RIGHT OF DOCTOR LET PATIENT DIE

(Associated Press Leased Wire)

SHEFFIELD, England, Nov. 21.—The right of a doctor to let a suffering patient die rather than to seek to prolong the patient's life has been asserted by Dr. A. T. Simpson at an inquest here.

The death of John Robinson, whom Dr. Simpson had been treating for dropsy and heart disease, was under investigation.

On the day of the patient's death, the doctor found that Robinson had taken poison and in view of the great pain Robinson had suffered in the past and would suffer in the future if he lived, Dr. Simpson decided to make no attempt to counteract the effects of the poison.

"I thought the best thing was to let him die," he told the coroner. "It was impossible to remove the poison from his stomach and, had it been otherwise I would hesitate to restore him as life would have been only misery."

Fencing. Copper bearing, open hearth steel, galvannealed rust resisting wire gives Red Strand fencing two or three times longer life 9-39 Square Deal or hinge joint, 35c per rod at Stearns & Chenoweth, Oakland, Ore.

PLAN A CAMPAIGN IN BEHALF LOWDEN

(Associated Press Leased Wire)

INDIANAPOLIS, Ind., Nov. 21.—A state wide campaign in an effort to gain the Indiana preferential vote for former Governor Frank O. Lowden of Illinois, in the state primary next May will be conducted by Lowden supporters in Indiana, it was announced last night by State Senator Alonzo H. Lindley of Kingman.

Senator Lindley said he was authorized by Illinois friends of Lowden to announce that the former governor will be a candidate in the Indiana primary next May for the Republican presidential preference vote of the state.

"I am authorized to make this statement after consultation with his (Lowden's) Illinois friends who are looking after political matters in his interest," Senator Lindley said. "These friends, under the leadership of Clarence F. Buck, are preparing to carry on a vigorous campaign in behalf of Governor Lowden."

Mr. Buck is a former state senator of Illinois.

A conference of Indiana Lowden supporters will be held in Indianapolis during the week of November 28, Lindley said.

The Lowden announcement is the first move to gain the presidential preferences in Indiana. Senator James E. Watson of Indiana has been campaigning for an uninstructed delegation to the next Republican national convention but friends of the senator when informed of the Lowden movement, said that Senator Watson will probably file for the state presidential vote.

MYRTLE CREEK MAN CATCHES COYOTE WITH HIS HANDS

C. G. Fulton, secretary of the local prune pool association, can doubtlessly qualify as the champion coyote catcher of the community. Ross Weaver's hounds ran a young coyote off the mountain west of town on Thursday and brought it to bay in the river in the vicinity of the Bullack prune orchard. Mr. Fulton waded into the battle between dog and wolf and at the expense of a slight snap on his hand by the fighting coyote grabbed the varmint by the back of the neck, and after submerging it in the water until it lost some of its fighting spirit, carried for more than a mile and delivered it at the blacksmith shop in town where it was put in a box for safe keeping.

Later in the day the animal was taken out to the Weaver farm and released, in order to give some young dogs a bit of practical experience in coyote chasing, but a pot-licking shepherd made a rush for the varmint the moment it was set free and put it out of the running before the hound pups had time to tune in on the chase.—Myrtle Creek Mail.

ANNUAL NEWSPAPER CONFERENCE TO BE HELD FEBRUARY 9-11

UNIVERSITY OF OREGON, Eugene, Nov. 21.—(Special)—February 9, 10 and 11 have been definitely set for the annual state Newspaper Conference to be held at the School of Journalism at the University it is announced by Ralph R. Cronise, of Albany, president. The change was made from the tentative dates in January at the request of the executive committee of the State Editorial association, following a recent meeting. Reasons for the change are that the executive committee has important matters that will come to a head by February, and also that R. W. Sawyer, publisher of the Bend Bulletin, will be in Oregon from an extended trip East in February. He is president of the State Editorial association.

The program committee, recently appointed, is already at work and the most extensive and interesting session in the history of the conference is already guaranteed by the members. Members of the committee are Sheldon Sackett, McMinnville Telephone-Register; L. D. Felsheim, Bandon Western World; Don Wilson, Benton County Courier, Corvallis; Walter W. R. May, The Oregonian, Portland; Merle Chessman, Astoria Budget; Eric W. Allen, School of Journalism, chairman; Hal E. Hoss, and Mr. Cronise, ex-officio members.

One of the most important matters that will be brought up will be the proposal that a field agent be employed by the editors and publishers of the state in conjunction with the School of Journalism. The duties of such a position, and the question of what type of man is wanted to fill it, will be taken up at this time.

Other topics relating to all branches of publishing and editing will be discussed under the leadership of experts. The usual meetings of the press associations, and the annual banquet will of course, be important features of the conference. There will be a special section for the publishers of daily papers.
