

BULLETIN SHOWS FINE PROGRESS MADE IN CITY

Strong Confidence Emphasized by Many New Settlers and Important Transactions.

The Chamber of Commerce official bulletin, being distributed to members today, indicates a very satisfactory condition existing in Roseburg from the improvement standpoint. The bulletin shows that there have been numerous changes and extensions of a business nature, while the program of chamber activities speaks well for the future. The bulletin is as follows:

Strong confidence in Roseburg's future on the part of new people coming here emphasized by the many recent transactions in ranch and city business property. A long time resident of the city made the statement recently that a "newcomer can see the great possibilities of Roseburg and Douglas county better than some of us who have lived here all our lives," and a recent visitor from California told a Roseburg Greeter that "your citizens are unconscious of the opportunities in this valley or it would be highly advertised."

We are sure that there is not a citizen in the city or county but that is alive to our advantages who is alive to our advantages tell others.

Roseburg Rose Co., Inc.—Mr. Chas. Rayner, president of the Vancouver (B. C.) Rose Co. visited our city in April and was most favorably impressed with the soil and climate. He made an inspection of all other sections along the coast and became profoundly convinced that Roseburg was the place for a branch green house.

Mr. Rayner returned with his two sons, Edgar and Rupert, purchased a 15-acre tract in Edenbow near the South Umpqua river and are now busily engaged in the erection of a large nursery plant, specializing in roses, carnations and violets.

Pioneer Drug Store—Mr. W. R. Sieg of Oklahoma, purchased the Pioneer Drug Store in May, after he had made an extensive investigation of Pacific coast cities. He has become such an ardent booster for Douglas county that some of his Oklahoma friends have sent him an application for membership in the Ananias club. Also a few have made the trip here to investigate for themselves.

Mr. Sieg is such a live wire that back in Oklahoma he was made "boss of the town."

Antlers and Majestic Theatres—Mr. F. F. Vincent recently purchased the Antlers and Majestic theatres from Messrs. Marsten and Son.

Mr. Vincent has had many years experience in the theatre business and from present indications the service and attractions in those two houses will be greatly improved.

Umpqua Hotel—Mr. J. O. Harding, with many years of successful hotel experience, purchased the Umpqua hotel from Messrs. Weaver and Weaver.

Mr. Harding is impressed with Roseburg's future. He is anxious to meet every member of the chamber of commerce. Call in and get acquainted.

Palace of Sweets—Mr. J. O. Harney from Colby, Montana, is the new owner of the Palace of Sweets. Mr. Harney has had many years of experience in this business, which, together with his policy of pleasing his patrons, will assure him of success.

Morris Products Company—Roseburg's baby industry, making Red Rose brand potato chips, peanut brittle and salted peanuts. Mr. Morris has been in Roseburg for many years having a wide acquaintance.

Red Rose products compare favorably with the very best in this field and should have the support of all Roseburg citizens by de-

manding Red Rose brand when purchasing potato chips, salted peanuts and peanut brittle.

All the above transactions are strong indications of the confidence being entertained toward Roseburg.

Special booster movies—Mr. Vincent, manager of the Antlers theatre announces that beginning about August 1 he will show a special community booster film each week. The subjects will have a story bearing upon community loyalty, buying at home, better yards, better city, etc.

The entire city will benefit by this series and you are urged to commend Mr. Vincent upon this spirit.

Employment Bureau—Although our employment service has just started we have been able to find employment for a large group of people. We need more requests for help as it has been necessary to turn away many people who we believe would make good citizens.

Application has been received from a man in Los Angeles who seems to be of a very high type and who desires to return to Oregon "for good."

He is 35 years old, married, three daughters, accountant-office manager. Now with large electrical manufacturing. Lived in Portland four years but prefers Douglas county. Seems to be a live wire. Will come for interview.

New Members—The following applications for membership into the Roseburg chamber of commerce have been received and approved by the board of directors.

E. G. Kingwell, real estate.

Sutherland, Benj. B. Irving, civil engineer, Roseburg.

Mr. C. E. Melton has taken the

place of Mr. H. N. Graybill as local manager of the Shell Oil Company.

Trail to Rail Celebration—Eugene is making elaborate preparation for the celebration on the event of the completion of the National cut off which will take place August 19-20. Practically every town in western Oregon will have large delegations in attendance. All organized booster clubs will be present to take part in the parades. The Umpqua Chiefs are taking along our prize winning Legion Drum Corps. The Roseburg band will be there. Many hundreds of our citizens should also go and help prove our enthusiasm for any western Oregon development.

