When You Catch Cold Rub On Musterole

Musterole is easy to apply and works right away. It may prevent a cold from turning into "flu" or pneumonia. It does all the good work of grandmother's mustard plaster.

Musterole is a clean, white ointment, made of oil of mustard and other homey simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of all sorts.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.
