LOCAL TEAMS WIN VICTORIES AT BASKETBALL

Eugene Players Defeated by Senior High School 26-17.

JUNIOR BOYS HOME

Medford and Ashland Both Beaten by Youngsters —Ashland Contest Very Close.

The basketball teams of the Roseburg high schools returned yesterday from most successful invasions of rival territory. The senior high school basketeers trimmed the University high of Eugene Saturday night, by a score of 26 to 17, while the junior high school practically clinched the southern Oregon junior high school championship by defeating Medford and Ashland in two games on Friday and Saturday, Medford losing 12 to 8, while Ashland was nosed out by only one point, 15 to 14, in an extra-period contest.

The senior high school team has apparently hit its stride and in Saturday's game at Eugene demonstrated a greater ability than has been shown at any previous game. The teams met upon the floor of the new U. of O. basketball pavillion, and Roseburg had the advantage over the Eugene team because of the fact that the floor is large. The floor of the local high school gymnasium lacks only a few feet of being as large as the regulation court, while the usual gymnasiums are smaller. The Roseburg team was perfectly at home in the big gymnasium, and were able to get their plays working much faster than if they had been in smaller quarters.

Eugene started the scoring but Roseburg soon forged to the front and maintained a lead throughout the entire game, the half ending 12 to 8. In the second half Eugene tried to overcome the lead by desperate long shots. Roseburg's close checking in the first half prevented the Lane county boys from getting the ball down to the basket, and so they attempted to convert long shots but were inaccurate.

Roseburg, however, had good luck in hitting the basket, Swanson particularly dropping in a number of seemingly impossible shots from near the center of the floor.

The local boys play their next game at home, meeting Corvallis high school here Saturday evening. These games with Eugene and Corvallis have no bearing on the conference standing but are doing much to season the Roseburg team which is made up largely of inexperienced material.

Junior High School Wins

The junior high school made an exceptionally fine showing on its trip. At Medford on Friday night the local boys won easily, taking the game by a 12 to 8 score. The game was featured by close checking on both sides, a strong defensive game being played by both teams, as the low score would show. Roseburg led by one basket, 5 to 3, at the end of the half, but increased the lead early in the second half. The game was rather rough and hard fought.

The Ashland contest was one of the fastest and most thrilling ever seen in southern Oregon, witnesses agree. The two teams recently met in Roseburg and staged a spectacular game, in which Roseburg secured a victory only in the last few minutes of play, after the score had run practically even throughout the contest. Saturday night's game was even closer than the one here.

Realizing the fact that the game would undoubtedly be exceedingly close Dr. Finlay, coaching the Roseburg boys, sent them in with orders to get the jump on Ashland and pile up a lead at the very first. Two trick plays went through like clockwork and Roseburg piled up a lead of 5 points before Ashland got started. Ashland soon, however, by desperate playing tied the score at 5 to 5 and by the end of the half had taken a lead of two points.

In the second half the teams were never separated by more than two points and first one team would lead and then the other. As the game ended the score was tied at 12 to 12. The coaches agreed to an extra period of five minutes and the teams, after a short rest, resumed the fight. Roseburg took the first basket making the score 14 to 12, then Ashland tossed a field goal, and the score was tied 14 to 14. Roseburg's hopes sank when two personal fouls were awarded Ashland, but the Lithiatown tossers missed all four shots. Then a personal foul by an Ashland player gave Roseburg two free throws and one of these went through the hoop and the local boys took the game by one point.

The Ashland game was marked by exceptionally fast playing. Both teams functioned perfectly and the game was a clean, hard-fought exhibition which delighted the frenzied crowd which witnessed the exciting contest. The teams used short, snappy passes and were accurate in basket tossing, while the defensive work on both sides was unusually good.

Medford Coming Here

Medford comes to Roseburg for a game with the junior high school next Friday Roseburg having defeated Medford on that team's floor should win here, although the team of that city is an experienced and fast squad and will give the local boys a hard game. If the Roseburg team can win Saturday it will take the championship of southern Oregon for junior high schools, for Ashland, the only contender besides Medford, has been defeated in two games.

Roseburg is making a fine showing in basketball this year. The senior high school team started out poorly, owing to inexperience, but through the efforts of Coach Turner they have been brought up against some strong teams outside en some valuable training to shape them up for the southern Oregon the conference and have been giv- contests. They are now going at a good pace and are showing some real team work. It is believed that they stand an excellent chance of winning the southern Oregon championship and an opportunity of representing this section in the state conference.

TRY THIS SAFE LAXATIVE REMEDY FOR COUGHS

Colds and constipation are so closely linked that the one condition aggravates the other. Cough remedies that contain chloroform or opiates are harmful and intensify the constipated condition. Foley's Honey and Tar Compound is invaluable for coughs and colds as it is free of opiates, is mildly laxative and absolutely reliable for all coughs and throat irritations, hard bronchial coughs, lingering "flu" coughs, bothersome night coughs. Ideal to the tender throat of a child, effective for the stubborn coughs of grown persons. Foley's Honey and Tar Compound is a fine dependable family cough remedy. Ask for it. Sold everywhere.

