister added, do not take into account several chapters in the pensions and postal departments budgets.

M. Doumer undertook a formal engagement to provide for reimbursement of the two billion francs which the government must annually pay the Bank of France, holding, however, \$25,000,000 francs which the state owns the bank for interest and advances.

He indicated that the receipts from the Dawes reparation payments would go to the devastated regions and not be incorporated in the general budget.

RUSH OF XMAS MAIL IS NOW ON IN FULL BLAST

Confusion Caused by Failure to Provide Proper Postage for Cards.

TRUCK IS ADDED

Extra Force Required to Handle Great Volume of Mail Now Received at Postoffice.

Yesterday was the first big day of the Christmas rush, according to Postmaster C. H. Heinline and now the annual struggle of the postal clerks to keep ahead of the incoming and outgoing mails is on. The volume of mail has been increasing for the past two weeks.

The postmaster reports, but yesterday the tide swept in all at once apparently, and within a few hours the floors were covered with parcels of all sizes, shapes, kinds and descriptions. To complicate matters the usual failure of patrons to properly observe the postal rules created delays and confusion threatening disruption to the orderly handling of the mails.

"Christmas cards must be provided with a two-cent stamp if it is to reach its destination," Postmaster Heinline disparagingly declared. "If not only dang-dongs that fact into the ears of every patron of this office we might be able to get results, but here we are today with a great stack of cards piled up with one cent stamps on them. Some of them have no return address. We're too busy to stop and give notice to the people to whom they are addressed to send extra postage and so the cards can only be held for delivery when someone can get time to work them out."

"We want to give service, we want to expedite the mails, but with such a tremendous rush we must have cooperation. Persons mailing cards should be certain that a two-cent stamp is used, only a regulation government post card can be sent through the mails for one cent."

"Another way in which the postal employees can be aided and a more prompt delivery insured, is to see that all letters and cards for local delivery be marked with the street address wherever possible. Most people just write 'John Smith, City'."

"Maybe the carrier knows John Smith and maybe he doesn't. Perhaps there are two John Smiths and then the carrier can only draw straws to find where the card is to go. Our system when cards or letters do not have the street address upon them is to refer them to the directory service. The letters are handed to the carriers who sort them out. All having the street address plainly marked are set out for prompt delivery. Maybe the carriers know where a certain letter goes even if the address is not marked. If so he delivers it. In many cases, however, he is not certain and refers it to the directory service. A book is kept with the names of persons receiving mail through the office, and some clerk must take the time to look up the address and mark it on the card or letter. This takes time and delays the card."

"It is our plan in the local office to clean up all incoming and outgoing mail every day. The force will remain on duty each day until every parcel, letter, card or other piece of mail is distributed to its proper place. We will start fresh each morning and in this way hope to give the people of Roseburg the best possible service."

"Trains are running far behind schedule adding to the confusion. Because of this fact all mail should be dispatched as early as possible. All mail for outside points in the state and for Washington Idaho and California should be in the mail tonight and at the latest before Sunday night. We presume that all eastern mail, which is to reach its destination before Christmas has already been sent."

"Mail for local delivery, including cards and letters should be in the mail not later than the morning of the 23rd. All postal employees are to receive a holiday on the 25th, and consequently very little of the mail received on the 23rd will be delivered before the 25th."

"In order to facilitate local parcel delivery a truck has been put into service and is carrying out mail to all parts of the city. Other trucks will be added as needed."

"Special attention should be called to the following:

Eve 'N Everything Statue Wrecks Shock Absorbers of Her Kin's Home Town Folks

(Associated Press Leased Wire.) GREENVILLE, S. C., Dec. 19.—Robert Quillen, noted newspaper and humorist, has erected a monument in the front yard of his home at Fountain Inn near here, to Eve, the first woman.

The monument, which Mr. Quillen says is the first that mankind has erected to Eve after an estimated 6,000 years of history, was carved by a local marble cutter and was given this inscription: "In Memory of Eve, the First Woman."

To make the shaft harmonious in every respect, Mr. Quillen had a "nicely carved apple with a twig and leaf" placed below the inscription. But the neighbors "stared at the monument with incredulous horror" says Mr. Quillen in the current issue of his paper, the Fountain Inn Tribune.

"I'm sorry," he adds, "I never hurt anybody's feelings or offended against anybody's pet superstitions. This is purely a family affair. Eve was a fair and charming lady and deserved a finer monument than I have provided for her. It is almost incredible that after over 6,000 years of history none of her kinsmen have erected a stone to her memory."

