## CANTON ALIEN QUARTER UNDER SIEGE, REPORT

(Continued from page 1.)

### Internal Strife Brews.

LONDON, April 1.—Reuter's Shanghai correspondent says there are increasing signs that Chinese labor is beginning to chafe "under the tyranny of the red unions."

Union headquarters at Ningpo and Hangchow have been attacked and burned by workers whose chief complaint is that the general labor union is controlled by a small dictatorial clique whose members punish and persecute any who dare disobey orders or disagree with their methods.

The workers also complain they are not benefited under the new (Nationalist) regime owing to the prevalence of strikes and lockouts which have closed many shops. Briefly, the correspondent says, the workers in Ningpo and Hangchow feel that they were better off before.

Only meager details of the troubles in those cities have reached Shanghai, but there are indications in Shanghai that all is not well in the Kuomintang camp.

While a meeting of moderates yesterday was passing a resolution asking Chang Kai-Shek, the military commander, to eliminate the Kuomintang, another meeting comprising the left section was demanding expulsion of the conservatives and moderates, and immediate restoration of the foreign settlements to Chinese hands.

The correspondent says trouble is believed to be brewing between the two sections in Shanghai and that the Reds are expected to win.

### Marines to be Ready.

WASHINGTON, April 1.—Orders for the concentration of 1500 additional marines at San Diego, Calif., to be held there for possible duty in China, were approved today by Secretary Wilbur.

At the White House it was said that President Coolidge does not expect the marines to be sent to China, at least immediately. It was indicated that he considers the concentration a precautionary step.

### Change Reported Ousted

SHANGHAI, April 1.—Reports from usually trustworthy sources indicate that Chang Kai-Shek has been dismissed as generalissimo of the Cantonese armies by the Hankow government. All indications are that Chang is concentrating his resources in the Shanghai district to defy his dismissal.

### American Refugees.

HONGKONG, April 1.—Twenty-four American men, women and children, mostly from the Christian College at Canton, arrived here today aboard the steamer Fatsihan.

### SHANGHAI, April 1.—(A. P.)—

War has warped the land and great things have come upon China but the coolie, when he is not oppressed into an army or another, often to be shot as he plods under his heavy load goes on today as he did when the Manchus ruled this vast domain.

For him life has only one meaning—it is labor. So he chafes as he trudges along, chasing away the devils of fatigue.

The coolie is the one thing in China that has remained unchanged. Politics has caught the fancy of students and professional classes and, to some extent, that of the business man. The older and more conservative Chinese accept the new order with the best grace they can.

Most of the reluctant believe it is useless to hold out longer and are Europeanizing or Americanizing themselves. But the coolie goes on as he has since the years were young, eating his rice and fish, when he can afford fish, and sleeping presumably in dreamless sleep under some makeshift shelter.

The newcomer is suspicious of this changing air, but he soon learns it is not theatrical nor an indication of a joyous heart but is the outward manifestation of an age-old belief that in this way the spirits that tire the body can be driven out.

The coolie wears the garb of centuries ago, the butter bowl hat, cheap wooden shoes or slippers if anything on his feet and around his equator there is less than the law would allow in other countries.

### Agitation Unabated.

SHANGHAI, April 1.—Threats of disorders and anti-foreign agitation in the northern ports of China were claiming most of the attention of the American authorities today.

The United States destroyer William B. Preston has arrived at Chefoo, on the northern part of the Shantung peninsula, while the destroyer Pillsbury has left Shanghai for Tsingtao, on the southern part of the peninsula, where large Japanese naval forces also are concentrating.

### Americans Getting Out.

A move which is looked upon as signaling the beginning of complete American evacuation of the upper Yangtze region is the official closing and sealing of the United States consulate at Chungking by the consul, Walter A. Adams, on March 30. Mr. Adams is remaining aboard the gunboat Monocacy off Chungking until he hears from the handful of Americans remaining in the interior of Szechwan province as to their intentions—whether they have decided to heed the call and seek safety or remain at their posts.

It is understood that after the consul hears from these Americans the United States gunboats in the upper part of the river will be withdrawn.

### U. S. Patrol Shifts.

Threatening situations are reported at Wuhu and Hankow. Rear Admiral H. H. Dough, on the United States patrol vessel Isabel, left the Nanking region, proceeding farther up the river to Wuhu, where parades and demonstrations were scheduled for today. The few Americans and Britishers remaining at Wuhu were directed to remain aboard warcraft in the river throughout the day, the British and American authorities having decided upon all precautions to avoid clashes with the Chinese mobs.

