Good Citizens!

Are you losing interest in public affairs? Is your right to vote of no value to you?

It is a fact that only about one-half of the legal voters go to the polls. Can a government of the people, by the people and for the people last if this indifference shall continue?

Go to the polls on May 21st and register your will. Get your neighbors to do likewise!

Don't be slacker! Be a real citizen!

WHY MOTHERS WORRY

There is a critical period in a young girl's life. If she is healthy, nature takes care of her and she experiences no discomfort; but if she is weak and worn out, because of neglect, she may become a wreck. The real mother will watch and guard her daughter at this crisis. She knows that Dr. Pierce's Favorite Prescription, a medicine adapted to the weakness of women, is just what is needed to build up a young girl's strength, prevent a collapse and restore her to health. It has helped thousands. Send 10c for trial pkg. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Jay H. Upton
REPUBLICAN

A GOVERNOR FOR ALL THE
PEOPLE OF THE STATE

He was the first candidate to denounce the efforts to scuttle the Direct Primary.

He is opposed to the Bosses but supported by the rank and file.

He stands for:

Reduction of automobile licenses,

Aid to infirm and orphans,

No tax exempt bonds,

Abolishment of the Emergency Board,

Better enforcement of laws and fewer of them,

Co-operative marketing, good roads and highways,

Readjustment of taxes and assessments—Preservation of forests—Reforestation—Reclamation.

IS AGAINST:

Federal game control—Diversion of game license money into general fund—State parole board.

Why Jay H. Upton Is the Strongest Candidate for Governor

W. A. Carter only received 9,435 votes in the entire State when he ran for Governor before, out of a total Republican vote of 88,400.

L. L. Patterson only received 13,005 votes when he ran for the same office the last time, out of a total Republican vote cast of 114,524.

Have they accomplished anything since to make them stronger with the voters?

The Democratic candidate, in the November election, will be dangerous. We should nominate a strong, vigorous and capable young man if we expect to win.

Jay H. Upton, who has never been defeated for a political office he aspired to, is such a man. He has been President of the Irrigation Congress, President of the State Senate, represented Multnomah county in the legislature in 1913-1914 and was for 22 years a resident of Portland. He has the executive ability required of a Governor of the best State in the Union. He will be a Governor for all the people of the State.

Let us boost Oregon by electing Jay H. Upton Governor.

"The Store That Serves You Best"

MOVIE NOTES

Antlers Theatre.

"The Pleasure Buyers", the Warner Bros. Classic of the Screen, which comes to the Antlers Theatre today, is announced as a mystery-thriller that is guaranteed to baffle anyone. Founded upon the novel by Arthur Somers Roche that ran in the Cosmopolitan Magazine, its denouement has been changed, so that even those who read the original story will have a surprise waiting for them, when the name of the real murderer of Eugene Cassenian is disclosed.

Irene Rich is the star, appearing as Joan Wickwell, the charming society woman whose relations with the gay debauchee just before he was killed, cast suspicion upon her. Claude Brook, who is featured, appears as Ted Workman, the former New York Police Commissioner who undertakes to solve the mystery.

Majestic Theatre.

In making "Monte Carlo," Christy Cabanne's latest comedy production for Metro-Goldwyn-Mayer, now on the screen at the Majestic Theatre, Robert Florey, one of the leading authorities on European locale, acted as technical director.

Monte Carlo, the famous Monaco resort, is the background of the story and it was necessary to reproduce with thorough fidelity the scenes of this place.

Florey proved a stickler for detail. The men who took the parts of waiters were thoroughly drilled in the department of a Monte Carlo waiter; the same with the gendarmes, the burlesque and other bits in background.

Low Cody and Gertrude Olmsted have the leading roles in "Monte Carlo" with a cast including Trilby Ericson, Karl Dane, Zasu Pitts, Cesare Gravina, Harry Myers, Eugene Borden and others.