Thin, Weak Kiddies, Easy Prey of Disease

No matter how much they are cared for, it seems impossible to keep sickness out of the lives of some children.

This fact is a thorn in the flesh of thousands of mothers, who—with premature wrinkles and grey hairs—bravely pay the price of work and worry over the frail and weakened bodies of those they love.

Any Doctor will tell you the dangers of childhood's low vitality, and thousands of mothers will tell you of the wondrous value of McCoy's Cod Liver Oil Compound Tablets. Just think of it—all the old time world known Health, Strength and Muscle building value of Cod Liver Oil—in tiny tasteless form—as easy to take as candy! At W. F. Chapman's and other druggists, 60 tablets 60c.

MEMBERS OF FARM BUREAU EXCHANGE SELECT OFFICERS

The annual meeting of the stockholders of the Douglas County Farm Bureau Exchange was held at the Moose hall Saturday, there being a good attendance of the members. George Burt, Dave Busenbark and William Camp were re-elected as directors. The officers who served last year were also elected to serve another term. The officers are George Burt, president; John Bacon, vice-president; R. L. Trulit, secretary-treasurer and C. L. Banning, manager.

The reports of the past year's work show a decided increase in volume. The usual 4 per cent semi-annual dividend was declared.

The business of the farm bureau has grown to such an extent that the present quarters are hardly adequate and considerable thought is being given to the matter of securing new quarters. Several propositions have been presented, but as yet no definite action has been taken. The stockholders gave a great deal of thought to these matters but left final action to a future meeting.

NOTICE TO CREDITORS

In the County Court of the State of Oregon for Douglas County.

In the matter of the estate of Mabel A. Boyer, deceased.

Notice is hereby given that the undersigned was on the 13th day of December, 1926, duly appointed administrator of the estate of Mabel A. Boyer, deceased, by an order of the above court. All persons having claims against said estate are hereby notified to present the same duly verified with vouchers annexed to the undersigned at the law office of John T. Long, in the Perkins Building, in Roseburg, Oregon, within six months from the date of the first publication of this notice.

Dated and first published December 20th, 1926.

ARTHUR BOYER,
Administrator of the estate of Mabel A. Boyer, deceased. John T. Long, attorney for the estate.

Associated ETHYL Gasoline

(A revolutionary combination)

More power-less gear shifting!

More power because Associated Ethyl Gasoline puts the carbon in your engine to work! Your car takes hills faster—your motor takes on new life, new vigor. Sluggishness vanishes.

As to gear-shifting. Fill up your tank with Associated Ethyl Gasoline and then try some favorite hill. Second-gear hills melt away *on high*. Steep hills are conquered with a greatly delayed shift to second or first. And note how smoothly you creep along in traffic in high gear.

Associated Ethyl Gasoline gives you all those advantages. This super-fuel is regular sustained quality Associated Gasoline [with its distinctive chain of boiling points] to which has been blended a small quantity of Ethyl brand of Anti-Knock compound. Ethyl is the result of seven years of experimenting and study of chemical and automotive engineers in the great research laboratories of the General Motors Corporation.

Additional outstanding points

STOPS THAT "KNOCK"—whether on hills or in slow traffic Associated Ethyl eliminates the cause of knocks and maintains the proper revolutions-per-minute of your engine.

ACTUALLY PUTS CARBON TO WORK! In fact, if your car is full of carbon, Associated Ethyl Gasoline makes it run like new! It utilizes the greater compression caused by the presence of carbon. Your engine turns over faster which means more power, more speed, better control.

GREATER DRIVING SATISFACTION. With Associated Ethyl Gasoline you'll notice faster pick-up, less tendency to over heat the motor, no expense for carbon removal.

Associated Ethyl Gasoline gives you these remarkable results because Associated Gasoline is super-fine motor fuel to start with. The addition of Ethyl compound will not make a high-grade gasoline out of a mediocre or poor motor fuel. It does develop the inherent power-qualities of good gasoline. It creates, within the motor, improved conditions of combustion, so that the gasoline is able to function to its full capabilities. The better the gasoline to which Ethyl is added, the better the performance of the resulting combination.

The color of Associated Ethyl Gasoline is red. But it does not follow that all "red" colored gasolines are Ethyl gasolines. For your protection, fill from Associated Ethyl Gasoline pumps at Associated service stations or the best independent dealers. Try a tank full today!

Associated Ethyl Gasoline is sold for 3 cents above the regular market price of gasoline.

Licensed by Ethel Gasoline Corporation

NOTICE: Dilution of Associated Ethyl Gasoline with other gasoline destroys its effectiveness. Therefore it is important to have gasoline tank as empty as possible before filling with Associated Ethyl Gasoline.
