## Prune Growers

Forming a pool for canning prunes. Liberal advances. Growers of other canning products see me Saturday at Cannery office, Roseburg.

FRANK J. NORTON

## WATERMELONS ARE SELLING LIKE HOT-CAKES IN DILLARD

"The watermelon business is great this year," declares J. P. Williams and Son, proprietors of the Dillard Garden stand at Dillard. "We can't keep enough melons on hand at the stand to supply the trade and instead of planning to ship to other points, we believe the local market will take all we can raise."

Other Dillard growers report similar good business and the highway between the long row of fruit stands at Dillard is quite congested until late at night with parked cars.

## DOLLAR DAYS AT CARR'S

For 4 days, Saturday to Wednesday, we offer several dozen items at a special price of \$1.00 each. Dresses, bed spreads, aluminum, glassware, pottery, rugs, purses, serving trays, etc. Many about half price at \$1.00. See the display at Carr's—where you save."

## SOUVENIR

His new fiancée: How can I make sure you won't forget about our engagement when you go back to the city?  
He: Well, dear, you might—

—let me take along the ring as a constant reminder.—Life.

## CARD OF THANKS

We wish to thank our friends for their kindness and sympathy extended in our bereavement in the death of our husband, father and grandfather, E. H. Smith, and for the many beautiful floral offerings. Especially to Dr. E. V. Hoover and H. C. Stearns are our thanks due.

Mrs. E. H. Smith,  
Mr. and Mrs. J. H. Beckley,  
Mr. and Mrs. Clair High,  
Mr. and Mrs. Herbert Bellows.

## RUBBING IT IN

First movie actor: So the pistol was loaded with ball instead of blanks; well, that certainly was tough.

Second movie actor: Oh, I wouldn't have minded it so much, but the director yelled, "That isn't the way to fall when you're shot, you poor sap."—Life.

## TOO LATE FOR HOMICIDE

"Naught on my eyes he faded slowly."

Growing day by day more frail, bearing sweetly all his suffering, without murmur, without wall.—A Chicago paper's "In Memoriam" column.

"Not, evidently, a typical Chicagoan," comments the New Yorker.

Five brief morning minutes is all you need to put a piping-hot dish of tasty, wholesome Albers Carnation MASH on your breakfast table. It helps take the work and worry out of breakfast preparation! Try it tomorrow!

Albers stands for Better Breakfasts

## SUNDAY AT THE CHURCHES

The First Methodist Episcopal Church, corner of Main and Lane streets. The Sunday school meets at 9:45 a. m. The Junior church service and all parents are urged to have their children attend. The Epworth League will meet at 7 p. m. This Sunday morning James McClintock will preach. He will also hear him. In the evening the union service will be held at the Christian church, Rev. Achor preaching the sermon. A cordial invitation is extended to all.

Bible Standard Temple, corner of Douglas and Chadwick streets, E. E. Crook, pastor. Sunday school at 9:45 a. m. Every one who does not attend Sunday school elsewhere is invited to attend. The pastor will preach at 11 a. m. Richard Hedrick, "the Little Minister," will preach at 11:15 a. m. Sunday afternoon, and again at the Temple in the evening at 8 o'clock. Following the four day's meetings by the Little Minister, Brother Foster, a returned missionary from India, will preach the rest of the week. Everybody is urged to join the revival.

Church of Christ. The tent meeting in Bellow's park came to a close last evening. We will resume the work and worship in the meeting house, located on corner of Cobb and Roberts streets, a week from next Lord's day, as most of the congregation is moving to Eugene next Lord's day, the 21st, for services. We wish to thank those who attended, and listened so well. C. T. Springs, minister.

Catholic Church, Kane and Oak streets, August 21. Mass and sermon at 7 a. m. Catechism classes and Biblical instruction at 8:45. Second mass and sermon at 9:30 a. m. Glendale. Mass and sermon at 9:30 a. m.

