

Marks of Distinction

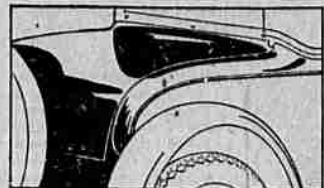

made possible by

Volume Production

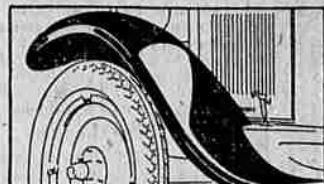

The Most Beautiful Chevrolet in Chevrolet History

In addition to masterly new bodies by Fisher—in addition to a host of mechanical improvements typified by AC oil filter and AC air cleaner—the Most Beautiful Chevrolet offers certain features heretofore regarded as marks of distinction on the costliest cars. These are made possible at Chevrolet's amazingly reduced prices only because volume production results in definite economies and because Chevrolet now, as always, passes these savings on to the buyer in the form of added value.

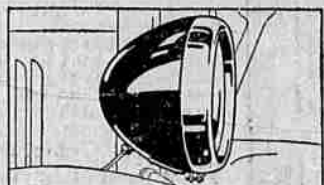

No other car, as low in price, offers such features as fish-tail modeling, full-crown one-piece fenders, bullet-type lamps and the like. Come in—and see for yourself!

FISH-TAIL MODELING—which adds a distinguished sweep to the rear deck contour of the Roadster, Coupe and Sport Cabriolet.

FULL-CROWN (one-piece) FENDERS—obvious quality features which lend substantial grace to the sweeping body lines.

BULLET-TYPE HEADLAMPS—with cowl lamps to match. Rake-like, smart and up-to-the-minute in style.

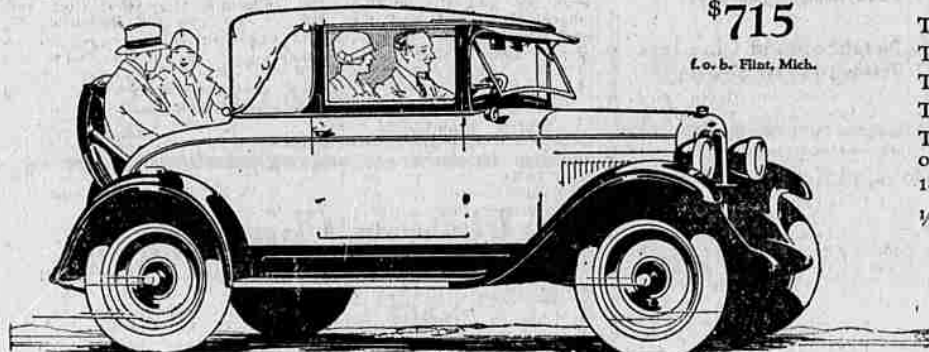

TIRE CARRIER—mounted on the frame free from the body; rigidly supported by heavy steel brackets.

RIVAL ARMIES CLASH; FATE OF CHINA IN DOUBT

(Continued from page 1.)

ization" of the Shanghai area. It was said, but merely for the "exemption" of that area from hostilities between the two Chinese fac-

tions. Officials declined to throw any further light on this diplomatic distinction.

The proposal was sent to American minister MacMurray for transmission to the northern and southern war lords. No word has been received from him.

PEKING, Feb. 5.—Reports received here from Chengtu, Szech-

wan province, yesterday, said ninety six Americans had been expelled from that state and 120 remained.

Among the last to leave were dist Episcopal Church, and Dr. Bishop G. R. Grose of the Methodist University, a Methodist Institution. Dr. Beach's family accompanied him.

Britain Won't Stay Out
LONDON, Feb. 5.—Great Britain has no intention, for the present, at least, of retreating from its decision to land an adequate force of troops at Shanghai to defend British nationals in case of outbreaks against foreigners.

As though to emphasize the government's determination to be prepared for eventualities at Shanghai, the foreign office denied that a proposal had been made to Eugene Chen, the Cantonese foreign minister, to divert to Hongkong the transports now converging on Shanghai. Such an offer was reported to have been sent to Chen in answer to his stand that he would sign no agreement unless the British withdrew their Shanghai defense force.

Borodin Real Obstacle
Michael Borodin, styled adviser to the Cantonese government, is again charged with instigating the decisions of Chen—this time by Lieutenant Colonel Amery, British secretary for the colonies. In a speech at Birmingham the secretary said: "The voice we heard was the voice of Chen, but behind

it was Borodin. While Borodin is a Russian, the Soviet authorities have pointed out that he has no official connection with the Soviet government."

Priests Cruelty Victims.
HANKOW, Feb. 5.—Somewhere in the icy slash covered wilderness of northwest Hupeh province, two Catholic priests are held captive by Chinese who stabbed and beat them after destroying their mission January 29.

The priests are Fathers F. MacDonald and Patrick O'Connell, members of the Saint Columban's mission. Their church in a village 150 miles up the river Han from Hankow was attacked by a mob of 2,000 Chinese, said to be members of the farmers' union. After robbing the church the mob destroyed it.

The priests were stabbed, beaten, derided and marched barefoot into the wilderness in mid-winter. The only clothing left them was their trousers and underwear. When they disappeared in the early morning hours, the temperature was near freezing.

