

Christian Church RALLY DAY

Sunday, October 2

Our Aim Is to Have 400 in Attendance And We Want You to Be One of That Number

BIBLE CLASSES FOR ALL AGES

Concert by Sutherlin City Band at 9:15 a. m.
Bible School Session Starting at 9:30 a. m.

GOOD MUSIC, GOOD PROGRAM, GOOD TIME FOR ALL

FLASHES OF LIFE

(Associated Press Leased Wire)

LOS ANGELES.—In the opinion of the county's woman judge, Georgia Bullock, \$50 a month is sufficient to maintain a child, since the charity authorities have fixed that sum for a grown man. The judge freed Cullen Laedie, screen actor, who was accused by his former wife of non-support. The court held that what he had provided was adequate for his two children.

NEW YORK.—You can't go to church Sunday morning by sitting at home, so far as WEAP and WJZ are concerned. These big radio stations have announced that church attendance was suffering by Sunday morning broadcasting. The Rev. Dr. Harry Emerson Fosdick is to broadcast every Sunday, beginning tomorrow but it will begin at 5:30 p. m., and will be from a studio.

CHICAGO.—Knitted pants for football? Sure, at the University of Chicago. Coach Stagg's Maroons had the knitted trousers ready for today's game against Oklahoma, and the coach believed they would serve much better than the more orthodox molesters. The knitted kind, which were accepted after successful tests last spring, are three pounds lighter.

NEW DEVICE MEASURES BILLIONTH OF INCH

(Associated Press Leased Wire)
NEW YORK.—When scientists begin delving into mysteries of magnetism, alloys, molecules and atoms they find it necessary, figuratively speaking, to throw old yardsticks away.
So P. P. Clouff, youthful scientist

that connected with the Bell Telephone laboratories, has developed a super-sensitive instrument, capable of measuring a billionth of an inch, because scientists had to have a new device to measure infinitesimal changes in length. How complicated his task was, is revealed by mathematicians who explain how incredibly small one-billionth of an inch really is. Such a distance, they explain, is so short that if it were possible to get paper equally thin, more than a million sheets, piled on top of each other, would be required to equal a piece of ordinary tissue paper in thickness.

The need for so refined an instrument arose from studies of magnetic materials. The development of permalloy, a mixture of iron and nickel, upset old theories of magnetism, for it displaced iron as the best material for magnetization. To carry out experiments with the alloy Clouff devised his instrument. It measures changes in length of a piece of wire about four inches long. The entire equipment had to be suspended on springs so that building vibration would not affect it.

DEMPSEY IS STILL POPULAR, NEW YORK

(Associated Press Leased Wire)

NEW YORK, Oct. 1.—Although he failed to regain the heights of pugilism, Jack Dempsey is as popular as ever in New York, the home of Champion Gene Tunney. Stepping into the arena at Madison Square Garden last night just before Tom Heeny of New Zealand, heavyweight, knocked out Jim Mahoney of Boston in the first round, Dempsey was given thundering applause by some 13,000 admirers.

Jack and his wife, Estelle, appeared at ringside as the principals of the main bout climbed to the platform. Mrs. Dempsey watched the bout from Tex Rickard's private box; Jack from a ringside seat.

The sudden finish of the bout came as a surprise to Dempsey and the crowd. Heeny landed a solid right hand jolt to the jaw, sending the Bostonian to the canvas to be counted out after one minute, 17 seconds of fighting.

MRS. COOLIDGE ANNOUNCES DATES SOCIAL FUNCTIONS

(Associated Press Leased Wire)
WASHINGTON, Oct. 1.—The social winter in Washington, only a little less formal here than in the royal courts abroad, is not far distant and capital society, with the White House occupying its time honored position as criterion, is now recovering from its summer lethargy under the stimulus of preparation for the new season.

Mrs. Coolidge, as the nation's official hostess, has stolen a march on capital matrons and is about ready to announce dates for the round of 1927-28 entertainments at the White House. She probably will make them public on Sunday, October 9.

President and Mrs. Coolidge have made few innovations in state entertainments. Not since the autumn of 1923 has the president's wife held a reception or given a tea to the members of the diplomatic corps and their wives, but instead Mrs. Coolidge has set the entire program for state functions as much forward as possible, giving not less than three of them—the cabinet dinner, diplomatic reception and diplomatic dinner before Christmas.