First Church of Christ Scientist. The regular services of First Church of Christ Scientist, are held in the church edifice, 312 East Douglas street. Sunday services are held at 11 a. m., and Wednesday services are held at 8 p. m. At the Wednesday evening meetings—testimonies of Christian Science healing are given. Sunday school for pupils to the age of 20 years convenes at 9:45 a. m. The reading room with side entrance to the church building is open daily except Sunday and holidays from 2 to 4 p. m., where the Bible and all authorized Christian Science literature may be read, borrowed or purchased. The subject for next Sunday's lesson is, "Mind." A loving invitation is extended to the public to attend the church services and use the reading room.

The Methodist Episcopal Church at Dillard. T. F. Allen, pastor. Sunday school at 10 a. m. R. A. Decher, superintendent. While the attendance was fine last Sunday, yet we took third place with Camas Valley and Looking Glass in attendance. Just try coming out to church in the good old summer time. A cordial welcome is extended to you. So, all together this Sunday. Tell your friends.

The Methodist Episcopal Church at Looking Glass. T. F. Allen, pastor. Sunday school at 10 a. m. T. Rodley, superintendent. We take this opportunity to thank those who helped us get back in first place in attendance. This is where we belong, however, do not rest on past accomplishments for we daily lead by three and very little to boast about. We are depending on Looking Glass people to hold up the honor of our Sunday school. Invite your friends to come study God's holy word and in so doing you will be helped yourself.

The Methodist Episcopal Church at Ten Mile. T. F. Allen, pastor. Sunday school at 10 a. m. T. Godfrey, superintendent. We were unable to get our reported attendance in for last Sunday, therefore, do not know where we stand with the other four churches. Everybody come on Sunday so we will have a good showing to report next week. Preaching at 7:30 p. m. Come worship with us.

The Methodist Episcopal Church at Camas Valley. T. F. Allen, pastor. Sunday school at 10 a. m. W. Reetz, superintendent. Preaching at 11 a. m. We had second place in Sunday school attendance last Sunday. Does this satisfy the Camas Valley folk? If not show your colors this Sunday. Just a little personal word and over the top we go! Everybody say Amen! Something to think about these hot days!

Stewardship. I bought gasoline; I want to the show; I bought some new tubes for my big radio; I bought candy and peanuts, nut bars and ice cream; While my salary lasted. Life sure was a scream!

It takes careful spending to make money go around; One's methods of finance must be sound. With habits quite costly, it is real hard to save; My wife spent ten "bucks" on a permanent wave.

The church came 'round begging. It sure made me sore! If they'd let me alone, I'd give a lot more. They have plenty of nerve! They forget all the past! I gave them a quarter the year before last.

(From the Lookout).

Baptist Church. Sunday school at 9:45. Carlos M. Page, superintendent. Preaching at 11 by Rev. Earl Cochran, of Tacoma. Mr. Cochran is a good preacher, a fine singer and one of the best

The ten-year-old evangelist, Richard Hedrick, who has preached from many of the large platforms in the east, will hold a meeting in the Bible Standard Temple here.

The meetings will begin Sunday, Aug. 21st, and continue for four days.

Richard is known as the "Little Minister." He was at one time the wonder child of the screen, but was converted from the movies to the ministry. Richard has spoken, and played his violin over the radio.

Everybody is cordially invited to attend these meetings.

evangelistic leaders of music in the northwest. Be sure to be on hand at these services.

Christian Church. Preaching services at 11 a. m. Sunday morning. James McClintock will bring the message. Union services in the evening at the Christian church. Strangers and visitors in our city are welcome to these services.

Lutheran Mission. 214 Cass street. Every first and third Sunday of the month. Divine service 3 p. m. R. Trautmann, pastor, Eugene, Oregon.

## SLASHING FIRE EAST OF TOWN DRAWS BIG CROWD

The burning of a huge slashing on the Boyer Brothers place east of Roseburg attracted a great crowd of spectators last night. The slashing was very dry and burned with a great flare and was a very beautiful sight, particularly after dark. Many carloads of people from the city went out along the Dixonville and South Deer Creek roads where good views of the fire were obtainable. At Dixonville a grass fire was set out to protect the buildings at the road intersection from damage and this fire also was quite spectacular for a short time.

