"For a Greater Douglas County"

It is impossible to sell local products to a few sister cities in Southern Oregon, because the citizens of those cities will not buy products shipped in that can be made in their "home town." That increases their payrolls and keeps their money working at home.

If EVERY loyal citizen of Douglas County would FAITHFULLY and CONTINUOUSLY DEMAND Douglas County Products, the increase in business to our farmers and manufacturers would be very large.

Over 100 more people would be employed..... About $150,000 would be added to our Annual Payrolls.

AND ALL THIS MONEY WOULD REMAIN IN THE COUNTY.

We, therefore, urge that you demand local products in making future purchases.

BATH TUB STUNT PROMOTER ENTERS FEDERAL PRISON

(Associated Press Leased Wire.)

ATLANTA, Ga., April 13.—The federal penitentiary here was the locale today for a new act in the life of Earl Carroll, New York theatrical producer, sentenced to a year and a day for perjury in connection with his "bath tub party."

An overture not more elaborate than for any one of twenty other prisoners accompanying Carroll from New York, was arranged by prison officials.

A fitting in the prison uniform, registration and a visit to the barber shop, were among the new formalities attendant on his exchanging a name that sparkles over Broadway for a number.

Railroad officials planned to call Warden John W. Snook shortly before the train arrived to inform him that a special car was ready to be shunted into the prison's private spur track. The producer's wife was a passenger in another part of the train, but was not permitted to visit with him during the journey. It was thought she would not see him again until he is permitted to have callers at the prison.

Mrs. Carroll has announced she will live in the city during her husband's imprisonment.

Keep in Trim!

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of *Doan's Pills*, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. *Ask your neighbor!*

FARMER CHARGED WITH MURDERING HIS SON'S WIFE

(Associated Press Leased Wire.)

KLAMATH FALLS, Ore., April 13.—James H. Grayson, elderly Modoc county California farmer, was bound over to the Klamath county grand jury yesterday on the charge of murdering his daughter-in-law, Mrs. Myrtle Grayson, on the streets of Malin, March 26.

Grayson offered no testimony on his behalf but his attorney moved for dismissal of the charges holding that the state's own witnesses showed indisputably that the shot was either fired accidentally or was intended for John Sullivan.

Witnesses of the state today told of threats which Grayson had uttered against his daughter-in-law and Sullivan. It was said that Grayson had been laboring under the illusion that Sullivan was infatuated with Mrs. Grayson whereas Sullivan was engaged to Mrs. Grayson's sister.

HALF OF COUNTIES TO USE BLUE BLANK, EARL FISHER SAYS

KLAMATH FALLS, Ore., April 13.—At least one-half of the county assessors in Oregon will use the "Blue Blanks" in securing assessments of property, Earl Fisher, state tax commissioner estimated yesterday. Mr. Fisher conferred here with County Assessor W. T. Lee.

"I have received communications from about 50 per cent of the county assessors in the state," Mr. Fisher said, "and I judge that probably half will use the Blue Blank for taxing information. Due to the opposition which has arisen over this new law I imagine that many of these assessors who favor the "Blue Blank" law will be persuaded to drop it."

HIGH SCHOOL TO MARK FINALE OF KLAMATH STRIFE

(Associated Press Leased Wire.)

KLAMATH FALLS, Ore., April 13.—A monument to one of the bitterest civic controversies ever waged in the northwest, a municipal fight that waged for years and finally came to an end in the state supreme court, will soon be a thing of the past when the half-completed Hot Springs court house which has long overlooked Klamath Falls will be razed to make room for the $300,000 Union high school building that will be built this year.

The Klamath court house fight came to an end four years ago, but on top of Hot Springs hill stood an ever present reminder of the folly of municipal strife.

Over $70,000 was spent on the building before it was abandoned in favor of the present main street court house. Ten years later, the county is forced to pay $4,793.88—the successful bid of the W. D. Miller Construction company—to remove the old building. Miller is given all the material.

MURDER CHARGE AGAINST CLARK

(Associated Press Leased Wire.)

KLAMATH FALLS, Ore., April 13.—Formal charge of first degree murder was placed yesterday against Frank Clark on the charge of slaying his former wife, Mrs. Nellie Clark, April 2.

Clark will probably be arraigned this morning before Justice of the Peace W. B. Barnes, and a hearing will be set for later in the week. Clark has admitted firing the fatal shot which resulted in the death of Mrs. Clark, but holds that he intended the bullet for Mrs. Clark's companion, C. W. Stephens.
