McGRAW NOT READY TO QUIT, HELM OF GIANTS

(Associated Press Leased Wire.) NEW YORK, June 16.—Advises received by New York newspapers from staff men with the Giants in St. Louis today cast doubt on a statement credited to John McGraw by the St. Louis Post-Dispatch to the effect that he would turn over the active management of the New York Giants to Rogers Hornsby after next season. The version of correspondents of New York papers is that McGraw said Hornsby would in all probability succeed him when he did retire. Charles A. Stoneham, president of the Giants, after reading the Post-Dispatch story, as carried by The Associated Press, said: "I telephoned Mr. McGraw in St. Louis. He denied having made any such statement. I can't understand it."

U. S. CHANGES IN RADIO BROADCASTS IN EFFECT

(Associated Press Leased Wire.) CHICAGO, June 16.—Radio rods over new federal charted airways last night and in almost every instance found the new roads better than the old. There was some confusion but it was mostly among set owners twisting their dials exploring as they sought favorite stations on new wave bands ordered by the federal radio commission. Stations that had been on established wave lengths since they first went on the air were found half way around the dial from their usual places; others were only a point or two removed, while still others came in on their familiar bands. Station managements appeared more concerned over the reallocation than listeners. Several announcers requested the opinion of their audiences on the change, and fans' replies are being quite generally favorable.