NEW YORK, Aug. 19.—Increased activity in new business in the lumber industry for the week ending August 13 was shown in reports from 849 of the leading mills of the country to the National Lumber Manufacturers association, compared with the week before. Utilized orders of new business in shipments and new business, the heavier in new business, and a nominal decrease in production. Compared with a year ago, new business was larger, production the same and a slight gain in shipments. Hard wood operations were smaller in production and shipments, but over the orders the week before. Utilized orders of 233 southern pine and west coast mills were 625,924,864, against 626,370,926 feet the previous week.

LINEN LUNCH SETS, \$4.00. Pure linen cloth and 4 napkins. Assorted color stripes. One of the big specials at Carr's dollar days, Sat. to Wed.

## DAILY WEATHER REPORT.

U. S. Weather Bureau Office, Roseburg, Oregon. Data reported by Arthur W. Pugh, Meteorologist in charge.

Krinkle Bed Spreads 80x90, colored stripes only, each \$1.00

PURSES, SCOOTERS, DOLLS, GLASSWARE, ALUMINUM, TOWELS, PICTURES, SILVER PIECES, SCARFS, RUGS, ETC.

## Explosion of Sun Like One on Star Recently Would Result in Earth's Destruction, Prof. Frost Asserts

(Associated Press Leased Wire)

CHICAGO, Aug. 19.—An explosion of the sun, similar to that which occurred recently on the star Nova Aquila of 1927, as it is designated, would bring death and destruction to the earth, Professor E. H. Frost, of the Yerkes Observatory said today.

"The expansion or explosion of the star, similar in type to the sun, was announced yesterday by Dr. Max Wolf of Heidelberg University and confirmed by photographs taken at Harvard University. 'These actions,' Professor Frost said, 'are believed to be due to sudden trigger-like releases of interatomic energy, due very likely to the unbelievable heat of the sun's interiors. Temperatures inside the stars vary from 500,000,000 to 100,000,000 degrees, Fahrenheit. Illustrating energy contained in atoms, and what could be accomplished if it could be released and utilized, the professor said a glass of water contained enough energy to send the Mauretania across the Atlantic Ocean and back. Or it would send all the automobiles in the country from Chicago to New York and return.

"This energy, suddenly released, drives from the stars, the enervating gaseous cells which reach the planets in the wake of shriveling heat. The stars are not destroyed by expansion. The nucleus remains and in time acquires another gaseous shell," the professor said.

"The heat from an explosion of the sun would reach the earth in about eight minutes and would be followed by the deadly gases in 135 hours. Should the expansion be 1,000 times the sun's present size, the heat would make life on the earth impossible anywhere but at the poles, and not long there. Should the expansion be 30,000 times its size, as in Nova Aquila of 1918, destruction of life would be but a matter of a few minutes over the entire earth, which would be shrivelled up."

orderly conduct based upon his turning a flashlight on the "spook" at a spirit seance.

## FLASHES OF LIFE

(By The Associated Press.)

DENISON, Iowa.—They danced in Main Street when Clarence Chamberlin came home.

EAST MILTON, Mass.—A flag loaned by the American Legion, flies from a pole in front of the home of Lewis McHardy, Sacco lawyer, which was wrecked by a bomb.

ISLAY, Hebrides Islands.—Says an inscription on the grave of Sir Harry Lauder's wife: "To my sweetheart, darling wife, the sweetest flower that in the garden grew. As a memory you will never fade, you had all my love. Harry."

NEW YORK.—Whims of fashion seems to have caused the death of Philip Horwitz, manufacturer. Decreased demand for petticoats caused him to make silk underwear and he converted a losing business into a profitable one.

His estate has been appraised at \$160,000. Says an affidavit filed by himself to death in building up his business.

NEW YORK.—Folks who lose at poker in Florida must be poor. Recently, Michael J. Wolf lost \$600 to Max Thuna at Miami. City Court Justice Evans gave Thuna judgment, pointing out that "Florida does not choose to civilly penalize the game of poker." Such debts are not collectible under a New York statute if contracted in New York.

PHILADELPHIA.—The male figure is decidedly more decorative than the female, in the opinion of Dr. Thaddeus L. Bolton, psychologist of Temple university, and he suggests that beauty contests be extended to include males in order to promote real appreciation of the beauty of the human body.

