

## DODGE BROTHERS DEALERS TO HOLD BIG CONVENTION

Probably the largest sales convention ever held in Detroit will open January 5 and 6 when the Dodge Brothers dealer organization convenes for its twelfth annual meeting. Nearly 5,000 are to attend.

In addition to Dodge Brothers and Graham Brothers dealers from the United States nearly a hundred Canadian sales representatives will be present and several foreign countries will be represented.

Sixteen special Dodge Brothers trains from north, east, south and west will start unloading the convention visitors in Detroit Tuesday, January 4. Hotel rooms reserved for their three days stay will be assigned to the guests on arrival.

The meetings, which will combine business and pleasure, are to be held at the new Masonic temple, said to be the largest and most beautiful Masonic edifice in the world. The total floor area of the building is 530,000 square feet or 12.5 acres. It is here that the dealers will hold their annual banquet and stage their annual show. The banquet will probably be the largest ever held in the temple. Factory and dealer talent shown are to be staged in the temple auditorium which seats 5,000 people. The stage is 110 feet wide, 58 feet deep, 78 feet high and has 95 sets of lines.

While the dealers are in Detroit Dodge Brothers, Inc., will stage its annual dealer automobile show displaying the very latest of improved Dodge Brothers types, together with the major types of Graham Brothers trucks. One interesting display will be a touring car of every year since the first Dodge Brothers motor car, which was built in 1914. Art exhibits and charts depicting the next year's advertising and selling campaigns will line the sidewalks.

Many dealers and officials and executives of Dodge Brothers, Inc., will leave Detroit following the convention to attend the New York automobile show. Those who wish are to remain to visit Dodge Brothers and Graham Brothers factories. The entertainment programs and some of the special talks are to be broadcast during the convention over W. G. H. P., which will have a remote control station established at the Masonic temple.

Used cars bought from reliable dealers are durable, dependable and honestly valued. When you buy a cheap new car the depreciation is very rapid. When you buy a good used car the greatest amount of depreciation has already been written off. A good used car sold by a reputable dealer will give more transportation per dollar than a cheap new car of doubtful value.
