

A Rare Dish! Baked Omelet Souffle

Try It!

4 eggs
3 tablespoons hot water
1/2 teaspoon salt
1/2 teaspoon pepper
1/2 tablespoon Argo or
Kingsford's Corn-
starch
1 tablespoon Mazola

Heat the Mazola in a quart-sized baking dish, rubbing the sides with the hot oil. Separate the eggs, beat the whites stiff and the yolks till creamy. Add the cornstarch, water and seasonings, fold in the whites, transfer to the heated baking dish and bake twelve to fifteen minutes in a hot oven, 375 degrees F.

MOST women think an Omelet Souffle is difficult to prepare. This recipe proves it is not. And it also proves how generally useful Mazola is for all cooking—three uses from a single can—a perfect fat for frying—a shortening equal to butter in richness—a salad oil of the highest quality.

This recipe is from Ida Bailey Allen's New Book "The Modern Method of Preparing Delightful Foods"—see coupon below.

INSTALLS ELECTRIC SIGN
S. C. Kury, owner of Kury's store, formerly the Pletcher company, has completed the installation of a fine new electric sign.

The front of the building has also been tinted and an attractive sign painted there. The new electric sign is of quite unique design and is a fine improvement.

PRODUCT OF GENERAL MOTORS

DILLARD GARDENS YIELD EXCELLENT CROPS THIS YEAR

The Dillard bottom presents a very lively appearance at the present time as the road stands and doing a wholesale business and are being liberally patronized, not only by tourists but by many local people, who are making the short trip frequently to Dillard to secure products fresh from the gardens of that locality.

The watermelons this year are particularly good. The crop was somewhat smaller than usual and due to the late summer the melons are maturing later, but what is lacking in volume of the crop is being made up in quality for the melons are excellent this season. Muskmelons are also of good quality this year but the crop is smaller due to weather conditions. Cantaloupes will come on next week. The tomato season is now at its peak. There is a fairly large crop of tomatoes, but there has been some loss due to sunburn. There has been a good corn crop, the quality being excellent. The Dillard growers are disposing of their products almost entirely through the local markets and through their road stands.

NEW CHANGES IN CITY CHARTER ARE PROPOSED

(Continued from page 1.)

preceding the expiration of their terms of office. There is no occasion for any change in this section.

One Polling Place
Section 12 provides that the council shall designate one or more places in each ward for holding the election and shall appoint three judges and two clerks for each polling place. As above indicated, Section 14 of chapter II of the state constitution provides that the election officers for regular city elections shall be the same as the election officers appointed to hold the state and county elections. Section 12 of the charter should be amended accordingly and should also be amended so as to provide that for all special elections where all of the voters vote upon the same proposition, there shall be but one polling place, which shall be at the city hall and further that for such elections, the council may, in its discretion, provide for two election boards; one to receive the ballots and the other to make the official count. Such amendment would materially decrease the cost of holding special elections.

Section 13 provides that the recorder shall give ten-day notice by publication in some newspaper published in the city of each general election, the officers to be elected thereat, the places designated for holding the election and the judges and clerks appointed to conduct the same. There is no reason why the names of the judges and clerks should be set forth in the notice, and I recommend that such provision be eliminated.

Qualification Voters
Section 14 defines a qualified voter as a person possessing the qualifications of a legal voter of the state of Oregon, who has been a resident of the city for 30 days and of the ward in which he offers to vote for ten days preceding the election and also provides that he shall be the owner, in his own right, of real or personal property, situated within the city and shall have paid a tax thereon or be subject to pay a tax thereon, as shown by the last assessment roll of Douglas county for the purpose of voting for city officers. The property qualification cannot be enforced. *Livesey vs. City of Roseburg*, 77 Or. 195, 150 Pac. 859, says: "Whether the same rule would obtain in an election held purely for the purpose of determining whether the city would adopt or reject a measure involving solely a question of taxation has not been determined by any decision involving that exact question, although in *Oregon-Wisconsin Timber company vs. Coos county*, 71 Or. 462, 142 Pac. 575, it was held that Section 6391, L. O. L., prescribed the qualifications of voters at road district meetings to taxpayers, was not violative of section 2, article II of the constitution." In the *Pearce* case, the supreme court declined to pass upon the question, because it was not properly presented. In the case of *Oregon-Wisconsin Timber company vs. Coos county*, above referred to, the Oregon supreme court, in an opinion by Mr. Justice McNary, held in effect that section 2 of article II of the state constitution, which provides that in all elections, not otherwise provided for, every citizen of the United States of the age of 21 years and upwards, who has resided in the state for six months, shall be entitled to vote, refers to elections for public officers only. From the whole in the above case, it is reasonable to assume that the supreme court could uphold a charter provision requiring property qualifications for voters voting upon matters of taxation or bonding. I wish to have your advice as to whether or not such a provision should be included in the charter.

Section 15 provides that the mayor, recorder and treasurer shall be selected by the qualified voters of the city and the councilmen by the qualified voters of the wards. There is no occasion for any change in this section.