### Peaceful Aliens O. K'd

CANTON, April 1.—The provincial government has issued a warning to the Cantonese not to molest the peaceful foreigners in China.

Hongkong dispatches Wednesday said detachments from the American patrol vessel Helena and the British gunboat Tarantula had constructed a machine gun emplacement covered with iron plating back of the bund in Shameen, site of the foreign concessions in Canton. French lines of defense also were said to have been fully prepared.

Reuter's Hongkong correspondent yesterday said he was reliably informed that more than 300 Americans remained in and around Canton, and that they had not been advised to evacuate the region.

### British Warned to Leave

CANTON, China, April 1.—British women and children are understood to have been ordered to evacuate the native city of Canton and proceed either to Shameen, the foreign quarter, or to Hongkong.

A company of British soldiers is expected here for defense of the foreign settlement.

### Amoy Seamen Strike

AMOY, China, April 1.—Under Kuomintang (Nationalist) direction, local seamen went on strike today, paralyzing shipping. Kuomintang propaganda is continuing and other strikes are looked for. Otherwise the Amoy region is quiet.

Twenty seven vessels of the Japanese second fleet have arrived here on the annual China cruise.

### Portuguese Ordered Out

MACAO, China, April 1.—All foreign women and children have been ordered to evacuate Koung-mong, which lies up the river from Macao. It is understood some have already left, including the wife and daughter of the commissioner of customs.

Macao is a Portuguese dependency at the mouth of the Chukiang, below Canton and opposite Hongkong.

### Adventist Order Withheld

WASHINGTON, April 1.—The foreign mission board of the Seventh Day Adventist church has decided that it will not order its missionaries home from China, but will leave the responsibility for their safety in the hands of the church's authorities at Shanghai.

The board's order designated the far eastern division conference of the church, located at Shanghai, to hold the workers in the far east, including the Philippines, East Indies and Japan, awaiting developments in China with a view to returning them to their Chinese stations with the quieting of conditions.

The church has 203 missionaries in China.

### NEW QUAKE SPREADS TERROR IN JAPAN

(Associated Press Leased Wire.)  
LONDON, April 1.—An Exchange Telegraph dispatch from Tokyo says a heavy earthquake was reported at 6 a. m. this morning throughout western Japan.  
The districts which suffered in the disaster early last month are panic stricken, the dispatch adds, but from the reports thus far received there appears to have been no casualties.

### RAIN HALTS GAMES

(Associated Press Leased Wire.)  
SAN FRANCISCO, April 1.—Rain today caused the Pacific Coast league games in San Francisco and Oakland to be postponed.  
The Portland Beavers were scheduled to play the San Francisco Seals here and the San Francisco Missions to clash with the Oakland team.

### GOV. PATTERSON SETS FOREST WEEK

(Associated Press Leased Wire.)  
SALEM, Ore., April 1.—April 24 to 30 inclusive is designated as forest week in a proclamation issued here today by Governor L. L. Patterson. The governor's proclamation was made in accordance with one issued by President Coolidge setting aside the same days as American forest week.

### NO SPANISH MURDERER FOR KING TO PARDON

(Associated Press Leased Wire.)  
MADRID, April 1.—A time honored holy week custom of the king is to pardon a murderer, but this year there is no one to be pardoned. The government has advised the monarch that no one is awaiting execution and that no one was executed last year. This is commented on by the newspapers as a good omen for Spain's future, and it is emphasized that since General Primo de Rivera came into power crime has decreased considerably.

### CASCADE LIMITED TO START RUNNING APR. 17

PORTLAND, Ore., April 1.—The "Cascade Limited" is the official name adopted for the new fast Southern Pacific train which will be operated over the company's new line between Portland and San Francisco when the new schedule becomes effective on April 17. The Limited will leave San Francisco at 4:40 p. m., arriving in Portland the following day at 4:05 p. m., a reduction in time between the two cities of about four hours.  
The "Shasta" will retain its present name and will travel over the same line as at present, leaving San Francisco at 7:40 p. m., but arriving in Portland at 11 p. m. the following evening, one half hour later than the present schedule.

### CATHOLIC DAUGHTERS TO MEET IN EUGENE TOMORROW

EUGENE, Ore., April 1.—Representatives of the Catholic Daughters of America from the seven chapters of the organization will be here tomorrow for the annual state convention of the order.  
Among the officers coming to the convention will be Mrs. Frank C. Mollett, of San Francisco, national director. Mrs. Joseph Keber of Mount Angel, Oregon, state president, will also be here.