The author further explains that "Eve was a distant relative of mine on my mother's side," that she was "the first lady of the land," a "reigning belle of her day" and that the monument is an effort to atone for the "unpardonable neglect of her by her posterity."

BALTIMORE, Md., Dec. 19.—John P. Brady, who several years ago erected a monument "in memory of Adam, the first man," on his estate at Bowley's land and Philadelphia road, is dead at his home here today. Until two years ago, when his health broke, he had conducted services at the monument each year.

DUNDEE AND BAYES TO HEADLINE NEW YEAR BOXING CARD

Promoter C. H. Clough, of the city boxing commission, today announced his card for New Year's day. In the main event, ten rounds, Charley Dundee, local lightweight, will be pitted against a scrapper who will make him go the limit—Phil Bayes, the Salem flash, who knocked out Solly Burns, of Portland, in three rounds a few nights ago. Bayes also has a clean-cut victory over Ace Boles to his credit, having defeated the colored boy in Coos county six weeks ago, the judges giving him every one of the ten rounds. This means that Dundee is in for the hardest kind of a battle, but his local admirers claim that Charley will prove equal to the occasion by coming through with a victory.

Archie Walker, the classy little 115-pounder who gave such a fine sample of his wares at the Legion smoker last night, will also be seen on the card. He is scheduled to go six rounds in the semi final with Bobby Clark, a Portland lad, whose acceptance of the match was telegraphed here today. Clark's fighting weight is 117, and he has been setting a fast pace for all the youngsters of his class and around Portland. This scrap ought to be on the wiregrid order.

The customary preliminaries of four rounds each will be included. Mr. Clough has developed some new talent, and he promises his patrons some good entertainment in those numbers. The card will be held in the afternoon, beginning at 2 o'clock sharp in order to provide sufficient time afterwards for arranging the armory for a dance in the evening.

CHARLES HALL TO RUN FOR GOVERNOR AGAIN, REPORTED

(Associated Press Leased Wire.) BISMARCK, N. D., Dec. 19.—A third party movement in North Dakota, in preparation for the 1926 political campaign, was started here last night with the formation of a Farmer-Labor party of this state.

The organization was regarded as a skeleton affair with its final definite status probably not being decided until next February. Those who sponsored the third party idea are members of the non-partisan league. The league itself was not behind the plan, a non-partisan fund, raising of \$10,000.00 fund for relief work, the providing of vocational training for 100,000 men, the cleaning up and reorganization of the U. S. veterans bureau, adjustment of disability claims, the aiding of beneficial legislation, civic activities, modification of unjust sentences, return of war profiteering funds amounting to \$21,000,000, employment work, sponsoring of education week, overseas graves and welfare and rehabilitation emendments, state compensations and hospitalization, showing that each of these projects have been successfully carried out by the American Legion since its organization, justifying its existence and continuation.

The national legislative program for the future will take up the universal draft bill, Bureau pension bill, amendments to the adjusted compensation law, changes in the civil service laws, so that veterans, if they pass the examinations with the highest grades, will be given the positions for which the examinations are held; construction of hospitals and emendments to the Reed-Johnson bill.

Veterans are considerably aroused over the operation of the present civil service law. In several instances examinations have been given and experienced men have received the highest grade. Politicians, however, have appointed the approach.

That the third party will be strenuously opposed by non-partisan league leaders was seen here.

HIGHWAY COMMISSION FACING ALBANY ACTION

(Associated Press Leased Wire.) ALBANY, Ore., Dec. 19.—Members of the state highway commission must appear in circuit court here January 9 to show cause why they should not be arrested for contempt of court in ordering a temporary approach to the new bridge here. They are charged with violating an injunction issued last April against completion of the approach.

LEGION SMOKER HELD AT ARMORY FRIDAY NIGHT

Good Wrestling and Boxing Bouts Presented for Entertainment of Vets.

AMORT IS FEATURED

Local Grapplers Put Up Excellent Exhibition as Feature—Dr. Stewart Gives Talk.

One of the fastest wrestling matches ever witnessed in Roseburg was put on last night at the American Legion smoker, when Paul Amort and Carl Bracher met before a large crowd of veterans from all over the county. Although Bracher was greatly out weighed, he made a good match for Amort and the two wrestlers presented an exhibition which greatly delighted the crowd.

Amort took the first fall in 7 1/2 minutes with a flying winglock. For the first few minutes of the match the two wrestlers struggled desperately, each tried hold after hold only to have their grips cleverly broken. Time and again it appeared that one or the other of the wrestlers had his antagonist down, but by a desperate effort the hold would be broken and the two grapplers would be up and going again.