Section 16 provides that all elections shall commence at 9 o'clock a. m. and shall continue until 6 o'clock p. m. Section 3895, governing state and county elections, provides that the polls shall be opened at 8 o'clock a. m. and remain open until 8 o'clock p. m., but authorizes an adjournment of one hour at 1 o'clock. Section 16 of the charter provides for an adjournment for one hour at noon. This section of the charter also provides the manner of selecting judges and clerks to take the place of any judge or clerk who fails to attend, but provides a different manner of selection than that provided in the state law. Secs. 3894 and 3895 Or. L. This section should be amended so as to conform in all respects to the state law.

Section 17 prescribes the qualifications of judges and clerks of elections and provides that each of them shall receive \$4.00 for serving at any election. An attempt was made some time ago to change this provision regarding compensation, but there is some question in my mind as to whether or not the amendment was properly adopted. In any event, I recommend that this section provide that the compensation of judges and clerks shall be fixed by resolution of the council and further that in the case of general elections, a reasonable portion of the compensation of the judges and clerks be paid by the city to the county.

Cannassing Vote
Section 18 provides that on or before noon of the day following the election, the returns must be filed with the recorder and that on the second day after the election, the council shall meet in regular or special meeting and canvass the returns. These provisions cannot be conformed with in the case of general elections for the reason that at such elections the names of candidates and initiative and referendum measures are placed upon the same ballot used for the election of state and county officers and the returns are filed with the county clerk and are not ordinarily canvassed for several days after the election. This section should be amended so as to provide that at the next regular meeting of the council, after the receipt of the abstract of votes from the county clerk, the council shall proceed to canvass the same. As to special elections, it should provide that the votes should be canvassed at the next regular meeting.

Section 19 provides that the result of the election shall be made a matter of record in the journal of proceedings of the council. No amendment of this section is necessary.

Section 20 provides that the recorder shall deliver a certificate of election to the person elected. No amendment of this section is necessary.

Section 21 provides that the certificate of election is primary evidence of the facts therein stated, but that the council is judge of the qualifications and elections of the mayor and its members and that the council shall determine contests subject to review by the circuit court; and section 22 provides that all contests for office other than mayor and councilmen shall be determined in the manner provided by the state law. I do not know of any reason for making any change in these sections.

Time of Taking Office
Section 23 provides that the term of office of each person elected to a city office shall commence on the first Monday of November after his election. On account of the change made by section 14a of article II of the state constitution, the regular election for the election of city officers will not be held until after the first Tuesday after the first Monday in November, and if section 23 were permitted to remain as it now stands, a person elected at a city election would not take office until practically one year after the election. It has been suggested that the term of office be made to commence on the first day of January. Please advise me what change you wish to have made in that regard.

Section 24 prescribes the form of oath of office to be taken by all city officers and there is no occasion for any change in this form.

Section 25 provides that, except as otherwise provided in the charter, all laws of the state governing elections shall apply. It is unnecessary to make any change in this section.

Section 26 provides that an office shall be deemed vacant upon the death or resignation of the incumbent or upon such incumbent ceasing to possess the qualifications of an elected officer and further provides that the office of mayor shall be deemed vacant whenever the incumbent shall absent himself from the city for a period of 30 days, but gives the council the right to grant the mayor a leave of absence for a period not exceeding 60 days and further provides that the office of councilman shall be deemed vacant when the incumbent ceases to be a resident of the ward which he represents or fails to attend four consecutive regular meetings. I do not have any changes to suggest in regard to the provisions of this section.

Section 27 provides for the filling of vacancies in this office. As to the office of mayor and councilmen, it is provided that the council shall elect a person to fill the vacancies, whose term of office shall continue until the first Monday in November after the next general election. This provision was made some time ago to change the term of the councilmen to the first Monday in November should be changed to conform to the change made in section 23. Section 27 further provides that a vacancy in the office of recorder or treasurer shall be filled by an appointment by the mayor by and with the advice and consent of the council, to continue during the remainder of the term. Unless otherwise advised by the council, I will not make any other change in section 27 except as above suggested.

I shall be pleased to have your advice upon all of the matters above referred to and any other matters in connection therewith which may present themselves to you.

Respectfully submitted,
CARL E. WIMMERLY,
City Attorney.

The council took these matters under advisement until next meeting at which time a decision will be made regarding each of the recommendations.

Bridge Plans Delayed
It had been hoped to have the plans for the new concrete bridge at last night's meeting, but the state engineer reported that the plans have not yet been completed, but will probably be available by Thursday of this week. It was voted to hold a special meeting of the council next Monday to go over these plans.

The matter of larger water mains to afford fire protection to parts of the city, now served by mains too small to furnish an adequate supply of water was discussed at length. The recent fire in West Roseburg, where four houses were burned, largely because sufficient water was not available, was brought out as positive example of the seriousness of the water situation. A study is to be made of the water supply system and the fire commissioners will recommend such changes as are deemed necessary to give protection to all districts.