The Southern Pacific is giving a special rate for the round trip equal to a one way fare.

If you desire hotel reservations for the 19th please let us know

immediately.

Diamond Lake and Crater National Park—President Coolidge's coordinating commission will visit Diamond lake about August 9, for the purpose of considering the advisability of including Diamond Lake and the immediate country round about in the Crater Lake National Park.

The commission states they will welcome delegations from southern Oregon to hear why or why not the lake should be transferred and therefore our board of directors has appointed the following committee to confer with the commission: Guy Cordon, A. C. Marsters, T. H. Ness.

Delegates from Bend, Klamath Falls, Ashland, Medford, Grants Pass, have designated their willingness to cooperate with Douglas county and be present at the conference.

North Umpqua Road—On June 29, to July 2, a large delegation from Roseburg accompanied Mr.

Roy A. Klein, engineer for the state highway commission on an inspection trip over the proposed course of the highway up the

North Umpqua to Diamond Lake. The trip was highly enjoyed by Mr. Klein and members of the delegation feel that the trip will

be profitable to Douglas county. Roseburg Chamber of Commerce, H. E. CULLY, Executive Secretary.

Why pay a small fortune for pipe tobacco?

THERE'S NO NEED to slap a mortgage on the old homestead every time you buy pipe tobacco. No sir! Not now, when Granger Rough Cut adorns the shelves of tobacco-shops everywhere.

A few years back, good tobacco *did* cost a fortune. In those days Granger, too, would have been expensive. But today, thanks to large-scale buying, new machinery and more economical packing, it's possible to sell this extraordinary tobacco most reasonably.

All ripe old Burley... the choicest pipe tobacco known to man. Mellowed by the same recipe that made Jim Wellman famous back about 1870. It's cut *especially* for pipes, too... in large flakes that burn slowly, and so (underline this) it smokes cooler... by several degrees!

Cool... spicy... mild... and mellow! No man ever smoked any better pipe tobacco. Not on this planet, anyhow!

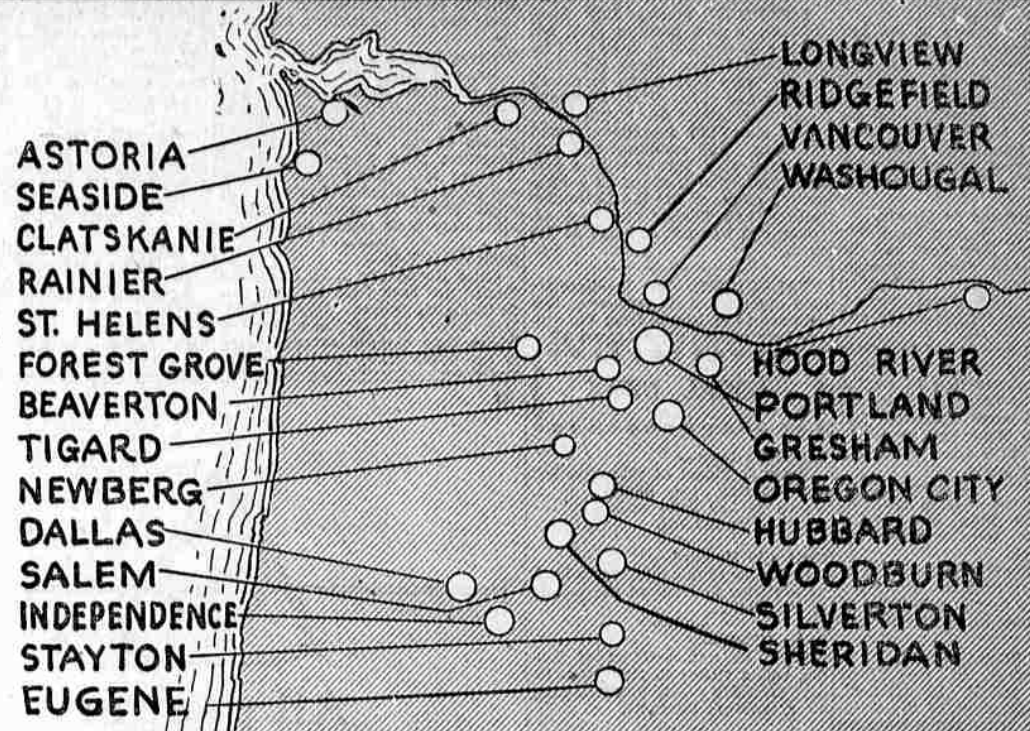

GRANGER ROUGH CUT

The half-pound vacuum tin is forty-five cents, the full-pound package, sealed in an air-tight glassine wrapper, is ten cents