After 7 1/2 minutes of exceedingly fast going, Amort caught Bracher with the flying winglock and hurled him to the mat for the first fall.

After a short rest they entered the ring again. Bracher fought his way out of one hand scissors after another, undergoing continual punishment, but still struggling desperately. He at last fell victim to a combination head scissor and wrist lock. Amort gained the second fall in 4 1/2 minutes.

The first match of the evening between Busenbark and Metzler lasted 11 minutes. Busenbark led the wrestling until the last two or three minutes, when his opponent clamped on a vicious toe hold which caused Busenbark to pound the mat.

Jack Ryan of Roseburg and Ken Padeford of Sutherland slugged viciously for four two-minute rounds.

Ryan led the fighting while Padeford hammered him viciously with straight lefts. A draw decision was awarded.

The final bout, four 2-minute rounds, was staged between Walker and Dundee. This was an exhibition match with both boxers sparring cleverly, but inflicting no damage. Both boxers are fast and clever and put up a pretty exhibition, concluding the bout with considerable clowning.

The smoker was opened with a program of music by the orchestra, after which Dr. E. H. Stewart, state commander of the American Legion, gave a short talk.

Dr. Stewart pointed out some of the activities of the American Legion, showing what the organization has accomplished. He mentioned the revisions in the national immigration laws which the American Legion has carried through, the welfare work among the veterans, the stopping of contact hospitals, adoption of a uniform flag code, raising of \$10,000.00 fund for relief work, the providing of vocational training for 100,000 men, the cleaning up and reorganization of the U. S. veterans bureau, adjustment of disability claims, the aiding of beneficial legislation, civic activities, modification of unjust sentences, return of war profiteering funds amounting to \$21,000,000, employment work, sponsoring of education week, overseas graves and welfare and rehabilitation emendments, state compensations and hospitalization, showing that each of these projects have been successfully carried out by the American Legion since its organization, justifying its existence and continuation.

The national legislative program for the future will take up the universal draft bill, Bureau pension bill, amendments to the adjusted compensation law, changes in the civil service laws, so that veterans, if they pass the examinations with the highest grades, will be given the positions for which the examinations are held; construction of hospitals and emendments to the Reed-Johnson bill.

Veterans are considerably aroused over the operation of the present civil service law. In several instances examinations have been given and experienced men have received the highest grade. Politicians, however, have appointed the approach.

RUSSIAN HELP IS FACTOR IN VICTORY OF CHINESE TROOPS

LONDON, Dec. 19.—The forces of General Yu-Hsiang, leader of the national people's army, are declared to have met with defeat at the hands of the troops of General Li Chin-Ling, civil governor of the province of Chihli, in a battle on the Yangtze front. The losses in Feng's command are said to have been serious. The battle started Thursday night, when Feng opened with a heavy bombardment. Friday morning Feng made an assault, but was repulsed with heavy losses.

A dispatch to the Daily Mail, sent from the Yangtze front by way of Peking, says that reinforcements for Feng, having Russian rifles, Russian bayonets and quantities of Russian light artillery and mortars, have arrived.

To the north, in the Mukden sector, it is reported that a final battle is in prospect between the troops of the national army and those of Marshal Chang-Tso-Lin, the Manchurian war lord. Although these forces are declared to be well equipped, it is asserted to be they are "lacking the will to fight."

In southern China great efforts are being made by Chinese students to make successful their plan for an anti-Christian campaign during Christmas week. Publications describing Christianity as "the instrument of imperialistic encroachment" are being disseminated.

Marriage License Issued. A marriage license was issued today to David C. Young of Roseburg and Maxine L. Lightfoot of Woonahoe, Washington. A license was issued yesterday to Ivan R. Daly and Gertrude McCurtain of Yoncalla.

NEGRO MESSENGER WITH \$6000 USES GUN ON STICK-UPS

(Associated Press Leased Wire.) WASHINGTON, Dec. 19.—Andrew Beckett, 51, negro messenger with a department's \$6,000 payroll, proved a tough customer today to three highwaymen of his own race who attempted to hold him up.

He grabbed the pistol of one of the robbers and hit him over the head. Then he shot the other two when they tried to get away in an automobile, wounding one of them seriously.

POWERFUL LIQUOR RING CONVICTED AT INDIANAPOLIS

Twenty-Three Defendants Facing Penitentiary Imprisonment and Heavy Fines.

