

Concrete is the aristocrat of pavements

513,000 Square Yards of Concrete Streets for Eugene

Eugene, Oregon, laid its first concrete pavement in 1920. It has been building concrete streets ever since.

When present contracts are completed it will have a total of 513,000 square yards.

Like many other Oregon cities, Eugene has found that concrete is the last word in low maintenance cost.

Property owners like concrete pavement because its pleasing, light gray color greatly improves the appearance of any street.

And the skid-proof surface of portland cement concrete pavement is especially appreciated in this wonderland of all-year motoring.

Over 1,000 cities laid concrete streets in 1925. Was your city one of them?

All of the facts are in our free booklet on "Concrete Streets." Ask for your copy.

OREGON PRODUCTS SHOWS PROVED TO BE COMPLETE SUCCESS

Display Sponsored by Roseburg Woman's Club Found to Be Very Interesting.

The Oregon Products show sponsored by the Roseburg Woman's Club yesterday proved to be a most successful event in every way except from the standpoint of attendance. Although hundreds of people saw the displays, the crowds were not as large as had been desired. In every other respect the club was given excellent cooperation and support.

Beautiful exhibits of Oregon grown and manufactured products were made by Harth's Toggery, Spencer's, A Man's Shop, Fisher's, Douglas County Creamery, Duds for Men, Zigler-Craven, News-Review, Ladies Shoppe, Bell Millinery, Lingua, Valley Cannery, Roseburg Studio, The Fur, Clark's Studio, Mrs. W. L. Cobb, Mrs. W. H. Gammon, McKean, Darby and Baldwin, Page Lumber Company, Abraham's, The Silk Store, The Vogue, Art and Baby Shop, Madrox and Wetherell, Roseburg Lumber and Manufacturing Company, Palace of Sweets, Roseburg Lumber and Manufacturing Company. Exhibits were also made by the National Guard and Forest Service. The Benson P. T. A. had an exhibit of flowers and sold cook books at their booth.

Each of the exhibits was remarkably attractive and spectators were impressed by the wide variety of products manufactured in the state.

A fine program was given both afternoon and evening, featured by addresses by Dan C. Freeman, manager of the Oregon Manufacturers' association and by A. C. Marsters of Roseburg. A number of musical and literary selections were also presented. Mrs. E. J. Daniap and Mrs. B. W. Maddox were in charge of arrangements and program.

The Woman's Club is deserving of much praise for the success of this year of hard work, and was put without profit, for no charge was made for exhibit space or for admissions. The only receipts were from the refreshments served both afternoon and evening.

The committee has expressed itself as being very grateful to all of those who assisted and aided that think be conveyed to those who exhibited, those who took part in the program, and all who helped out in any way in making the show the decided success that it was.

FOREST WEEK IS BEING OBSERVED BY GLIDE PEOPLE

Roads Being Cleared of Fire Hazards—Campground Prepared at Little River.

Although this is a very busy time for the farmers the plans for the observance of American Forestry week are being well carried out in the Glade society. Considerable cleaning up was done along the highway Monday under the direction of the chamber of commerce committee, and the effects

to rid the teams of the community of fire hazards will be continued through the week.

One of the members of the Glade society, Mrs. J. J. Madsen, has been selected as the representative for the observance of American Forestry week in the Glade society. Considerable cleaning up was done along the highway Monday under the direction of the chamber of commerce committee, and the effects

to rid the teams of the community of fire hazards will be continued through the week.

BOY SCOUT CAMP CONFERENCE WAS A REAL SUCCESS

The training conference on company for Boy Scout executives held at Portland last week was an entire success, according to E. A. Britton, Douglas Coos executive, who attended the session. Fourteen executives of western Oregon and southwestern Washington made up the conference which was conducted by W. C. Wessel of national headquarters at New York.

All hands were there for business and when the whistle blew on Monday morning business began. Subjects discussed on Monday were "Fundamental requirements for successful scout camps," (a) from the viewpoint of the parent, (c) from the viewpoint of the scout council; "Health and sanitation," "Camp Finances," "Leadership Methods," "Buildings and Equipment," and "Transportation."

On Tuesday the subjects were: "Start the day right," "Relationship of Camp to the Troop Back Home," "Camp Advertising," "Parents and Visitors in Camp," "Religion in Camp," "Cooking Methods," "Getting Camp Spirit and Morale," and "Campfire Programs."

The day's program was scheduled to end at 9:30 but did not end until 11 p. m.

Mr. Wessel, the national headquarters representative of the Boy Scouts has had a tremendous lot of experience in camping for boys and after receiving a full report on last year's camp expressed himself to Mr. Britton as being in full accord with all methods used. He was especially pleased to learn of "Safety First" methods employed to govern swimming and that vis-

GLENDALE BOY IS ACQUITTED OF ASSAULT CHARGE

GRANTS PASS, April 20.—A boy named Glendale, this afternoon was cleared of a charge of assault with intent to kill when the jury reported a verdict of not guilty after having been out only 55 minutes. The case was given to the jury at 2:35 this afternoon and at 3:30 the jurors reported to the court that they had found the young man innocent of the crime with which he was charged.