HOT SPRINGS, S. D.—Girls in the Black Hills are anxious to dance with John Coolidge. One, two, three, four, five of them surrounded him on the porch of the country club and suggested that he come again when the attraction is an orchestra rather than the links.

New York.—Two young men put a ladder against the front of the building housing the New York society for the suppression of vice. One of them climbed up and did something. Then a crowd was attracted by a poster on the society's sign board depicting a chorus girl kicking a champagne glass held by a man in lofty headgear. "Friendly reminder" tipped off the papers in telegrams. Officials of the society arrived ahead of the photographers and had the poster removed.

ADAMS, Mass.—Missing three years, a homing pigeon has returned to the loft William Paesler owned when the bird was lost in a race.

MANFIELD, Mass.—Local townfolk are going to eat gooseberry pie tomorrow afternoon, as a treat from the people of Mansfield, England. The town clerk will call the population to the town hall for the formal ceremony of cutting the 20-pound pie.

CHICAGO, Ill.—John A. Oishaw was dismissed by a magistrate when arraigned on a charge of dis-

## NEW REMEDY FOR TUBERCULOSIS IS BEING GIVEN TEST

A great deal of discussion has been caused by the supposed tuberculosis cure discovered by Dr. Kirkpatrick of Portland. A recent test was made with cattle and the results of that test are now being checked by physicians. It would appear from the first reports that a very positive cure for tuberculosis has been found, and steps to secure definite proof are now being taken.

The purpose of the experiment was to find out, definitely and officially, whether or not a particular remedy, discovered by a veterinarian, Dr. George Kirkpatrick, of Portland, Oregon, really cures tuberculosis. Cattle were used, because cattle and human beings contract the disease in the same way, and it is equally fatal in both. Biologists say there is no specific difference between the human and bovine types of the tubercle bacillus. The microbe becomes bovine in a cow, and it assumes the human type in a man; the difference being caused by the environment. When either type finds a weak spot in the tissues of man, or cattle, the result is the same—tuberculosis.

Five months ago, there were two herds of condemned cattle in the stock yards here. From both herds, the health officers of Portland picked 20 that were known to be afflicted, then from these the ten worst cases were selected for the test. No doubt about them being tuberculous. They were regular reactors, skin and bones, and if they had not been saved for the purposes of the test, they would have been killed and tanked.

They were removed from the stockyards to a farm, but before the treatment could be started two died. Later on, a third one died, leaving seven to be treated. It was decided, however, to reserve two of the seven as "checks," in order that their condition might be compared with those that were placed under treatment.

The first dose was given to the five on the 25th of March, 1927. Thirty days thereafter, due to the fact that the two "checks" were becoming very decrepit, it was decided to include them in the treatment. The last dose to all seven was given August 1, 1927. So five were treated 130 days, and two only 100 days. Only the five that had the full treatment were included in the test.

## NOTICE TO CONTRACTORS

Highway Construction, Douglas County, Oregon.

Sealed bids will be received by the County Court of Douglas County, Oregon, at the court house in Roseburg, Oregon, at 10 o'clock a. m. on the 20 day of August, 1927, for construction work on a section of road between Pass Creek—Smith River No. C37. The work involves approximately 12 miles of grading.

No bid will be considered unless accompanied by cash, bidder's bond or certified check for an amount equal to at least five (5) per cent of the total amount of the bid.

A sufficient bond will be required for the faithful performance of the contract in a sum equal to one-half the total amount of the bid. Plans, specifications, forms of contract, proposal blanks, and full information for bidders may be obtained at the office of the county clerk or the county roadmaster, Court House, Roseburg, Oregon, upon the deposit of five dollars \$5.00.

The right is reserved to reject any item or all proposals, or to accept any separate item of the proposal or proposals deemed best for the county.

Ira B. Riddle, County Clerk of Douglas County.

to send the Mauretania across the Atlantic Ocean and back. Or it would send all the automobiles in the country from Chicago to New York and return.

"The heat from an explosion of the sun would reach the earth in about eight minutes and would be followed by the deadly gases in 135 hours.
