SEMI-ANNUAL CLEARANCE

ROSEBURG BOOTERIE Cleans House

The Most Thorough and Complete Housecleaning Ever Attempted.

ALL RECORDS SHATTERED

A woman cleans house more thoroughly than a man and so it is in this case—MRS. BRUNN NAMES THE PRICE—and it takes a lot of nerve to cut prices as deeply as these, but it has been done. Here's a few examples of the way it was done. Well, Irv, here's some Satin Slippers you bought to sell for \$7.50, and they've been in the house too long. Let's give 'em away for a dollar; and here's a lot of patents in odd sizes and some Kid Slippers and some Suede Shoes. Now, see, you have over three hundred pair in that lot to sell for a dollar. Well, if I don't miss my guess, you won't have a pair of these left in the house in less than a week. And so it went all over the store. The stock has been combed and every pair of odds and ends, short and discontinued styles, in ladies shoes, low shoes, children's shoes and low shoes, men's shoes for dress and work and oxfords, have been singled out, prices put on them that ought to sell the thousands of pairs in this sale in the short time allotted for it. You'll say the same thing—it won't be her fault if every pair is not sold.