Garrett was accused of inflicting serious injuries on the person of Raymond Lutman, on the night of February 11. Remarks made by the party of which Lutman was a member, led to a fight in which Lutman was cut in five places, suffering severe wounds. A plea of self-defense was made in view of the fact that Lutman weighed 180 pounds in the time of the attack, while Glendale is smaller. Garrett's age was given as 21 and Lutman's as 17.

unprofitable.

"Then what the law puts in the hands of God in the bootlegging, bootlegging will cease," said Ryan, when the law can stop him.

Barnstein thought the realized age of beer and wine would make enforcement difficult.

"It would increase the opportunity to sell hard liquor," he added.

"You have assumed that who did best would be sold in saloons," said the committee, saying that what really was sought was "intoxicating liquor."

STEWIER PLEASD WITH HIS PROSPECT

Mr. Floyd Watton has arranged a school program that will be in effect Friday afternoon at 1:30 in the city school building. A \$1000 decided improvement has already been made in the appearance of the grove before the school.

THREE MEN IN SEATTLE FACING MURDER CHARGE

(Associated Press Special Wire)

SEATTLE, April 21.—William McManis, Edward J. Devlin and Theodore H. Hopkins were charged today with murdering Harry Richards of Everett, Wash., who was shot in a street shortly after their company executives here April 17.

Richards was shot in the chest of a car that was being driven by a machine when attempting to carry away \$200, McManis was captured in an alley by Sanford Nelson, 16, a Postal Telegraph company messenger. Devlin and Hopkins were arrested as bandit companions of McManis and Richards. Another information accused the trio of robbery.

J. H. Henderson and S. J. Jones spent yesterday in Glendale looking after business interests.

NEW SALE SPACE IS SET BY LOCAL MAN

The sale of three new Chrysler cars in one afternoon was the pace set by the H. L. Connolly Motor Company, local Chrysler dealers, Saturday. Guy Dippel, traveling auditor stopping at the Rose hotel, purchased a 38 Chrysler coupe. Foster Turner, manager of the Umpqua Broccoli Exchange, drove a 20 sedan away. L. P. Barstow, minister of the Bible Standard Mission, accepted one of the new standard sedans. Other recent purchasers are: C. M. Butler, George Clark and E. E. Wimberly.

This is one of the best records made so far, and is evidence of the increasing popularity of Chrysler cars. All styles come equipped with lock-shod, four-wheel brakes, which are found in their complete adjustment and efficiency. With a Fisher body, Dues tunnel, and Fisher coil springs, the new Chrysler is listed among the most beautiful cars found on the market.

Tourists passing through Roseburg report large sales in every part of the country, and state that they are more than pleased with the easy operation, smoothness, and service found in their cars. Indications point toward a rapid in-

REMEDY THE CAUSE - END CONSTIPATION

Help Nature give you better health

If your stomach and liver are weak your food is not digested. This causes food to be held up in your body. The usual result is constipation, which causes headache and severe gas pains. For 50 years, people have been cured of this condition by using Chamberlain's Tablets for the Stomach and Liver. They help the digestive organs stop chronic constipation. Get Chamberlain's Tablets today at any Drug Store, only 25c.

After a spell of grippe, a cold, and your head is so sore they can hardly hold up your body, start right in taking Tanlac.

"You know how your system really do improve. Tanlac will right in and put the system in fighting trim. It cleans the blood, revivifies the system, and gives you an appetite for solid food. It makes you feel like a new person."

Nothing will hurt the tickle quite so fast as Tanlac, made after the famous Tanlac formula from roots, herbs and get a bottle to day and get started back to full strength and vigor. Take Tanlac Vegetable Pills for constipation.

WASHINGTON, April 21.—The prohibition law can be enforced in any state where the state or the national government firmly determines to enforce it, Governor Pinchot of Pennsylvania said today in a letter sent to the senate committee which is conducting hearings on prohibition.

"Where in a state there is cooperation, he said, the law is made and enforced, and is administered with the same vigor as the law which he said proved that the law was being enforced to its fullest extent.

"The work which has appeared before your committee," the governor wrote, "have produced nothing that was not known before. The politics, the corruption, the inefficiency, the granting of permits to concerns utterly until to hold them, the huge diversions of denatured alcohol to the bootleg trade.

"During 1925 more denatured alcohol was manufactured in the Philadelphia district than anywhere else in the United States except at St. Louis and Louisville, and more whiskey stored in the Philadelphia district than anywhere else in the country."

"Says and local chiefs of police as a rule were making little or no effort to enforce the prohibition amendment. Many distillers, owners of no interest in producing violations of it."

"Where in the fall of 1923 the Philadelphia police in one evening seized 10 to 20 intoxicated persons and took them to jail on Saturdays, a recent trip during the same hours over the same streets showed only three persons under the influence of liquor."
