

PLEASED BUYERS TELL THEIR FRIENDS

Economy and satisfaction comes from buying dependable articles. Satisfaction alone is worth money, but when you get satisfaction and save money, too, is it not wise to do so?

A firm's reputation can be judged no better than by the kind of goods it sells and the way it serves its customers. Used cars are the best goods to judge from.

Our used car owners have been instrumental in our selling used cars to their friends. This in itself speaks for the dependability of our dealings.

First Christian Church, H. E. Mow, pastor. For no reason at all many people in Roseburg are denying themselves the finest thing offered in this city. "What does it profit a man if he gain the whole world and lose his own soul?" No doubt the church is among the oldest institutions in this city. It has been on the job constantly without a break. It has stood by the city through thick and thin, and every Sunday the doors have been opened for business. That business is to keep the people of Roseburg from losing their souls. It has done a fine piece of work. No institution of the city can begin to show the same amount of good done at so small an outlay of money. The work of the church is unselfish. We are here to help you if we can. Go to church next Sunday. The subject Sunday morning at the Christian church is "The Power of Prayer." The topic Sunday evening is "Conversion." A packed house heard the sermon last Sunday evening on "Marriage." On November 21 another important sermon in this series will be given on "Getting On in the Home." At this service letters will be read from wives and husbands on "Things I wish my husband wouldn't do," and "Things I wish my wife wouldn't do." Now folks write me the letter.

The Woman Who Is Astounding America

Reveals Sensational Secrets of

New York's Society

MRS. PHILIP LYDIG
—the first wife of the late W. E. D. Sinker, a
New York social leader, and daughter of
her mother of the Spanish Duke d'Alba

Mrs. Philip Lydig is astounding America. At last she opens the door to her life-time of experience—her associations with the men and women of New York's ultra-social society. Tragedies that make you gasp are given in boldest relief—and in the next breath she tells you of the ridiculous and often amusing aspects of smart New York society.

TODAY a certain woman is famed as a leader of New York social life. Her husband owns one of the world's most valuable collections of art treasures. Her home is a mecca for nabobs and billionaires. Just a few years ago the same woman was a hopeless outcast. But she learned a little secret and started on the way to social prominence. What was the price she paid? How did she finally remove the last obstacle

—the man who threatened to expose her methods and even bring her husband to financial failure?

This is only one of many such incidents that Mrs. Lydig gives with astonishing frankness in her article: "Frauds of Smart Society." This article is published exclusively in the December issue of The Red Book Magazine now on sale at all news-stands.

Is the Unwritten Marriage Law Passing?

As Discussed by JUDGE BEN B. LINDSEY

OUT of the hodge-podge of thousands of tangled human relationships, Judge Lindsey has evolved a philosophy so courageous, so removed from old standards—so daring—that the nation is staggered.

People, he declares, are making their own rules and laws, to suit their happiness and needs. For example, he says—"The love triangle is often a happy solution to marriage problems! One's love-life is his own and as long as he hurts no one, Society has no right to criticize or condemn."

That infidelity is NOT at the root of marital troubles—but lack of fair play and a feeding of green-eyed jealousy.

That Freedom in love affairs, in marriage, leads to a monogamous marriage of itself. You will gasp mentally when you read this article in the December Red Book Magazine—The Moral Revolt; never before has any publication let such frankness go uncensored. You will suddenly wake up to changes in thought and

action that are cropping up all about you! It is a vital issue—and will be thrust into your own life with tremendous force, if it has not entered already. Which side of the fence are you on—have you the courage to agree with Judge Lindsey?

Who understands people in all their pretense and sham, groping and floundering, better than the author—the real author who does not exaggerate or color—but who paints word-pictures as true and realistic as any snapshot of life!

And never before have we been able to offer you a group of such popular and beloved writers as in this December Red Book Magazine—authors who write of the people of today with a shrewd, understanding that is uncanny in its realism. Such as Rupert Hughes, Owen Johnson, Rita Weiman, Leroy Scott, Virginia Dale, Struthers Burr, Samuel Spewack and others—names that mean stories that live for you, packed with the pulsating romance of Life—its ecstasies and tragedies.