No word has been received of them since they were carried off. Appeals to the nationalist foreign office brought promises of immediate freedom for the priests but they are still missing.

BROCCOLI CROP STARTS MOVING ABOUT FEB. 15

(Continued from page 1.)

District	Total Acres	Acres yet to be Harvested
Los Angeles and Orange	2,500	1,000
San Diego	700	700
Ventura	200	150
Santa Maria Val.	2,000	2,000
Colma	400	
Salinas-Del Monte		
Junet	500	250
Alameda	680	150
Santa Clara	550	100
Contra Costa	220	100
Total	7,750	4,450

Prices Are Low

The heavy shipments drove prices down in the southern part of the state to as low as 60-65c per crate, but the eastern markets absorbed them with little break in price and they went up again to 90c per crate, f. o. b. cash track. Further north, where the output was less, prices have ranged 90c to 95c per crate, while a few cars in the Alvarado district in Alameda county brought as high as \$1.50 for exceptionally fine stock.

The truck crop report of H. A. Harris of the U. S. bureau of agricultural economics, of Jan. 5, reported conditions in southern California as follows:

Colma: Shipments from this district will probably not exceed 30 cars from now to the end of the season. The acreage devoted to black broccoli previously estimated at 25 per cent of a total crop will not be over 15 per cent. The total acreage of cauliflower planted for shipment was estimated at 400 acres.

Alameda and Santa Clara Counties: The quality is much improved since last report. Sizes are small. Cold weather has retarded growth and the movement is light. Yields are averaging about 40 per cent of a normal.

Santa Maria-Guadalupe: The condition of the crop is lower than it was a month ago and is now placed at 85 per cent of a normal. Re-planting will be necessary in some places due to water standing in the fields. Planting is still going on and a warm winter will be necessary to bring these late plantings to maturity.

FINE IMPOSED FOR FAILURE TO GET DOG LICENSE

The city's policy of collecting dog licenses is beginning to bear results and numerous licenses are being issued. Earl Allrich, a dog owner who declared his intention of not taking out a license on his dog, was fined \$5 in the city court this morning and was in addition required to pay the fee necessary to obtain the tag which all dogs must bear.

Mr. Allrich, according to the report made by the city officers, became hostile when approached by the marshal regarding the matter of procuring a license, and declared that he would not pay the fee. He was put under arrest for owning an unlicensed dog. Canine remarks concerning the city's policy resulted in a fine of \$5 in addition to the license fee which was finally paid.

Last year the city employed a man to make a survey of the entire city to locate unlicensed dogs. This year it was thought that better results could be secured by offering a reward of fifty cents for information furnished concerning

unlicensed dogs. Where several reports come in on the same animal the fee is paid to the one making the first report.

PEDESTRIAN INJURED

According to word received from Myrtle Creek today a pedestrian, whose name was not learned, was badly injured yesterday evening when he was struck by a car driven by a hit-and-run driver. The transient was said to have been walking along the road near the Warm Spring Camp when he was struck and run over by a large sedan travelling south. Mark Smith, who resides nearby went to the assistance of the injured man, and found that the driver of the automobile had not stopped to give aid. Mr. Smith had a hard time to get the transient, as the man's leg tried to drive everyone away from his master. The leg was finally subdued and the injured man taken to Myrtle Creek, where he was found to be suffering from a crushed hip.

amusement. A prize for the best costume went to Mrs. Frank Moore.

During the evening games were in progress and several found entertainment in cards or music and dancing. Afterward refreshments were served. About 50 attended the affair.

Mrs. F. R. Dunlap, Eugene matron who formerly made her home in this city, was the house guest of Mrs. C. R. Fromm at her home on South Stephens street a few days this week. Mrs. Dunlap was a guest at the Hard Times party given by the ladies auxiliaries of the B. of R. T. and O. R. C. on Wednesday evening.

Panelled Neckline Is New Style Note

"A delightful change in the arrangement of the neckline has come about through the return of a shaped panel in the front of the blouse," says Anne Rittenhouse, authority on women's styles, who discusses the coming fashion trend in McCall's for February.

"It is of soft, colorful fabric. It is an old fashion, but none the less gracious for that fact. It was first introduced in flesh pink crepe, the translucent kind, and so many coats now."

this color holds first place now. But there is a trend toward other gentle colors. A few of these vests carry sleeves.

"The open, elongated neckline is good on every woman, and it is the thin vest that makes it possible. To further this idea, it is better to leave the panel unadorned and to narrow it sharply as it goes downward."

In discussing the new coats Miss Rittenhouse says:

"Women's top coats, which have grown shorter throughout the winter, will just cover the hips to be in style for spring."

"There is a strong insistence on short coats this year. Half the women in the country have been cutting inches off their coats to bring them into style. They grow shorter as spring approaches. The top coat now ends at the knees though furled at shoulders. But the coats that go South, those which prosage new fashion, just cover the hips. One striking model is sleeveless. Pockets, though, are plentiful."

"Smart women coming from Europe are wearing good-looking top coats of tweed and homespun, often without fur. One style suggests the military coats worn during the war. Large pockets and small belt give it a rakish air. A gray silk scarf goes with it, as with crepe, the translucent kind, and so many coats now."