L. W. Ingles appeared again protesting the continuance of the city dump ground in its present location, claiming that the fumes are obnoxious. He was advised that the council is obtaining data on the cost of an incinerator.

A report was made on the cost of resurfacing W. Douglas street showing that the cost was about 7.9 cents per foot.

A request was received from the city recorder asking for an increase in salary to \$150 per month.

**'TED' POST BACK
AS ADJUTANT AT
SOLDIERS' HOME**

E. A. Post, for several years a resident of this city, has returned here after a year's absence and will relocate. Mr. Post has accepted a position which he held while making his home here before, that of adjutant at the Soldiers' Home. Walter F. Hohensee, who has held the position since October 16, 1926, has resigned to go to Alberta, Canada, where he will visit with relatives until the first of the year. Mr. Hohensee plans to return to Roseburg to live but has not decided what line of business he will take up. Mr. Post for the past year has been located at Newberg and Portland. Mrs. Post, who was a member of the county health department here and has been connected with the Multnomah county health unit in Portland, will join her husband in this city in December.

Plenty at Idlewild Park.
**COOLIDGE MAY
EXTEND VACATION
IN SOUTH DAKOTA**

(Associated Press Special Wire)
RAPID CITY, S. D., Aug. 16.—Events at the summer White House are so absorbing themselves that the President and Mrs. Coolidge may prolong their visit in the Black Hills until possibly late in September.

Mr. Coolidge's calendar appears to be filling rather than diminishing as the days go on, with engagements dated now as late as the second week of next month. The Rapid City high school, where the chief executive has his temporary offices, has arranged to delay opening until September 15 "or even later," although school originally was to have opened September 6.

Tomorrow the president will review the Indians on the government reservation at the Pine Ridge agency where another active Indian program has been prepared for him. The Indians will employ the hour that Mr. Coolidge is their guest by showing him how their forefathers did their war dances in full regalia of war paint, feathers and tom-toms. The dusty red skins plan to show their war whoops and perform their antics for the president's approval. He will make the trip by train and motor.

The next day Mr. Coolidge is to visit a government veterans hospital at Hot Springs, S. D., going by special train.

WHEN you hear that there is "Plenty of Rubber" in U. S. Royal Cords, you may perhaps wonder why every tire manufacturer does not announce the same policy.

This Company holds a unique position.

We own and operate enormous Rubber Plantations. One of them is the largest producing rubber plantation in the world.

We invented and control the process of making Sprayed Rubber—which is the purest and most uniform rubber known.

We invented and control Web Cord—the process for putting plenty of rubber between and around the cords of a tire.

From the planting of the trees, right through to the tires on your car—Plenty of Rubber in U. S. Royal Cords.

United States Rubber Company
Trade Mark
UNITED STATES TIRES ARE GOOD TIRES

Question: What difference does it make to me that the United States Rubber Company grows and controls its own supply of rubber?

Answer: It makes a lot of difference to you. Good tires must start with plenty of the right kind of rubber. The right kind of rubber starts with the right kind of rubber trees. Among other methods for producing plenty of superior rubber latex, bud-grafting is the best. Bud-grafting has been practiced on the United States Rubber plantations for many years. If you ride on U. S. Royals you get the benefit. If you do not ride on U. S. Royals you are missing something extra good. Either way, it makes a lot of difference to you.

J. W. Vaughn, of Tiller, was a Roseburg visitor over Monday and was looking after business matters.

FIRE NEAR VANCOUVER CAUSES \$20,000 LOSS

VANCOUVER, Wash., Aug. 15.—Damage estimated at \$20,000 was caused by a fire yesterday afternoon which swept the Boccane farm at the edge of the city limits. Two barns, two warehouses, five chicken houses and 1,000 hens, four calves and an automobile were destroyed.

Camp at Idlewild Park.

DOERNBECHER HOLDINGS
SOLD FOR \$1,250,000

PORTLAND, Ore., Aug. 15.—Bruno P. John, former vice-presi-

dent and superintendent of the Doernbecher Manufacturing company, third largest furniture manufacturing plant in the world, sold his interest in the concern—\$1,250,000—to executives of the concern on July 18. It was learned by the Telegram today.

H. A. Green, general manager and heaviest stockholder in the concern, was the principal purchaser. Other directors were involved to a lesser degree.

A small amount of the stock was distributed among various department heads of the concern.

Myers pumps are reliable. We have a complete line in stock. Wharton Bros.

Sacco-Vanzetti Protesters

Stirring views of the Boston police dispersing a protest gathering of Sacco-Vanzetti sympathizers on historic Boston Common! Above you see the officers breaking up the crowd; at left below, the arrest of Harry Carter (arrow) one of the leaders; and at right, May Donovan, secretary of the Sacco-Vanzetti Defense Committee, on the platform from which patrolmen a moment later dragged her by the heels. It was the placards in front of her and similar sentiments expressed by speakers which actuated the police.
