MOTION PICTURE VERSION "SANDY" COMING TO LIBERTY

"Sandy," one of the most popular newspaper serials ever used by newspapers of the country is now being released as a motion picture and will be shown at the Liberty theatre in Roseburg on July 11, 12 and 13, according to an announcement made this morning by Manager E. A. Gross. The Roseburg News-Review was one of the first newspapers on the coast to publish this popular story, which has created a furor all over the United States. It has since appeared in the Portland Telegram and other leading papers of the Northwest. It has been filmed by the William Fox corporation and is soon to be released. Those who followed the thrilling serial in the News-Review will doubtless be anxious to see the motion picture version of the gripping story.

Wife Helps Elect Hubby

"After having been in bed half the time for a year with severe pains in my right side over the appendix, stomach trouble and bloating, which the doctors seemed unable to reach with medicine, and advised operation as the only remedy, my nurse advised me to try MAYR'S, and its results have truly been wonderful as I am now entirely well and strong and at the last election worked hard to elect my husband." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.

HIGHWAY TRAVEL GREATER THAN IN ANY FORMER YEAR

The paving done for 15 miles north of Redding and the extensive regrading beyond that point, now being completed on a six mile strip near La Moine, have made the Pacific Highway connection with Oregon the best interstate connection California has. It is

WOODS AND DERN TO WRESTLE AT ARMORY MONDAY

Wrestling fans are looking forward to an interesting event on Monday night when Ira Dern, Salt Lake grappler, meets Sailor Jack Woods at the Armory at 8:30 o'clock. Woods and Dern have tangled once before in one of the fastest matches ever seen in the state, and Monday's card is expected to furnish plenty of thrills. At the former match Woods was handicapped by bolts on his arm, being forced to go on the mat with one arm bandaged. In spite of the handicap he and Dern went a fast pace for an hour and seven minutes before Dern obtained the first fall. Woods came back and took the second fall, but lost the third. He is anxious to reverse the score at their match on Monday evening.

TRAFFIC OFFICER'S CONDUCT RESULTS IN RAFFETY FIRING HIM

SALEM, Ore., June 25.—For "conduct unbecoming an officer and a gentleman," A. H. Shortes, a state traffic officer assigned to the Astoria district, has been discharged from the service, according to T. A. Raffety, chief state traffic inspector. Shortes had been a member of the state traffic force for about a year, working the Medford and Eugene districts before being assigned to Astoria. His dismissal followed the receipt of numerous complaints.

TRUCKSTERS HAVE THRILL

V. H. Vornutt and Clifford Smith met with a bit of adventure a few days ago while hauling wood from out in Missouri Bottom. They were moving along the Pacific Highway in an undisturbed frame of mind, when from signals given by passing motorists they turned to look back, when they discovered that their load of wood was on fire. They hurried to the home of Mrs. John W. Weaver and secured water to put out the blaze, which was burning briskly. The fire evidently started from the ashes of Mr. Cornutt's pipe, which he had crumpled into the load of wood a short time before the fire was discovered.

is there any difference in Gasoline? Say

Have you heard that all gasolines are the same—all out of the same spigot—no more difference between two gasolines than there is between two tadpoles?

There is a difference. One tankful of General will tell you just how great a difference there can be in gasolines.

Drive up to the Green and White Sign and say "General" to the Independent Dealer. It's just like telling him, "I want to take hills on high that I never could before—give me a new lease on life for this old car of mine. I want to see it scoot away at the traffic officer's signal like a half-back skirting the end."

And you'll get all that you ask for and then some. Every day we put into every drop of General Gasoline everything that will give your motor power, response and vigor that it never had before. "Fill up your tank and let your engine decide."

approximately 128 miles from Redding to the state line and about 100 of it is fine, wide gravelled road, the remainder being paved. As a whole it is unsurpassed by any mountain road in the country and is travelable all the year round.

Summer travel is already becoming heavy, and is experiencing no inconvenience where the work is in progress near La Moine. The new and straighter grades made last year are speeding up travel greatly. There is a great interchange of tourists between California and British Columbia by this great transportation backbone of the Pacific Coast. This travel is already showing signs of being greater this year than ever, due both to the splendid highway all the way through and the wonderful scenery everywhere.

MT. Shasta alone, along whose base the highway runs for many miles, is an attraction worth going a very long distance to see. Crater Lake also pulls its thousands of motorists up the Sacramento River Route.
