**PIERCE RECEIVES PLEA IN BEHALF OF ARCHIE CODY**

**Convicted Slayer of Harney County Sheriff Facing Death on Gallows April 16th.**

(Associated Press Leased Wire.)  
SALEM, Ore., April 8.—Whether Archie Cody, cowboy, will be saved from death on the gallows is now up to Governor Pierce. Cody is scheduled to be hanged Friday, April 16. Yesterday several relatives and friends of Cody, including his father, Barney W. Cody of Jacksonville appeared before the governor and presented a petition signed by several hundred citizens of Jackson county asking that the sentence be commuted to life imprisonment. The governor will not announce a decision until he has read a transcript of the testimony heard at the trial.

Cody was sentenced to death for killing Sheriff Austin Goodman of Harney county. The killing, however, took place in Malheur county while the sheriff was attempting to arrest Cody for passing a bad check. The sheriff died from a wound in the leg and friends of Cody contend that the wound might have been inflicted by the sheriff's own gun.

Governor Pierce yesterday refused to disturb the sentence passed on M. L. Albert of Portland, who was convicted and sentenced to serve a year in the penitentiary for receiving stolen property. He was received at the prison last night.

**Lawyer King Careless.**  
SALEM, Ore., April 8.—Explaining that he had mislaid his transcripts of testimony heard in the trial of Tom Murray, Ellsworth Kelley and James Willos, slayers who participated in the penitentiary break here last August, Will R. King of Portland, their attorney, asked the supreme court yesterday for permission to substitute other copies. This, he said, was necessary so that he can prepare briefs in his appeal to the supreme court. The court is expected to grant the request. The three prisoners are under sentence to hang.

**GRANGE OPPOSES SECRET BALLOT**

Opposition to secret ballots in the senate is voiced in a resolution adopted by South Deer Creek Grange at its last regular meeting. A letter has been sent by the secretary of the grange to the Oregon senators as follows:

Roseburg, Oregon, April 3, 1926.

Dear Senator:

At a meeting of South Deer Creek Grange yesterday, with 60 of the membership present, the following resolution was unanimously adopted:

Whereas, a secret ballot upon the part of the representatives of the people in the United States senate is un-American and contrary to the spirit in which the Union is conceived, and, if permitted to continue, will lead to control of the government by invisible forces, therefore, be it

Resolved, by South Deer Creek Grange, in regular session this third day of April, 1926, that we instruct our secretary to write our senators at Washington requesting them to explain their vote either

for or against the confirmation of Thomas F. Woodcock as a member of the Interstate Commerce Commission, and the necessity for a secret ballot upon the, apparently, simple question.

Trusting that I may have an early reply for the benefit of the members of South Deer Creek Grange, I remain,

Yours very truly,  
MRS. GENEVIEVE DUNCAN,  
Secretary South Deer Creek Grange.

**Give your pipe a chance!**

SOME pipes were "born with two strikes on 'em." Just never had a chance to offer their best. You can judge your pipe only by the tobacco you put in it. If you haven't smoked P. A., your pipe hasn't had its chance. To those men who know the keenest pipe-enjoyment, Prince Albert stands out like a beacon of cheer on a moonless night.

Prince Albert has put pipes into the mouths of more men than any other tobacco that ever came down the pike... and has kept them there! Because no other tobacco is like P. A. \*Cool and fragrant as mountain air murmuring through the pines. Sweet as the breath of spring.

P. A. won't bite your tongue or parch your throat, because the Prince Albert process cut out bite and parch right at the outset of P. A.'s brilliant career. This means that you can hit it up with your jimmy-pipe and P. A. from the minute breakfast is over until you nestle down between the sheets at night. You not only can, but will!

If you're looking for proof, you needn't search beyond the nearest shop where they hand out smoke-gladdness in tidy red tins marked "Prince Albert." Give your pipe a chance. Pack it with P. A. and light up. That first wonderful pull will tell you P. A. was simply made-to-order for you!

**PRINCE ALBERT**  
—no other tobacco is like it!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moisture top. And always with every bit of bite and parch removed by the Prince Albert process.
