FORDSON TRACTOR SCHOOL HELD TODAY BY FORD DEALERS

The tractor school conducted here today by the C. A. Lockwood Motor Company was the most successful of its kind ever held in Roseburg. The school was arranged by the local Ford representatives, R. T. Crake and C. J. Paul, factory representatives being sent by the Ford Motor Company as instructors. Mr. Crake has had many years of experience in the manufacture, assembling and operation of Fordson tractors, and is considered one of the best authorities on these machines. During the past year he has torn down and assembled more than 30 tractors in public demonstrations. The school today was held under the demonstration and lecture methods. A new tractor was brought into the room, and was taken apart, each step being explained. The talk included points regarding construction and pointing out accessibility, servicing, care and operation. Fordson principles covering wheel, frame, differential, transmission and clutch construction were explained. In reverse fashion the tractor was assembled and the radiator and cooling system, air washer, carburetor, ignition system, motor construction, belt pulley and lubrication were explained. As the parts were put back into their places the relationship of one part to another was explained. At each operation time was given for questions and the interest taken by the owners was plainly shown by the manner in which they presented their various problems, and queried the instructors regarding certain points on which they were not quite clear. The interest in these tractor schools, which are held each year, was plainly shown by the attendance. Last year there were 120 present and this year over 400 were registered. As there are approximately 500 Fordson tractors in use in the county, the percentage of owners attending was very gratifying. The instructors took up many small points such as various ways of handling the clutch and gears to insure the greatest success, matters of lubrication, care of the motor and such practical facts as will be of great benefit to all tractor owners who attended. The schools have as their purpose the educating of tractor owners so that they can obtain the best results from their machines at a minimum expense, and to teach them to properly maintain the machines so that their upkeep costs will be reduced. The Lockwood Motor Company provided free lunch for all who attended. At 1 o'clock a panorama picture of the group in front of the new Ford garage was taken by C. W. Clark.

JAPS SUE FOR DAMAGES. (Associated Press Leased Wire.) PORTLAND, Ore., Jan. 29.—Defendants in suits for damages aggregating \$30,000 brought by Japanese who were deported from Toledo, Ore., last July filed answers today in federal court making a general denial of any wrongdoing. Eight men and one woman of Toledo are the defendants. They are charged by the five Japanese plaintiffs with having assaulted them July 12, 1925, near the Pacific Spruce Company's mill at Toledo. The answers charge that the company planned to employ white workers with Japanese at the big mill at Toledo.

TUGS STILL HELD FAST BY THE ICE

(Associated Press Leased Wire.) MUSKOGEE, Mich., Jan. 29.—Their craft still wedged in a huge ice floe, five of the eight members of the crews of the fishing tugs Indian and Helen M., faced additional hazards today, somewhere in Lake Michigan between here and Grand Haven, as their food and fuel supplies continued to dwindle.

Hope for their relief rested upon an airplane expedition from Selfridge Field, Mount Clemens. Two planes left the field and are expected here about 11 a. m. Ten pound cans of food and forty pound cartons of coal were assembled at the aviation field here. These the planes will attempt to drop on the decks of the two tugs.

Three youthful members of the crews yesterday fought their way across the ice fields to shore, with reports of the depleted food and fuel supplies. For the older men to attempt the perilous trip across the ice, they said, would have been suicide.

BIG ADVERTISING CAMPAIGN

(Associated Press Leased Wire.) SEATTLE, Jan. 29.—Four hundred lumber manufacturers, logging operators and timber owners in conference here today, were launching a one million five hundred thousand dollar advertising campaign for Pacific northwest woods.

Funds for the campaign are to be raised by assessing five cents for each thousand feet of lumber a mill ships. Logging operators are to pay a similar sum for each thousand feet of lumber sold, and mills that do their own logging will pay both sums. All companies entering the campaign are to sign a three year contract.

Those endorsing the program yesterday included George H. Long

of the Weyerhaeuser Timber Company of Tacoma; J. D. Tennant, Long Bell Lumber Company, Longview; E. D. Kinley, president of the West Coast Lumbermen's association; Mark E. Reed, Shelton, Wash.; Ernest Dodge, Tacoma; Charles S. Keltner, Vernonia, Ore.; Nell Conroy, Hoquiam and George T. Mickle, Portland.

CHEMAWA TEAM WINS

CHEMAWA, Ore., Jan. 29.—The Chemawa Indians defeated the B'Nai B'Rith basketball team here last night by a score of 30 to 29 in a five minute overtime game. Spivok and Nemiro starred for the Portlanders, Nemiro with 15 and Spivok with 10. Rasmussen, Mait and Depoe were the highlights for the Indians.
