NEW GOLD STRIKES IN JOSEPHINE ADD TO MINING FEVER

(Associated Press Leased Wire.)
GRANTS PASS, July 2.—Following the recent gold strike in the Robertson claim near here, two new rich gold strikes are causing the gold fever in southern Oregon to assume new proportions.

From the hills on the Fiddler's Gulch, associated with early Josephine county mining activity, came word yesterday of another strike which may rival that of the Robertson's in the Gulch district. Specimens of the gold brought in from the Brittany mine, eight miles west of Kerby, shows free gold in every rock. Rich free milling ore was also broken into at the Thompson Creek.

A five-foot vein of the Brittany mine has been cut in seven places at a depth of 65 feet, at which point the rich ore was struck with a cross cut. One sample of 29 pounds sent to the Sany Smelter returned \$140.19, after charges had been deducted. The ore also runs 262 ounces of silver per ton. Local mining men believe the new developments are a continuation of the Robertson body of ore and believe new deposits will be discovered.

The Afterthought Mine strike is in a property that has been worked for 20 years. Ore has been taken out valued at \$20 per ton in the past. Mining men believe the new strike will run as high as \$200 per ton.

Did you ever follow a bunch? It's a pretty good idea. Sutherlin Valley has something to offer.

INSANE PATIENT COMMITS SUICIDE

PENDELTON, Ore., July 2.—John Rasmussen, 26, committed to the eastern Oregon state hospital from Wasco county in 1924, last night committed suicide by hanging himself in his room at the institution. A piece of bed sheeting tied to a window, was used. He was found soon after by attendants, but efforts at resuscitation failed.

TAKE NOTICE

The Roseburg Steam Laundry force will observe Monday, the 5th, as a holiday, therefore no laundry will be picked up Monday. The delivery cars will make the rounds on Tuesday morning instead.

OUTDOOR BOYS TO OPEN CAMP NEXT SUNDAY

The camp for the Outdoor Boys will begin this Sunday morning at Wolf Creek. This includes boys from eight to twelve. To date there are seventeen boys signed up with Kenneth Quino and Jack Wharton, who are making all arrangements for the camp. Tents which are being furnished thru the kindness of Carl Neal of the Umpqua National Forest, will be taken up tomorrow and made ready for the boys. Food and other supplies will be taken up by Mr. Kurtz either tomorrow afternoon or real early Sunday morning. Mrs. Taylor, who cooked for

the boys last year, will be on hand to fill them up again this year. With such a good cook and with plenty of good grub, it is not thought that a commissary should be maintained so this year no candy will be sold in camp and parents are urgently requested not to send a lot of candy (especially cheap candy) to their boys. Fresh fruit, melons, ice cream etc. are much better for them.

Some good times are ahead for the boys and every attempt will be made to teach them something worth while especially that of the value of real fellowship one with another.

NOTICE TO THE PUBLIC

In justice to the public and to myself and associates, who are drifting for oil or gas near Sutherlin, I beg to say to all that neither myself nor my associates have any connection with any campaign for the selling of Sutherlin real estate. We have no interest in any such campaign or in the proceeds of sale, and knew nothing about the movement until we saw the printed advertisements.

NO FIREWORKS ON HIGHWAYS, FORESTS, IS WARNING ISSUED

(Associated Press Leased Wire.)
SALEM, Ore., July 2.—"I wish to call the attention of the public to the fact that it is a misdemeanor to throw any lighted firecrackers on any forest land, road, highway or railroad right of way within the state of Oregon," says State Forester F. A. Elliott in a statement issued yesterday. "Nor does the law apply to firecrackers alone. It applies to any lighted material. Additional patrols are to be placed along highways and at places where vacationists congregate, and these men have been given explicit instructions to arrest all violators of the forest fire laws."

AGED DEFENDANT IN ARSON CASE HAS ATTACK ON STAND

LA GRANDE, Ore., July 2.—After a total of 43 witnesses—17 for the state and 26 for the defense—gave testimony during five days of trial of J. C. Blackington, on charges of arson in connection with an \$80,000 fire at Jumbler, Ore., May 29, the defense rested its case this morning with the stipulation that it would present one more witness this afternoon interrupting states rebuttal.

The case is expected to go to the jury tomorrow. Blackington, 72-year-old defendant, suffered a slight heart attack on the witness stand this morning. Circuit Judge J. W. Knowles granting a recess. Blackington recovered after receiving medical treatment.

Mrs. Blackington, his wife, testified that he had been ill six weeks before coming to Jumbler just before the fire, from their home in Los Angeles.

BOY SCOUTS ARE BACK FROM CAMP AT THREE SISTERS

The boy scouts, who attended the first summer training camp returned to their homes yesterday. They have been camping in the Three Sisters district during the past two weeks. If asked whether or not they had a good time, their answer will, of course, be "yes" and that will be supported by their healthy tan and that scout smile.

Having done at their own cooking during camp, mothers' grub will surely taste good to them. As it was, however, they had plenty and that was well prepared too. The fact that the boys are good cooks, will be supported by Aggie Pitchford and her party who had dinner with the boys.

There were wonderful hikes to enjoy. Some were taken to a few of the lakes near the summit, to Collier Glacier and the Little Brother Mountain, to the tops of the Middle and South Sisters, to Linton Lake and Linton Creek falls and to the Treasure and Lucky Boy Good Mines. There was always something of educational value for the boys on every hike. In fact, one of the main purposes of holding the camp up there, was for educational values, but in spite of that fact the boys found time to work on their scouting and there were twenty-eight merit badges passed during the two weeks.

Wednesday being the last day in camp, an interesting campfire program was held that evening. Final instructions were given, jokes and stories (ghost and cowboy) were told, usual ceremonies held and good night.

They were up bright and early Thursday morning and soon on their way home. For the reason that they rode in borrowed cars as well as for safety sake the speed limit was twenty-five miles per hour. Stops were made every twenty miles for check-ups and inspection of cars. During the stop at Boswell Springs they were invited by the management there to take a swim and swim they did with many thanks to Mr. Hewell.

The next Scout training camp will begin at Wolf Creek on Sunday, July 11th, and run for two weeks. It is expected that there will be a good many scouts there as there are nearly twenty registered now.

LOOKS BAD FOR VARE.

(Associated Press Leased Wire.)
WASHINGTON, July 2.—Any senator-elect spending more than \$25,000 in either a primary or general election would be subject to disbarment proceedings before the senate under a resolution approved today by the senate rules committee. The resolution was offered by Senator Neely, Democrat, of West Virginia, and was amended by the committee so as to express general condemnation of large expenditures of money by senatorial candidates.

The best of everything

"It's perfectly beautiful!" exclaimed the visitor, looking raptly out to sea. "But, oh, my dear, what do you do for provisions, stores, shopping? You are miles away!"

"We have the best of everything!" said her hostess with positiveness. "During the summer a great many yachts, and ships of the Atlantic fleet, find anchorage near the fishing village over there. So the little general store keeps a complete stock of all the best brands—absolutely everything!"

THE BEST BRANDS! It was not necessary, to specify products. Any woman of intelligence and good taste who reads the advertisements knows that there is a best brand for every commodity used in the household. And that brand is sufficient guarantee of excellence.