NOTICE TO WELL DRILLERS

School District No. 100, known as Rice Creek district, Dillard, will receive bids for drilling and casing well, or will talk it over with you. E. BRADFORD, Chairman of Board.

Around the County

CAMAS VALLEY NEWS NOTES

Wilfred Brown, Jr., went to Corvallis to attend college for the coming year. Esther Brown will attend school at Ashland.

Miss Eliza Church, who is teaching school near Myrtle Creek, spent the week-end here with her parents.

Mrs. Melinger received word a few days ago of the death of her brother's wife in Seattle. We extend our sincere sympathy to her.

Members of the W. C. T. U. held a special business meeting at Mrs. J. R. Russell's Wednesday afternoon. The next regular meeting will be held at Mrs. Ed Neely's Wednesday, October 12.

TROTSKY OUSTED FROM EXECUTIVE BODY OF SOVIET

Opposition to Controlling Group Causes Expulsion—Refused to Cease His Attacks.

(Associated Press Leased Wire)

MOSCOW, Oct. 1.—Leon Trotsky, once all-powerful war minister of the Soviets, has again felt the weight of discipline for his outspoken opposition to the Stalin and Bucharin group, controlling the communist party and the communist or third international.

Shorn of governmental posts and demoted in the Russian party for his attacks on the controlling group in the past, he has now been expelled from the executive body of the international together with M. Vuyovich, one of his chief aides.

The expulsion was unanimously voted by the presidium or controlling organism of the international, which as the name indicates, directs international communist activities.

Trotsky and Vuyovich, the resolution said, could no longer be allowed to serve on the executive body because of their violent struggle against the organization by means of underground printing plants, coupled with organizing illegal centers and inciting multi-rounder slanders against Soviet Russia abroad.

In view of the previous warnings given, the resolution said, to refrain further from disciplinary measures would be dangerous and impossible; it was necessary to counteract the "undermining activities of the oppositionist rebels" in order to preserve unity in the ranks.

BIDS WANTED

Bids will be received until October 8th for drilling a well in school district No. 100, Rice Creek. Bids must be by the foot for drilling and casing. The board reserves the right to reject any or all bids. ROY T. RICE, Clerk. Dillard, Oregon.

FINE PROGRAM GIVEN LAST NIGHT AT HIGH SCHOOL

The football hi-jinks at the senior high school last night was one of the most interesting programs to be seen and heard in Roseburg in recent years. The auditorium was well filled, the high school realizing sufficient funds from the ticket sale to more than make up the amount necessary to provide free admission for all high school students to the home football games, which was the object in arranging the entertainment. This will assure the team of the full support of the students at each contest, which should do much in bringing about victories.

The program started off last night with an act presented by the Umpqua Post American Legion drum corps. This was followed by a reading by Joyce Busenbark, after which the high school students presented a pantomime "Molodrammer," which gave the crowd a great deal of amusement.

Miss Maxine Starns, a local dancer, gave an exhibition of Terpsichorean acrobatics that made the exponents of the daily dozen turn green with envy. Miss Evelyn Quine then sang two solos, accompanied at the piano by Frances Lintott.

The Rotary Club presented Charles McElhinny, president of the club and a group of "Rotarletes," children of the club members, who entertained with read-

THIS WOMAN FOUND RELIEF

After Long Suffering by Taking Lydia E. Pinkham's Vegetable Compound

In a little town of the Middle West, was a discouraged woman. For four months she had been in such poor health that she could not stoop to put on her own shoes. Unable to do her work, unable to go out of doors, enjoy a friendly chat with her neighbors, life seemed dark indeed to Mrs. Daugherty.

Then one day, a booklet was left at her front door. Idly she turned the pages. Soon she was reading with quickened interest. The little booklet was filled with letters from women in conditions similar to hers who had found better health by taking Lydia E. Pinkham's Vegetable Compound.

"I began taking the Vegetable Compound," Mrs. Daugherty writes, "and after I took the third bottle, I found relief. I am on my eleventh bottle and I don't have that trouble any more, and feel like a different woman." I recommend the Vegetable Compound to everyone I see who has trouble like mine. I am willing to answer any letters from women asking about the Vegetable Compound.—Mrs. Ed. Daugherty, 1205 Orchard Ave., Muscatine, Iowa.

