### GREATER PAYROLL NEED IS STRESSED BY UMPQUA CHIEFS

Cooperation Urged to Add to Industries of City—Weekly Luncheons May Be Served.

The Umpqua Chiefs held a well attended and enthusiastic meeting last night, the meeting being one of the best to be held during the past two years, according to the opinions of the members. A great deal of interest was shown and much work accomplished. Several talks were made by individual members stressing the importance of greater cooperation in developing Roseburg, particularly in the matter of establishing new industries in the community. In this connection several suggestions were offered and steps were taken to provide for investigations into the matters submitted.

It was held important that Roseburg should work to establish more industries carrying a large payroll, with factories that will make use of the agricultural industries of the county, and also take advantage of the natural resources afforded in the county. The Umpqua Chiefs have decided that they will make their chief work that of endeavoring to bring industries to Roseburg and locate them in or near the city.

A nominating committee was appointed to report in the names of prospective officers for the ensuing year. The annual election is to be held the first Thursday of December.

It was also voted that the Chiefs attend the funeral of the late W. P. Wetherell, who during his life was an active member of the organization.

It was also recommended that the Chiefs endeavor to revive the weekly forum luncheons and an effort will be made to secure the cooperation of the chamber of commerce. It is felt that much good can be accomplished by a weekly gathering held for the purpose of discussing matters of community interest, a forum luncheon being the best method of carrying out this plan. In the minds of the Umpqua Chiefs, a committee was appointed to determine the advisability of attempting to hold these weekly luncheons, the committee being T. H. Ness, C. W. Clark, Lyndon Spencer, J. A. Harding, L. B. Ehlhoff.

### IRRIGATION SITUATION IS UP FOR IMPROVEMENT

Improvement of the irrigation situation in existing districts was the immediate goal of the Oregon reclamation congress held last week. Progress was made in the development of a state wide organization for orderly reclamation with the relief of settlers on sick projects.

Walter Allen, president of the congress, and Dr. W. L. Powers, chief of soils at the college, secretary, were unanimously re-elected. Arrangements for project advisors for the government projects, Umatilla and Hermiston, were made as requested by the congress last year. A uniform crop census form was developed and it is expected to yield information on both the actual production and the productive possibilities of projects.

The congress was \$700 in debt when the present officers were elected a year ago. It is now able to meet its obligations and has a legislative program underway for improving the irrigation situation.

The legislative program is to be submitted to the trustees of the congress and later to a conference of representatives from the reclamation districts to be held in Portland before the next legislative convenes.

Constructive criticisms or suggestions as to improvement in the irrigation situation sent to the secretary will be considered. Any such criticism will be useful to the legislative committee in rounding out the proposed legislation, says Dr. Powers.

### \$6,000,000 WORTH OF WHISKEY SEIZED

(Associated Press Leased Wire.) NEW YORK, Nov. 4.—Two hundred and fifty thousand gallons of whiskey, the largest seizure ever made in this country, was taken over by prohibition officials today when agents took charge of the Keat warehouse in Brooklyn, the largest bonded warehouse in the United States. Chester D. Mills, district prohibition administrator, placed the minimum value of the whiskey at \$6,000,000.

FRIDAY AND SATURDAY

### FUNERAL OF LATE W. P. WETHERELL FRIDAY AFTERNOON

Arrangements for the funeral of W. P. Wetherell, well known Roseburg man, who died from a heart attack yesterday morning at his home, have been completed, the body remaining at the Roseburg Undertaking Parlor until Friday noon. It will then be escorted to the I. O. O. F. hall and will be in state under guard at the casket until the funeral at 4 o'clock that afternoon, with the Roseburg Undertaking company in charge. The services will be under the auspices of Philatelian lodge No. 8, I. O. O. F., Rev. Joseph Knotts, officiating. Odd Fellows and Umpqua Chiefs and other organizations of which Mr. Wetherell was a member will attend in bodies. The body

will be taken to Rogue River for burial.

### MEDFORD HIGH SCHOOL TO PLAY CORVALLIS

(Associated Press Leased Wire.) MEDFORD, Ore., Nov. 4.—The football game next Saturday here between Medford and the Corvallis high school teams, is the home game of the year for the locals, and advance sale of tickets indicates a crowd of 5,000.

The Medford team will play Eugene high school at Eugene November 19, instead of November 20, as scheduled.

A proposal for the locals to play Salem high at Salem, Thanksgiving day was rejected, because of the annual game with Ashland at Ashland.

### MARKET RATINGS

(Associated Press Leased Wire.)

PORTLAND, Nov. 4.—Creamery men have not followed the lead of one local operator who went out into the country with extreme offers for butter a few days ago. Instead cream bids rule generally steady and uniform at the 44 cent level. The butter fat market is none too strong at its best, the

local butter maker assert and will not stand any excessive margin between their bids and cubes.

On the dairy exchange top cubes are used fractionally lower with extras posted at 41 cents. Other grades remained unchanged but the market displayed a weak undertone in the face of the liberal supplies.

No change is made in the print price of butter and local creamery stock, parchment wrapped, is still moving at the 46 cent price.