(Associated Press Leased Wire.) INDIANAPOLIS, Dec. 19.—Eighteen men convicted of conspiracy to "smile" the Jack Daniel distillery at St. Louis of 30,000 gallons of pre-war whiskey are at liberty today on bonds of \$5,000 to \$10,000, and five more are held in jail here in lieu of bond waiting sentence December 30, in federal court.

All were found guilty yesterday on charges brought by the government against the men who it called the "higher ups" in a case regarded by its counsel as one of the most important ever undertaken in the central west to halt illegal traffic in whiskey.

Twenty of the convicted men are from St. Louis. Among them are Arnold Hellmich, former internal revenue collector of Missouri; Nat Goldstein, broker and former circuit clerk of St. Louis county; State Senator Michael J. Kinney of St. Louis, and his brother, William, a former deputy revenue collector.

Prosecution attorneys were jubilant today over what they called one of the most outstanding prohibition victories won in recent years.

The maximum penalty for such a conspiracy is two years imprisonment and a \$10,000 fine.

The case concerned the withdrawal of 30,000 gallons of whiskey from the distillery in August, 1923. The liquor was purchased by George Remus, wealthy Cincinnati bootlegger, Remus asserting that through the influence of several politicians the ring had obtained protection from the internal revenue office. Indictments were returned in St. Louis the following month, but trials did not materialize. Seizure of whiskey here in December, 1923, identified as part of the St. Louis stock enroute to Cincinnati led to indictments against 37 persons.

The totals making up the grand total utility bill for the city are: Railroads and city lots, \$1,350,000; improvements on lands not owned or patented, \$1,600,000; railroad under construction, loading roads and rolling stock, \$2,015,000; boats and machinery, \$19,999,792; merchandise and stock in trade, \$47,712,516; farm implements, motor vehicles, etc., \$5,752,551; money, notes and accounts, \$17,938,247; shares of stock, \$14,492,849.90; hotel and office furniture, \$4,573,740; horses and mules, \$5,869,355; cattle, \$12,423,320; sheep and goats, \$2,236,720; swine, \$450,454; dogs, \$146,008; bees, \$79,988; miscellaneous, \$374,819.

In the county figures decreased are shown in the assessed valuations placed on timber lands, non-tillable lands, merchandise, shares of stock, horses, mules, cattle, swine and dogs. In the utility figures decreases are shown in express companies only.

ITALIANS DESTROY AFRICAN TOWN AS ACT OF REPRISAL

ROME, Dec. 19.—In reprisal for the killing of two Italian non-commissioned officers and one artillery man by forces of Sultan Osman Mahomed in Italian Somaliland, Italian troops have destroyed Berral, capital of the sultanate. Warships are blockading the whole of the coast.

The Italians are engaged in changing their nominal protectorate over this portion of Equatorial Africa into a real protectorate, and in some portions are said to have been favorably received by the sultans and their tribesmen. An official announcement says that although Sultan Osman Mahomed had made a declaration of loyalty to the Italians, some time ago, his forces tried to prevent functionaries appointed to confer with him from landing from the Italian warship Camunia at Berral. In the trouble which followed three Italians were killed. The report adds that the Italians immediately returned the attack of the tribesmen and occupied and destroyed Berral.

The official communication regarding the leveling of Berral indicates that the Italians will continue their operations in the sultanate and that the resistance of Osman Mahomed cannot continue much longer.

TAX VALUATION FOR ALL OREGON SHOWS BIG GAIN

Over Twenty-Five Millions Above Assessment Roll for Year 1924.

LANDS BIGGEST ITEM

Public Service Corporation Property One-Seventh of Grand Total, Fourth of Increase.

(Associated Press Leased Wire.) SALEM, Ore., Dec. 19.—The assessment roll of Oregon for 1925, on which the tax levies for 1926 will be based, is an increase of \$25,656,832.30 over the roll for last year, according to the summary which was today completed by the state tax department. The grand total this year is \$1,094,277,512.31 of which \$229,432,311.20 is the total of the summary of the several counties as equalized by the county board of equalization and \$156,505,707.71 is the total assessed property of public service corporations as equalized and apportioned by the state tax commission.

The grand total last year was \$1,058,890,736.61, of which \$810,428,790.32 was the county figures and \$148,454,946.29 the utility company figures.

The increase this year in the county rolls is \$19,068,120.88 and in the utility figures \$6,584,190.32. On the new county rolls the various totals making up the whole are: Tillable lands, \$254,496,585; timber lands, \$69,694,622; non-tillable lands, \$55,954,749.

On the new county rolls the various totals making up the whole are: Tillable lands, \$254,496,585; timber lands, \$69,694,622; non-tillable lands, \$55,954,749.
