You will soon need a tractor to plow that brocoli land. It will not be the best time of the year to plow, so you will need plenty of power to do it with. We invite you to investigate the McCormick Deere-15-hp size. They will pull two or three 14-inch plows to the depth you wish to plow. See the tractor on our floor, or drop us a line and we will mail you circulars. Wharton Bros.

State Highway Commission to Opens Bids at Next Meeting It Is Decided at Today's Session

(Associated Press Local Wire.)

PORTLAND, Ore., Jan. 21.—Work of surfacing the Dalles-California highway (Fremont trail) is to be hurried by the state highway commission for the summer's tourist travel.

Bids will be opened for surfacing the Bend-Lata Hutto section of the road, 10 miles, at the next meeting of the highway commission, to be held here February 25, at 10 a. m.

Other bids to be opened at that time include the surfacing of the gaps on each side of the new Crooked River bridge, a total of 52 miles; for improving the Baker-Siletz reach section of the Baker-Unity highways, 9.3 miles; for a timber-type-of-construction bridge over the slough north of Coos Bay at Hauser on the Roosevelt highway. As the proposed bridge, to cost more than \$100,000 over the Siletz river on the Roosevelt highway is to be re-advertised, the bids for this work will also be opened here February 25.

This work was decided upon by the commission today.

The highway commission was advised this morning by Judge Schannep, of the Umatilla county court, that Umatilla county owed the commission \$68,904. Judge Schannep was accompanied by Commissioners Beano and Hales.

"We have a thousand places in which to put that money, when can you pay it," replied Highway Commissioner H. B. Van Duzer.

"That's it, we need it too," said Judge Schannep. "Instead of my paying you this money, we think the state should expend the sum, \$68,904 on improving the South Road, which is on your map as the Pendleton-Ukiah highway. We think the state should appropriate the moneys we have spent on other highways in our county and wipe off this debt by putting it on the South Road."

"In other words," said Van Duzer, "you want us to wipe off a debt of \$68,904 by giving you more than \$168,000 additional funds."

"Yes, sir."

"We'll take the matter under very serious consideration," declared Duby.

An offer by the Baker county court of a block of land in Baker, one block of the Old Oregon trail, to the highway commission free for machine shop and garage purposes was referred to Chairman Duby for consideration. Action of the offer will be taken at next month's meeting.

The commission spent the afternoon discussing the proposed toll bridge over the Columbia river at Longview with members of the port of Portland commission.

A petition from citizens of Troy and Promise, hamlets in Wallowa county, was presented asking that a road be constructed up the Grande Ronde canyon from Elgin to a point on the Washington state line.

No hope was given that the road would even be considered.

It was decided to pay \$100 for a few square feet of land along the Old Oregon trail adjoining Emmigrant Par. This is done to keep of concession off the park tract.

Action is to be taken at once regarding the park site at Otto Crest on the Roosevelt highway in Lincoln county. The commission will make a cash offer to the owners of the tract, Wilbur S. and Frank W. Badley of Portland.

If the offer is not accepted at once, court action will be commenced this week to condemn the park site.

Little change is shown in the local poultry market. Receipts are liberal and the movement slow. The market continues to show a weak undertone but values are unchanged.
