Never before has an automobile manufacturer utilized broadcast facilities in connection with its announcement, and never before, except in the case of presidential addresses and the homecoming of Lindbergh, has any feature, commercial or otherwise, monopolized the great nationwide broadcasting network. Buick's action in engaging the three great broadcasting chains was consistent with Buick's leadership in the automobile world, a leadership which charges any Buick announcement with unique interest.

Those who prefer may tune in at home on any or all of the three Buick programs. The Pacific network, broadcasting a concert orchestra program, also specially arranged for the Buick announcement event. Each program will last one hour. Since