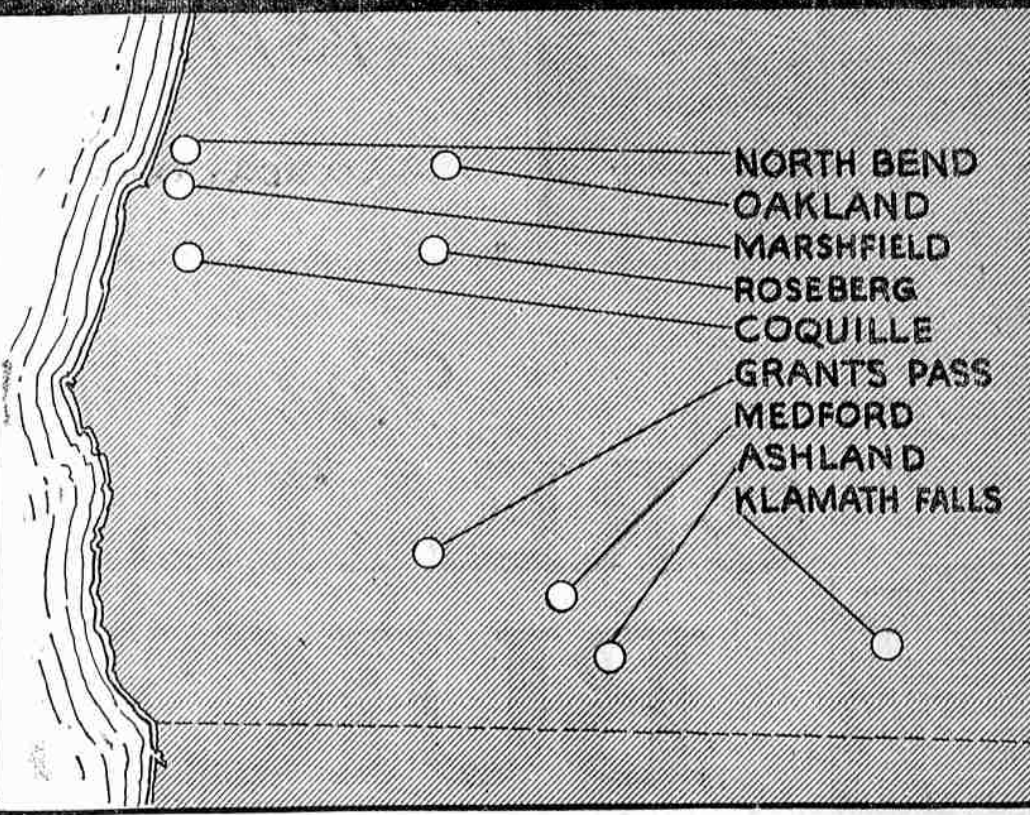

Granger Rough Cut is made by the Liggett & Myers Tobacco Company

20th CENTURY GROCERS

SEVENTY STORES IN THIRTY FIVE CITIES IN WASHINGTON AND OREGON

Avoid Poorly Balanced Breakfasts

Start the day with Quaker Oats—food that "stands by" you.

If you feel tired, hungry, "fidgety," hours before lunch, don't jump to the conclusion of poor health. Thousands have unenergetic mornings because they start the day with wrong breakfasts.

To feel right, you must have a well-balanced, complete breakfast. At most other meals—lunch and dinner—you get it. But breakfast is a hurried meal, often badly chosen.

That Quaker Oats, containing 16% protein, food's great tissue builder, 58% carbohydrate, its great energy element, plus all-important vitamins and the "bulk" that makes laxatives seldom needed, is the dietetic urge of the world today.

Don't deny yourself the natural stimulation this rich food offers you. Get Quaker Oats today. Grocers have two kinds: Quick Quakers, which cooks in 3 to 5 minutes, and Quaker Oats.

Quaker Oats