MOOSE

Big open meeting for Moose, their friends and the general public, Wednesday, Oct. 5th, 7:30 p. m. Program and refreshments.
JOHN E. FLURRY, Dict.

ing, piano and violin selections. Miss Vera McClintock, accompanied by Miss Marjorie Knight, sang two soprano solos.

The faculty follies, presented by the senior high school faculty, was the feature of the evening. The act was clever with music, dialogue and stunts. Miss Naomi Scott and company assisted with this act. Miss Maxine Moore was accompanist for all of the high school acts.

The program concluded with orchestra selections and a harmonica trio presented by the Kiwanis club.

OBITUARY

DAVIS—Elizabeth Crocker Lemmon was born in Beardston, Ill., July 27, 1839. Passed on to the here life at the home of her daughter, Mrs. Alfred Matthews of Glde, Oregon, September 27, 1927, after suffering for many months with complications incident to old age.

She was one of the early pioneer families who were in the vanguard march of civilization, having crossed the plains in a covered wagon with her parents, Mr. and Mrs. John Lemmon in 1845. This noble pioneer family settled at French Prairie, near Salem, where Elizabeth grew to young womanhood. She received her education in the Salem schools, having graduated from the school that is now known as the Willamette University. She taught school for a number of years in Marion county, Oregon. In 1861 she was converted and became a member of the Primitive Baptist church, she not only professed her religion but lived it in loving sacrificial service to others.

During 1862 she became the wife of Charles Hesketh Davis, and in them were born eight children, six of whom have passed on; Mrs. Gertrude Matthews, Glde, Oregon, and Mrs. Edith Dean, Grand Canon, Colo., remain. Her husband died July 12, 1888, at Wilbur, Ore. Mr. Davis was an Indian war veteran. For many years the Davis family made their home near Salem and moved into Southern Oregon in the early 80's.

Grandma Davis not only raised her own eight children, but was a mother to two other families that were left motherless until the helpless little ones were able to care for themselves. In one family there were five children and in the other three, thus making 16 children. These dear hands have tended "Topsy" as we pause for a little while to think of the wonders that have developed during this one life of service; how by the giving of such lives our fair state has developed let us say with the poet James Montgomery:

Rest thee rest, O rest!
Early journey now is done;
And pilgrims lose their load
At set of crimson sun.

Servant of God well done;
Rest from thy loved employ
The battle fought, the victory won,
Enter thy Master's joy." X X

BILLIARD CHAMPIONSHIP EXPECTED TO CHANGE HANDS TONIGHT

(Associated Press Leased Wire)
CHICAGO, Oct. 1.—Unless the unexpected happens the world's 152 ball billiard championship tonight will be returned to Eric Hagenaicher, the German masse artist. Despite a comparatively mediocre inning average of 33 10-30 Hagenaicher today led the present champion, Welker Cochrane of Hollywood, California, 1,000 to 708 at the end of their second 500 point block for the title. The third and final 500 point block will be played tonight and the champion would have to play sensational billiards to overcome the lead of 282 points.

FRAMED PICTURES AT ON SALE AT 1 PRICE

Ten day sale of all our framed pictures at a regular price. Big range of subjects and sizes. "Lone Wolf," "Spring Song," "Appeal to Great Spirit," "End of Trail," "Old Mill," etc., including garden pictures of meadows and scenes. REV. REXROAD TO HOLD SERVICE HERE SUNDAY

Rev. C. A. Rexroad, a former resident of this city and pastor of the M. E. church south 19 years ago, accompanied by Mrs. Rexroad, their daughter and youngest son, arrived here yesterday from Spokane. Rev. Rexroad is on his way to San Francisco, where he will take charge of the Fitzgerald Memorial church in the heart of the city.

Rev. Rexroad at the time he was pastor of the Roseburg church was also principal of the old Lane school. With his family he later moved to Spokane for five years being pastor of the Corbin Park church there. He was overseas for ten and a half months and was in the service during the world war for one and a half years. He was cited on two occasions on the battlefield for promotion and conduct and received the Belgium Croix de Guerre. Rev. Rexroad will conduct a service at the M. E. church south on Sunday evening and all friends and members of the church are invited to attend.

Following a brief stay here Rev. Rexroad and his family will go to Myrtle Creek to spend a week with relatives. While in Roseburg they are guests of his mother and sister, Mrs. Rexroad and Mrs. Belle Crenshaw.
