

STAND FOR STANFIELD

His Is a Record of Political Service

Why Repudiate Him For a Man Who Prescribes More Hard Work For the Farmer?

"We, the undersigned, believing in Senator Stanfield, on account of what he has accomplished for this state and particularly Douglas County, by unselfishly staying at his post and putting over the O. & C. Land Grant Tax Refund Bill when most senators would have been looking to their political fences, and also appreciating his great ability, and his advantage of being Chairman of the Public Lands Committee of the United States Senate, a position in which he can and will bring great and lasting benefit to the State of Oregon, such as no other senator ever has or perhaps ever can, hereby respectfully indorse his candidacy and tender him our support.

Other candidates have advocated lower taxes as a vote-getter but Stanfield is the only one who has done anything to lower them.

Talk is cheap but Stanfield brought home the bacon

(The Oregonian said he could not put over the Land Grant Tax Refund Bill, but he did. It now says that he cannot, if elected, hold his committee appointments, but he will.)
